RS DME Fund vs. Other Platforms for Alternative Investment

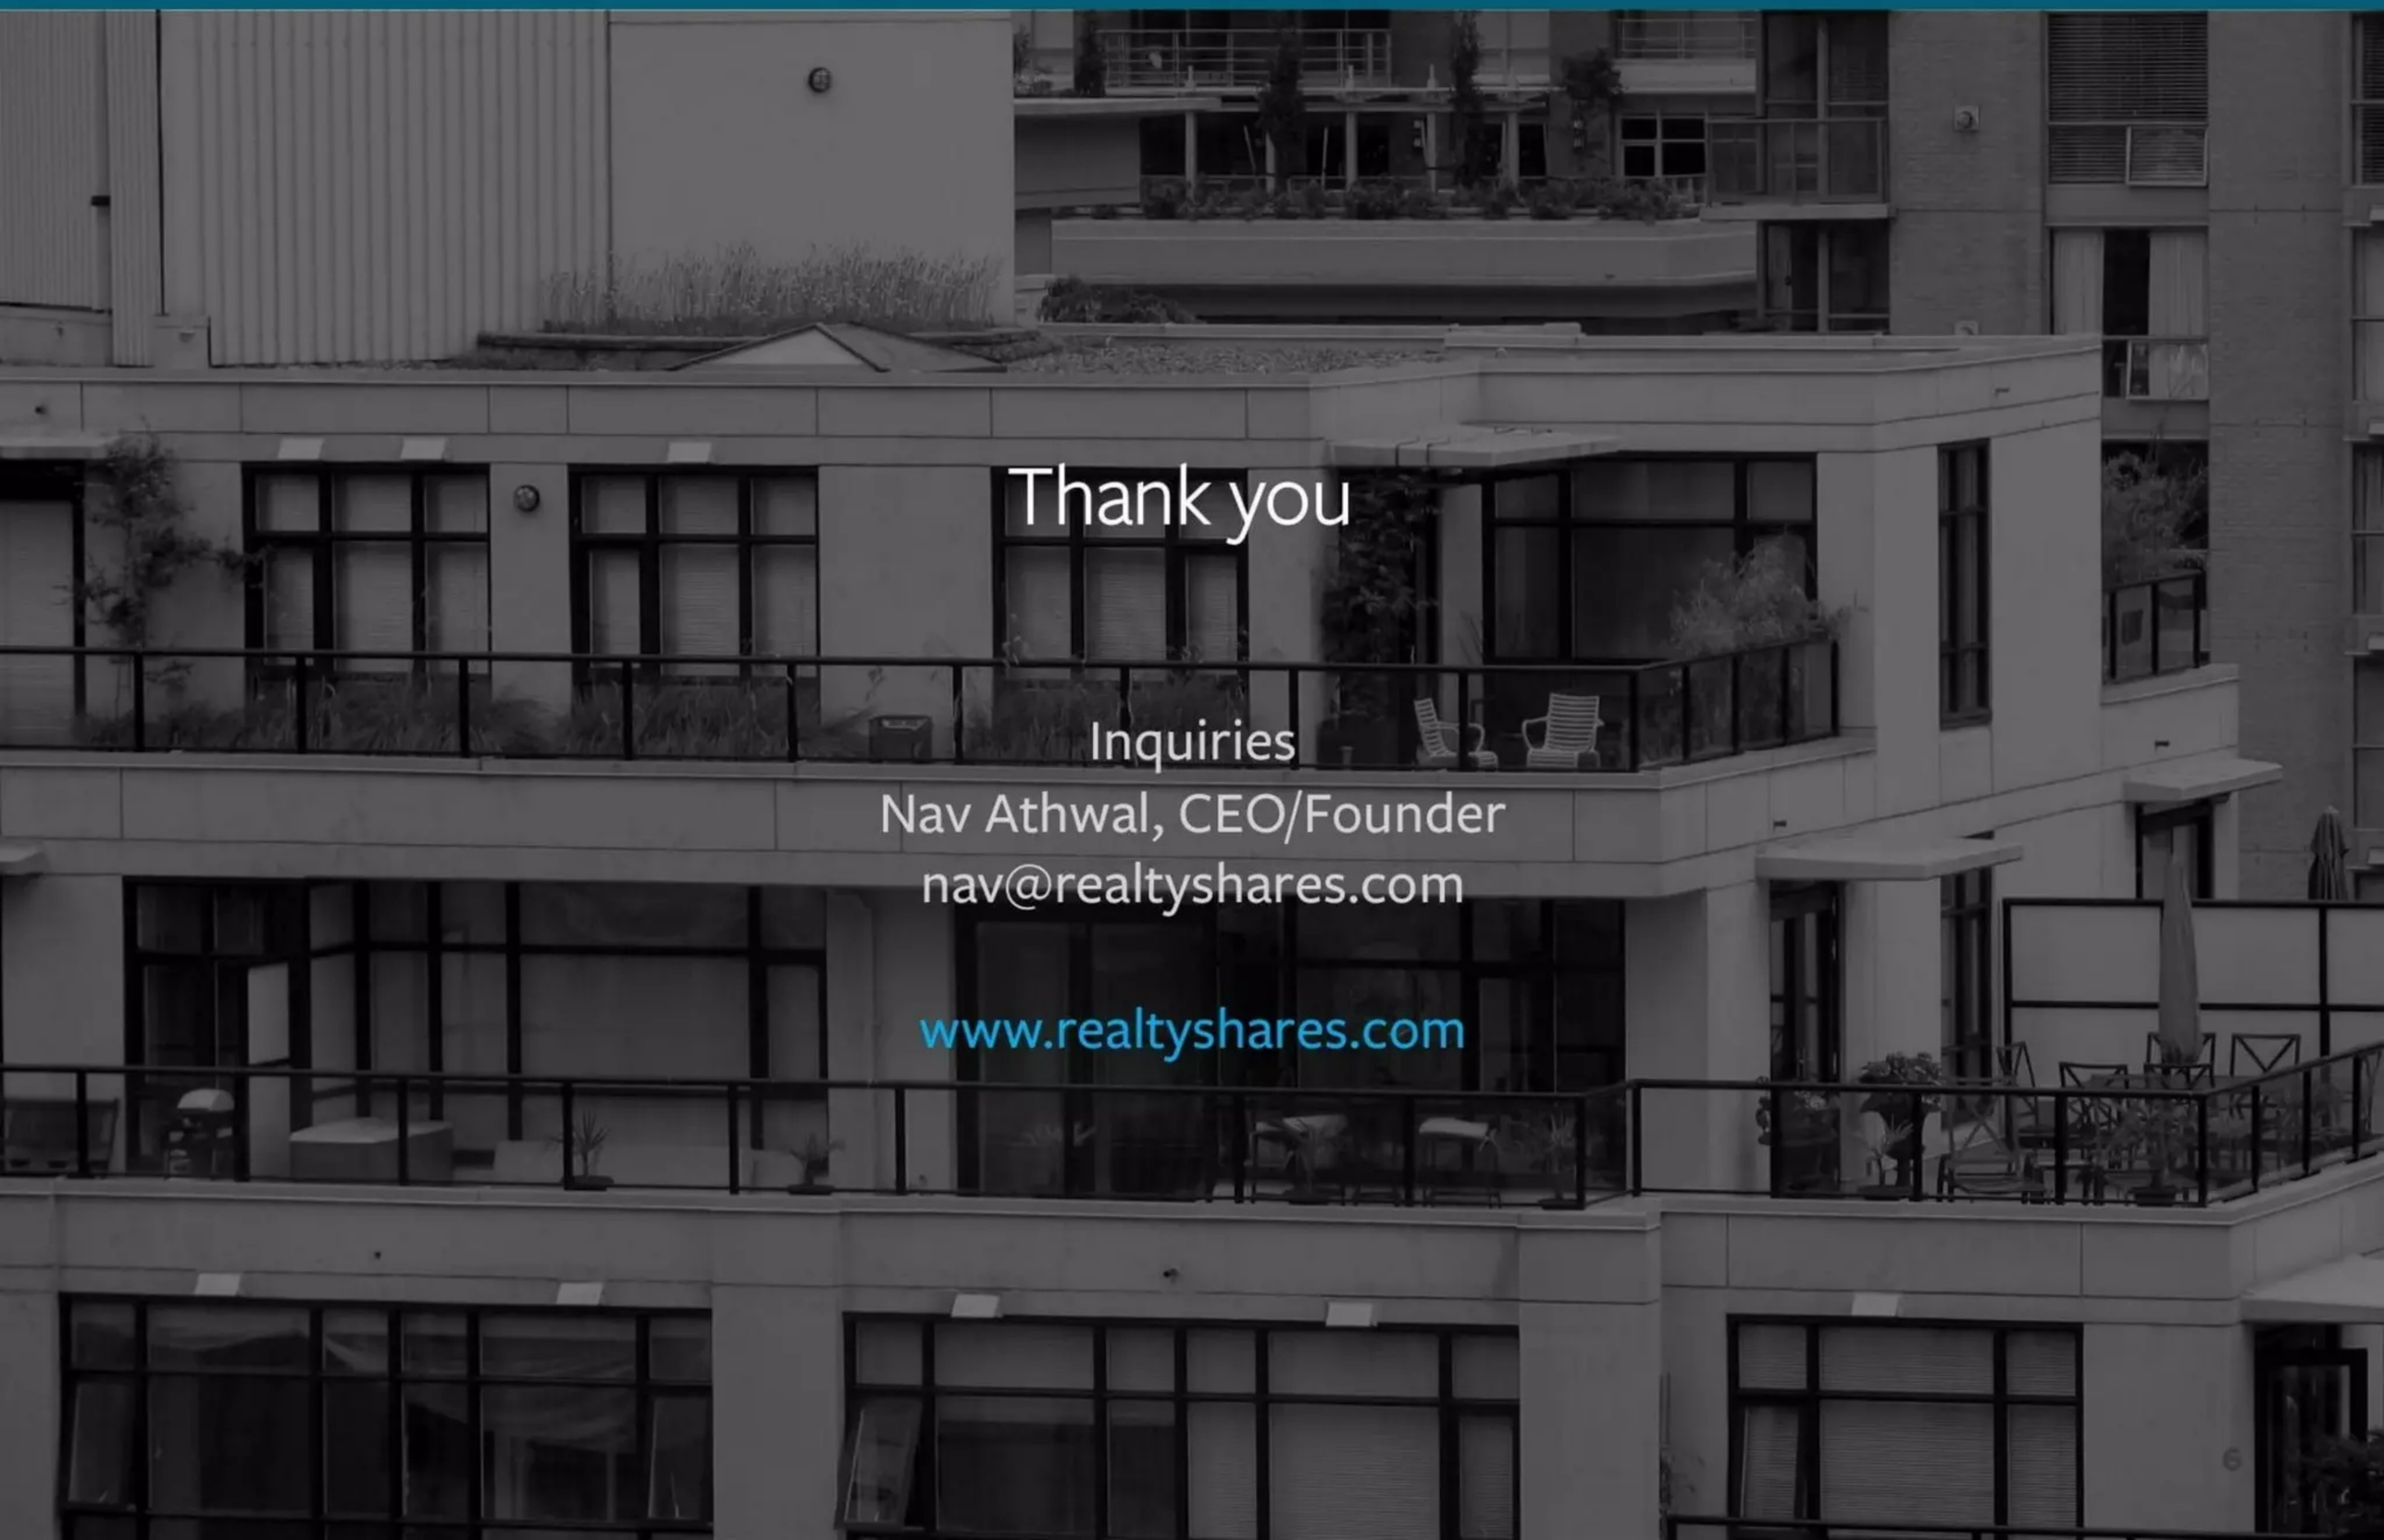

RS DME Fund is structured as a low fee, low public market correlation, equity vehicle, diversified across markets, sponsors, as well as strategies, and leveraging attractive characteristics of both public and private equity

	Fee Load[1]	Diversification	Market Correlation	Capital Efficiency	Alpha Potential
	Low fee, no promote, low fund expenses	Diversified deals, sponsors, strategies and geographies	Low correlation to equity market fluctuations	Ability to commit larger investment amounts quickly and efficiently	Less efficient pricing and asymmetric information provides opportunity
RS DME Fund					
Private Equity Fund					
Public REIT					
Non-traded REIT					
Direct Investment					

(1) Possible sponsor fees or sponsor promoted interest/carried interest may exist. RealtyShares will continue to receive its customary cost reimbursement fee of 2.5-3% of funds raised.
