Restream

The ultimate live streaming ecosystem

© 2020 Restream, Inc. Private and Confidential

The Restream Declaration

1. Restream is the most popular cross-platform live streaming solution for content creators.
2. Our live streaming tools help content creators increase, analyze, engage, and monetize their audience.
3. Our customers include professional and amateur gamers, Fortune 500 companies, politicians and celebrities.
4. We're creating the ultimate ecosystem for the $100 billion live streaming market.

Problem

When it comes to live streaming, content creators and organizations don't know where to begin…

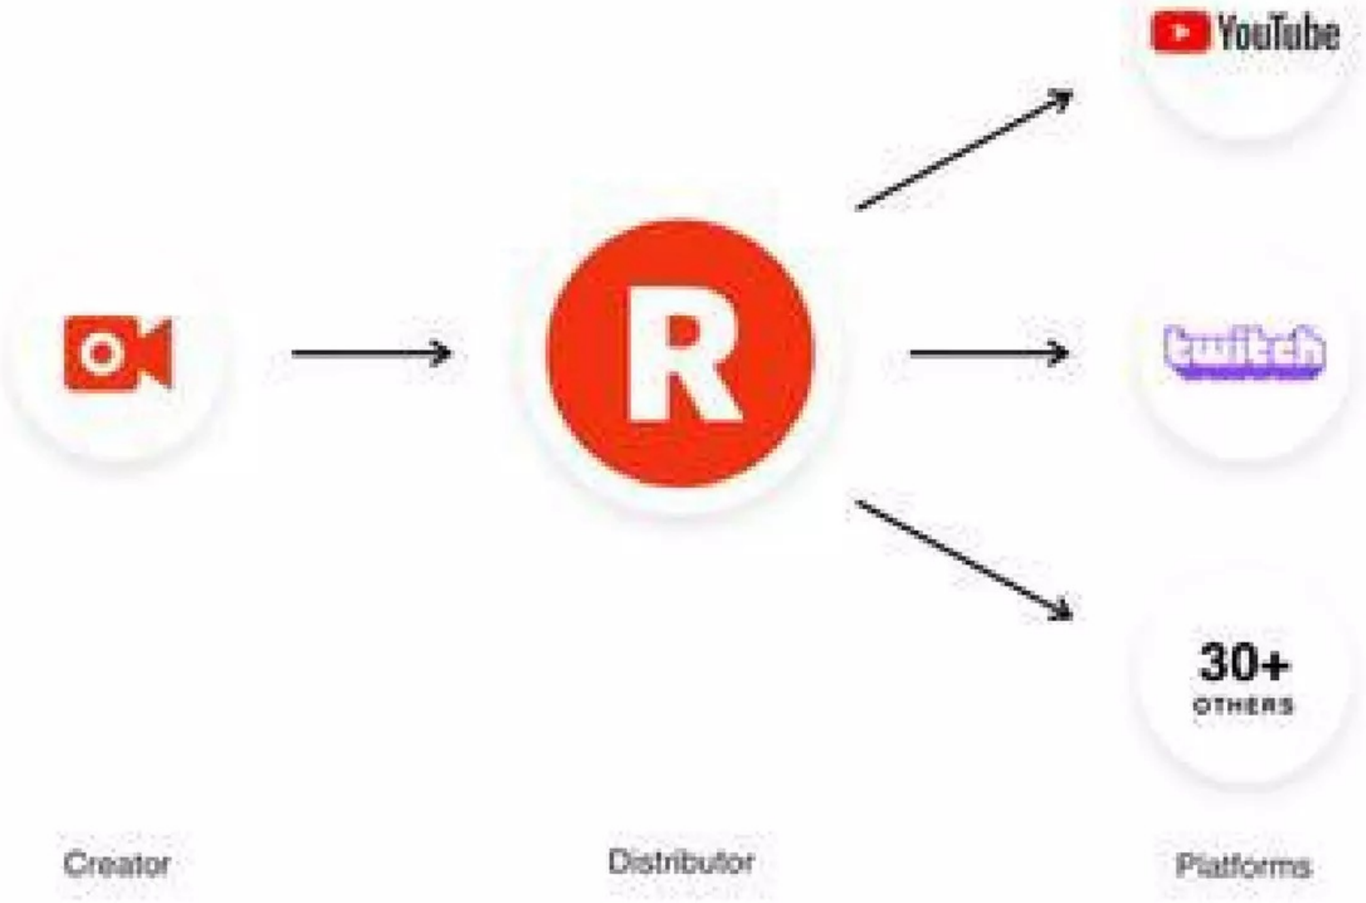

- Am I streaming to the right platforms?
- Am I growing my audience?
- How do I engage my audience?
- How do I analyze audience demographics and behavior?
- How do I monetize my streams?
- How do I grow awareness of my brand?

