NDR YoY
(2019 YTD)

Annual Recurring Revenue (ARR): Due to seasonality and our revenue model, ARR is defined as expected next twelve months' revenue from existing live customers.

Same Store Sales (SSS): YoY growth of existing live customers versus results from same existing live customers in prior period.

Net Dollar Retention (NDR): Recurrent revenue growth rate from existing customers, net of gross churn ARR Churn Rate: Annual gross churn rate in revenue.

VTEX

Geraldo Thomaz

co-CEO and co-founder.

Graduated in Mechanical Engineering at Universidade Federal do Rio de Janeiro (UFRJ), Geraldo developed the VTEX platform under the SaaS (Software as a Service) model, providing systems, servers, security, and infrastructure for enterprise-level companies. He currently leads the Research & Development team in the Rio de Janeiro office.

Mariano Gomide

co-CEO and co-founder.

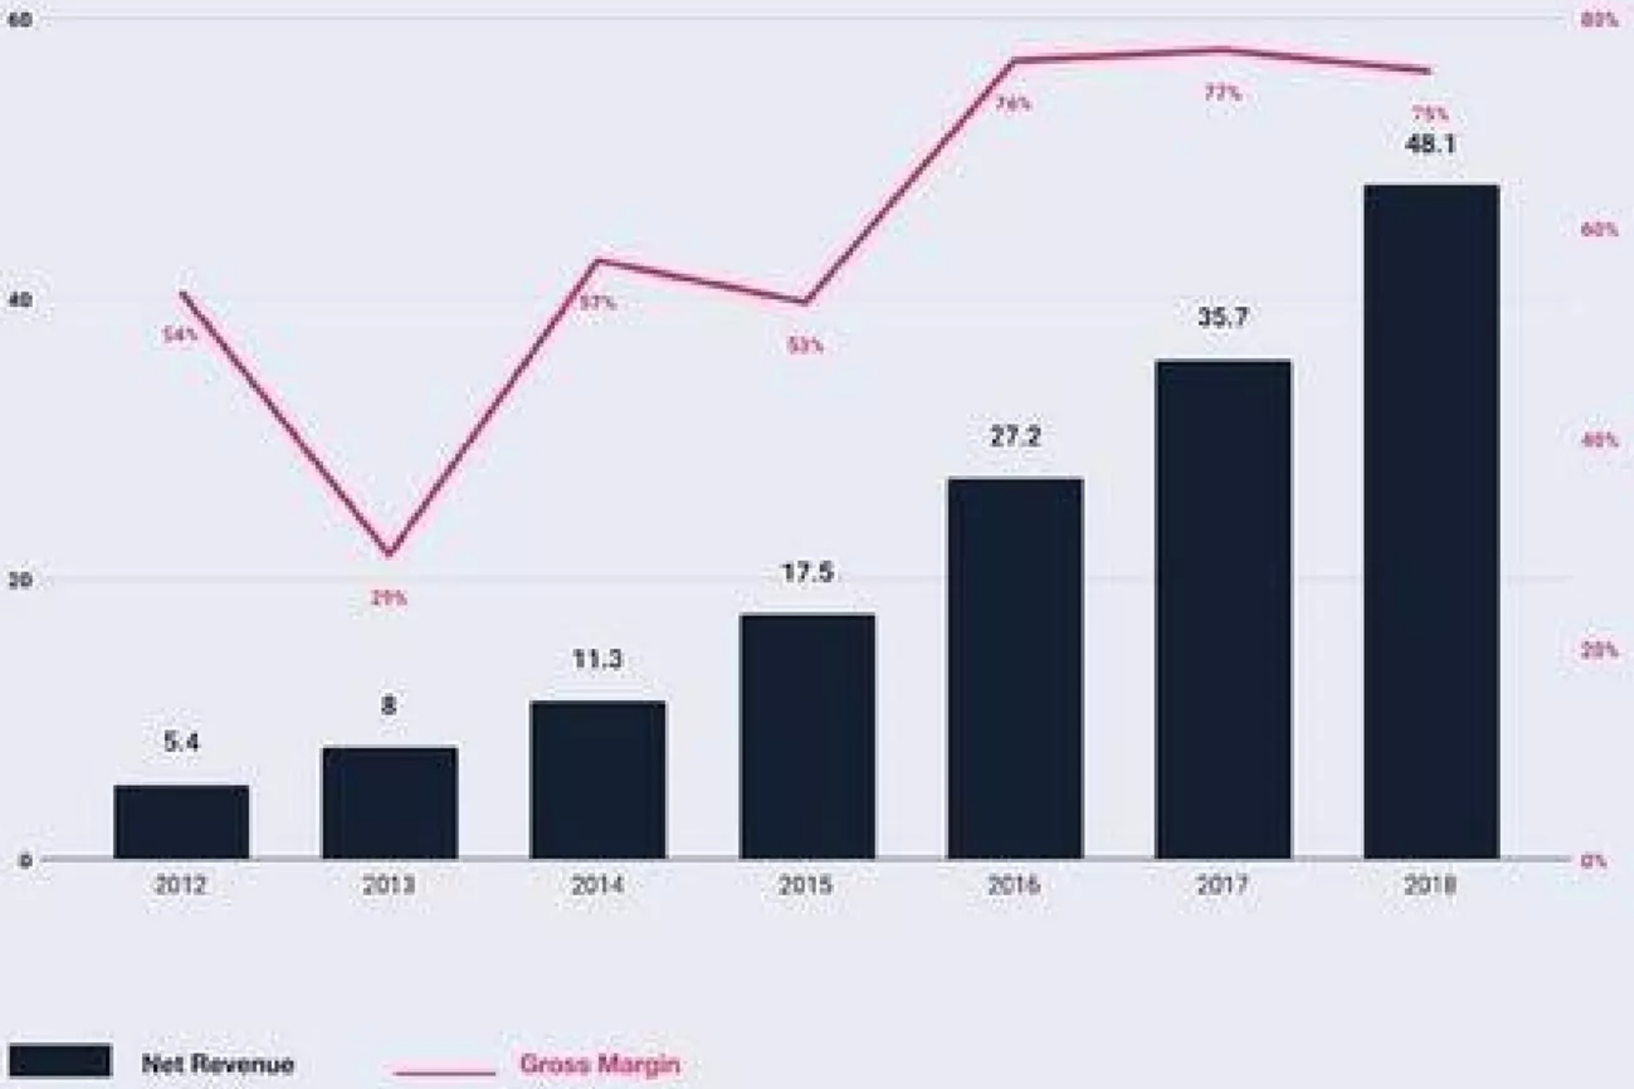

Graduated in Mechanical Engineering at Universidade Federal do Rio de Janeiro (UFRJ), Mariano currently leads VTEX's Sales and Marketing teams, overseeing the UK and Asia markets. He is a teacher and lecturer for events like eCommerce Day, Internet Retailer, eShow, and UNCTAD eCommerce Week. He's also a counselor at business4etrade.org, an organization which promotes e-commerce on a global scale.

VTEX

Capital efficiency

A comprehensive one-stop shop solution for enterprise businesses.

VTEX

Threshold	**$52MM ARR***
Years required	**09**
Total Capital Consumed	**00**
Total capital raised	**$7MM**

source: KeyBank Capital Markets and VTEX *ARR 2018

pdfelement

VTEX

CAPITAL EFFICIENCY

Time and investment required to reach selected ARR thresholds:

Threshold	Median for Participants	
	Years Required	Total Capital Consumed (MM) (1)
$5MM ARR	4	$7.9
$10MM ARR	5	$12.3
$25MM ARR	7	$23.7
$50MM ARR	9	$41.0

We phrased our survey questions differently this year from years past, requesting true dollars consumed, rather than primary equity capital raised.
(1) Capital consumed defined as total cumulative primary equity raised plus debt drawn minus cash on the balance sheet (adjusted for dividends / distributions).
Responses: 2Q: $5MM ARR Threshold: NR; $10MM ARR Threshold: 14%; $25MM ARR Threshold: 62; $50MM ARR Threshold: 24
