What Our Customers Are Saying

Verbit was the only solution that met our stringent accuracy requirement of 99.9%. They worked with us to create customized formatting, which helped make our processes more efficient and scalable.

Michael Thompson, President,
Thompson Court Reporters

We chose Verbit because of the superior accuracy, turnaround time and cost they offered. It's been a definite game-changer for us.

George H. Michaels, Executive Director, Instructional Development & Interim Assistant Dean, Letters & Science IT, UCSB

The live speech-to-text solution has been a lifesaver in the classroom for our hard of hearing students. The web-based scheduling tool is easy to use, both to request and cancel services.

Valerie Sturm, Coordinator of Services for the Deaf and Hard of Hearing, Brigham Young University-Idaho

WHAT'S NEXT?

A fragmented market with no definite leader

Opportunity to become –

A category leader in a multi-billion dollar market

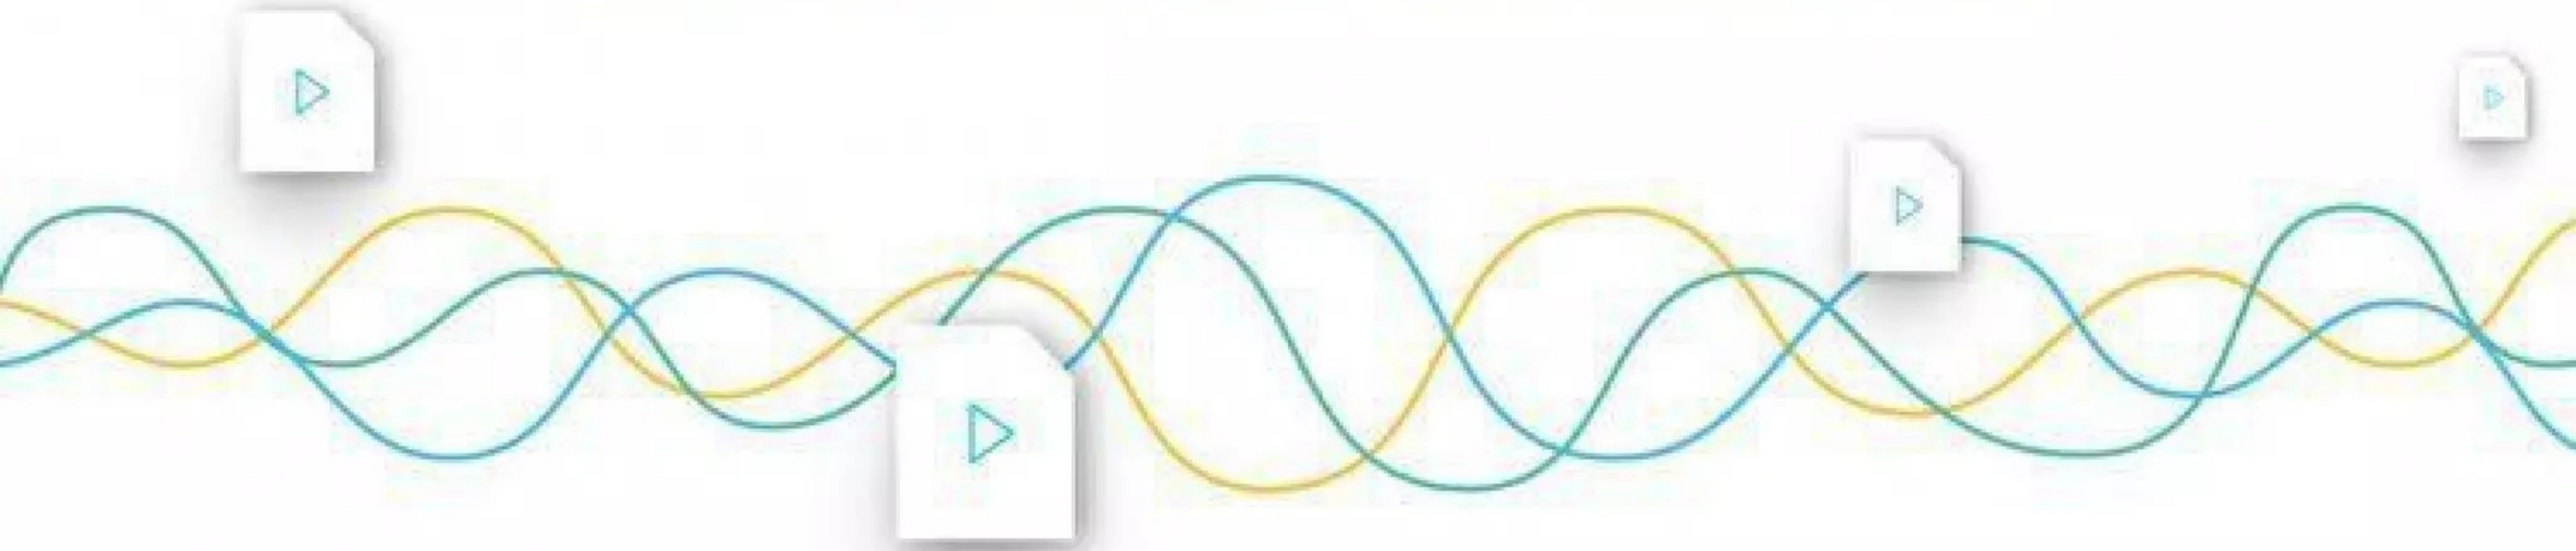

Combination of industry-leading AI & human expertise

Opportunity to create –

Unique positioning for Verbit in the transcription market

Our Vision

We help organizations maximize the potential of their audio and video files by making the information within searchable, accessible and actionable.