Restream

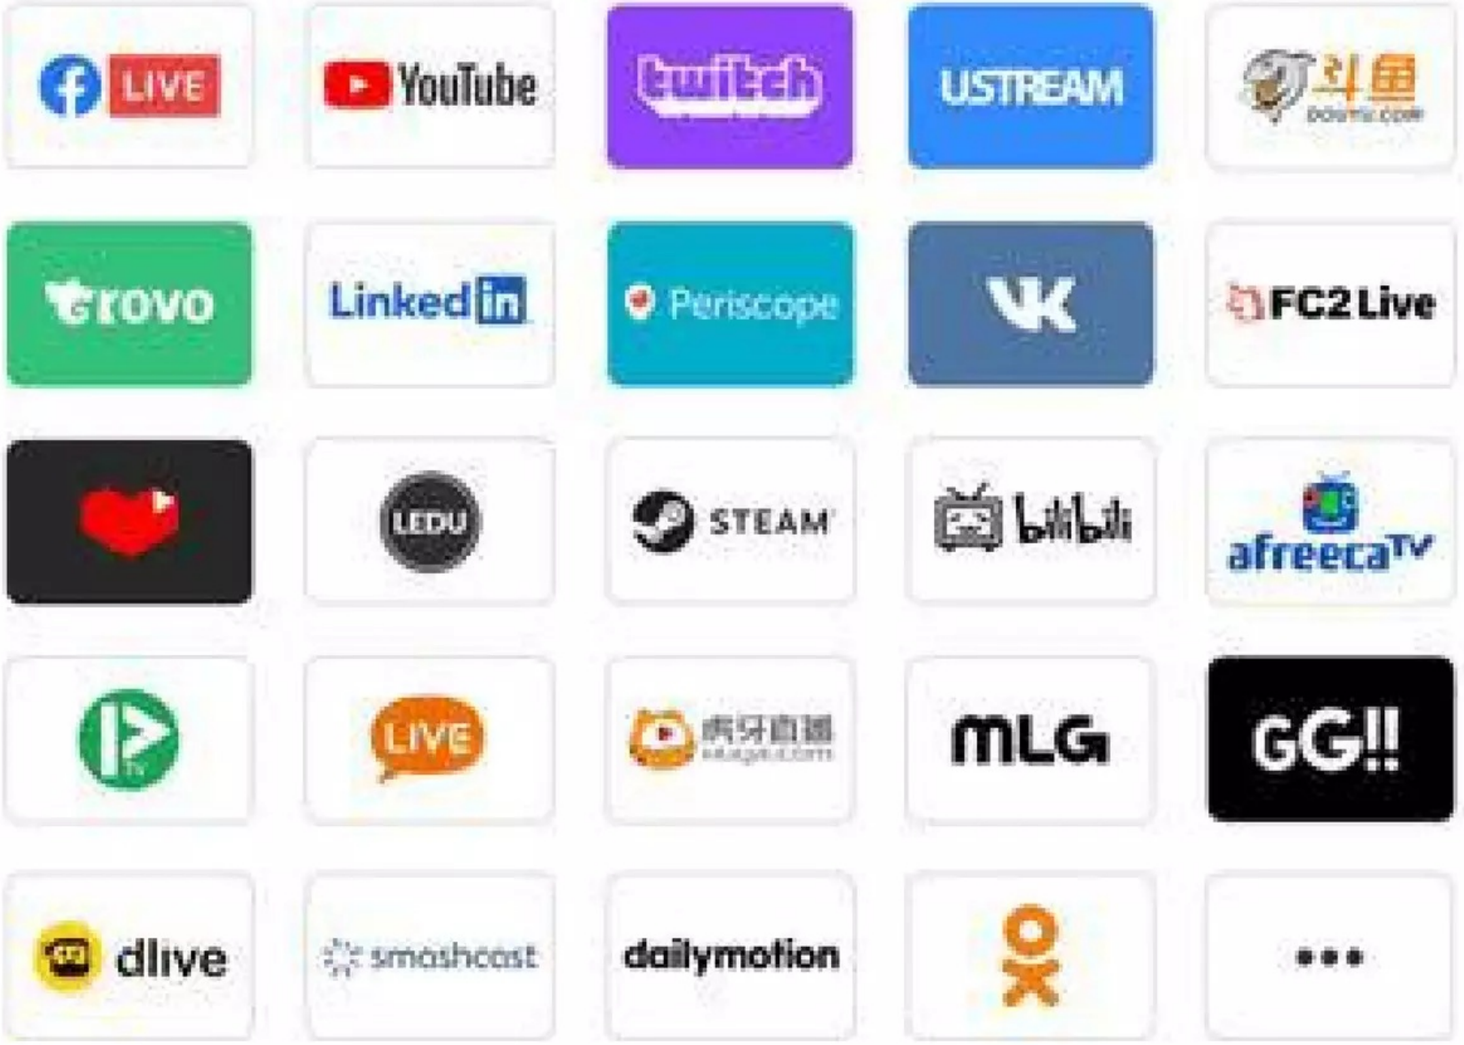

Enables users to manage their audience & simultaneous stream across 30+ platforms.

Save up to 5X on your streaming costs.
Reach 3X more viewers on average

We support 30+ Platforms

Including local platforms in India, China, South Korea, Japan, Russia, and more.

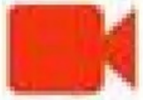

Restream Tools

Multistreaming

Broadcast to multiple platforms simultaneously.

Studio

Go live from your browser & invite guests to join your broadcast.

Chat

Aggregate real-time chat across multiple platforms.

Analytics

Analyze user demographics, behavior, and trends.

Monitor

Monitor resolution, frame-rate and audio quality per platform.

Scheduler

Schedule and broadcast pre-recorded videos live.
