Christina - I just checked the calls CPD is on online and there's nothing in our neighborhood currently. Can you provide more details so we can nail it down and get CPD there?

Heard a loud bang.... Maybe like a door being kicked in? Not quite sure but a few seconds later the dogs in our block all started barking like crazy. Anyone see anything? Or hear that loud slam/bang? It sounded like it was in the alley behind 12th/13th streets between beech and willow
