

Sable

Digital banking for internationals in the U.S.

“Sable is a digital banking platform that helps new-to-America internationals easily access financial products and build their credit history from day one.”

Sable went LIVE with credit cards and checking accounts in just 3 months

We were able to do this because our team has launched 14 banking products before

It is nearly impossible for internationals to get a checking and credit account on day 1 in the U.S.

Checking accounts

- ⚠ Only offline without SSN
- ⚠ Slow card delivery

Application process

- ⚠ Extra paperwork
- ⚠ Multiple branch visits

Credit cards

- ⚠ Lack of credit score
- ⚠ Low limits and rewards

With Sable internationals just need a phone and a passport
