

SMARTLANE

SMARTLANE
TRANSPORT INTELLIGENCE
AI-Based Transport Optimization

OUR MISSION

Our mission is to empower freight forwarders to transport goods as efficient and sustainable as possible by our AI-based technology for automated dispatching.

STATUS QUO IN TRANSPORT LOGISTICS

LOGISTIC COMPANIES ARE FACING SUBSTANTIAL PROCESS & STRUCTURAL CHALLENGES

STRUCTURAL CHALLENGES

Huge shipment growth

Amazon sets high expectations

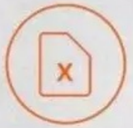

Digitalization as a survival factor

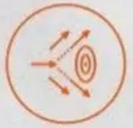

PROCESS CHALLENGES

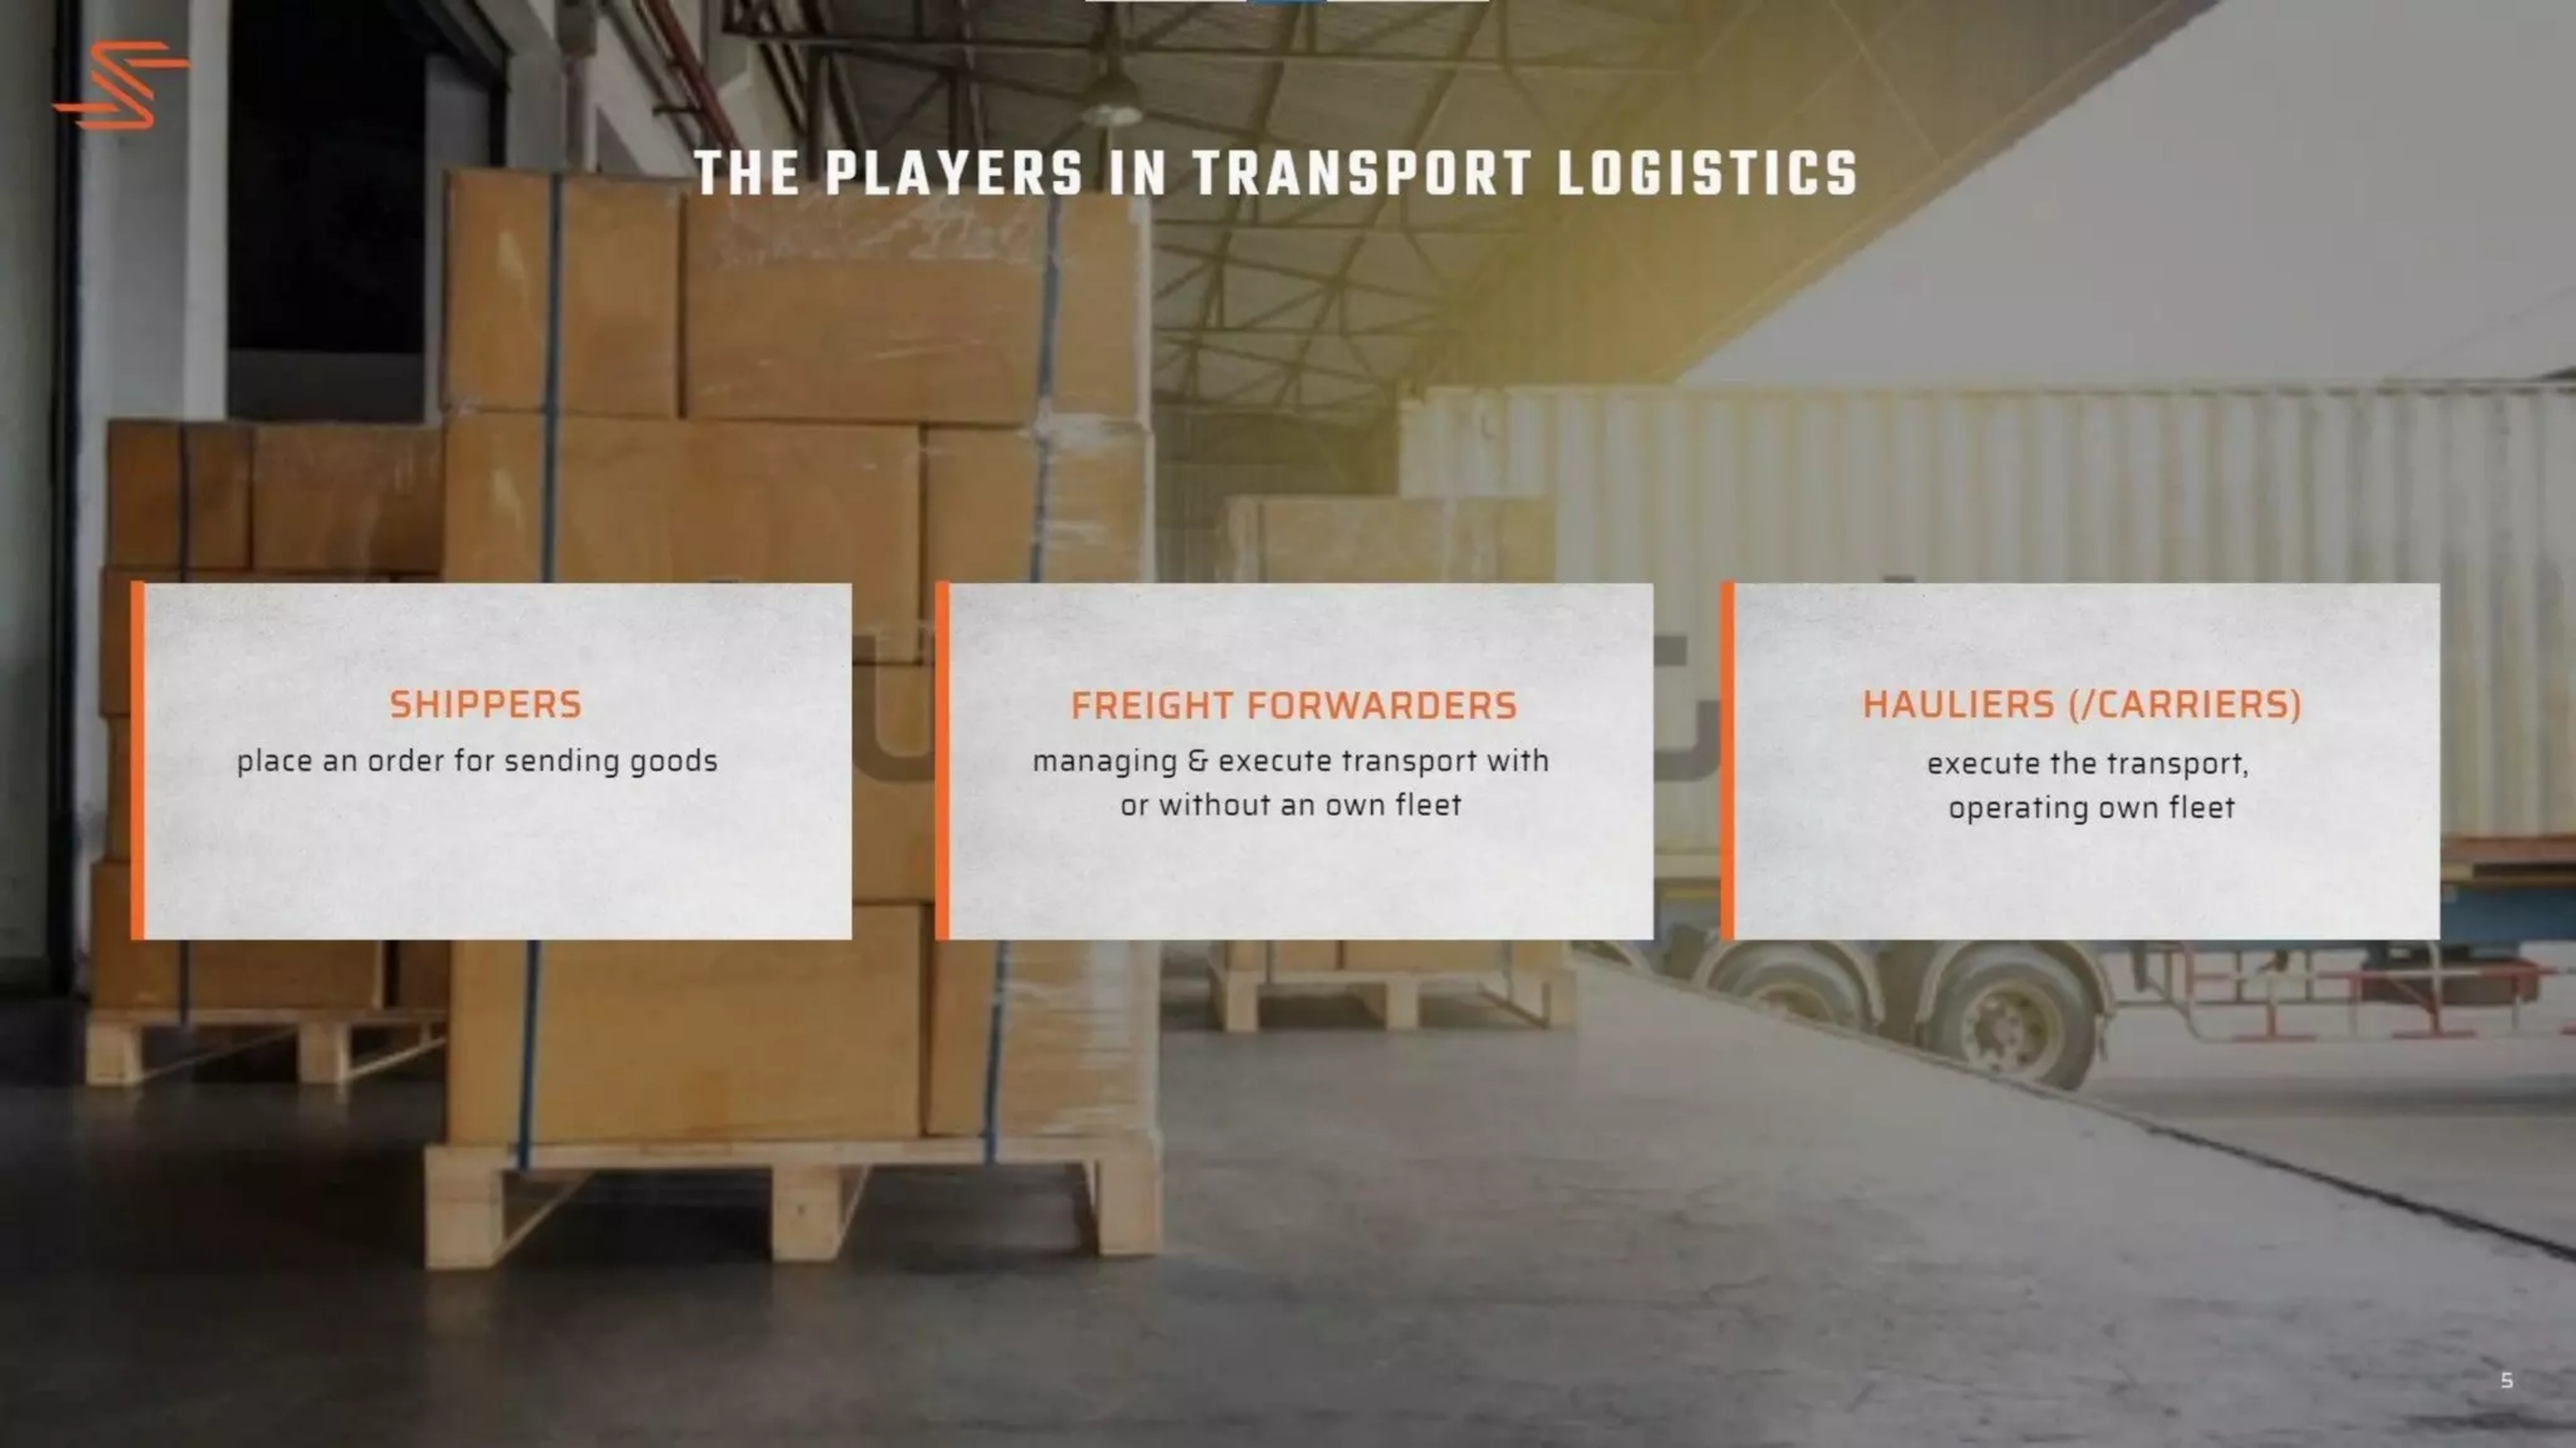

Reliant on skilled workers for planning

Error prone manual, heuristic-based planning process

Hundreds of constraints in planning process

THE PLAYERS IN TRANSPORT LOGISTICS

SHIPPERS

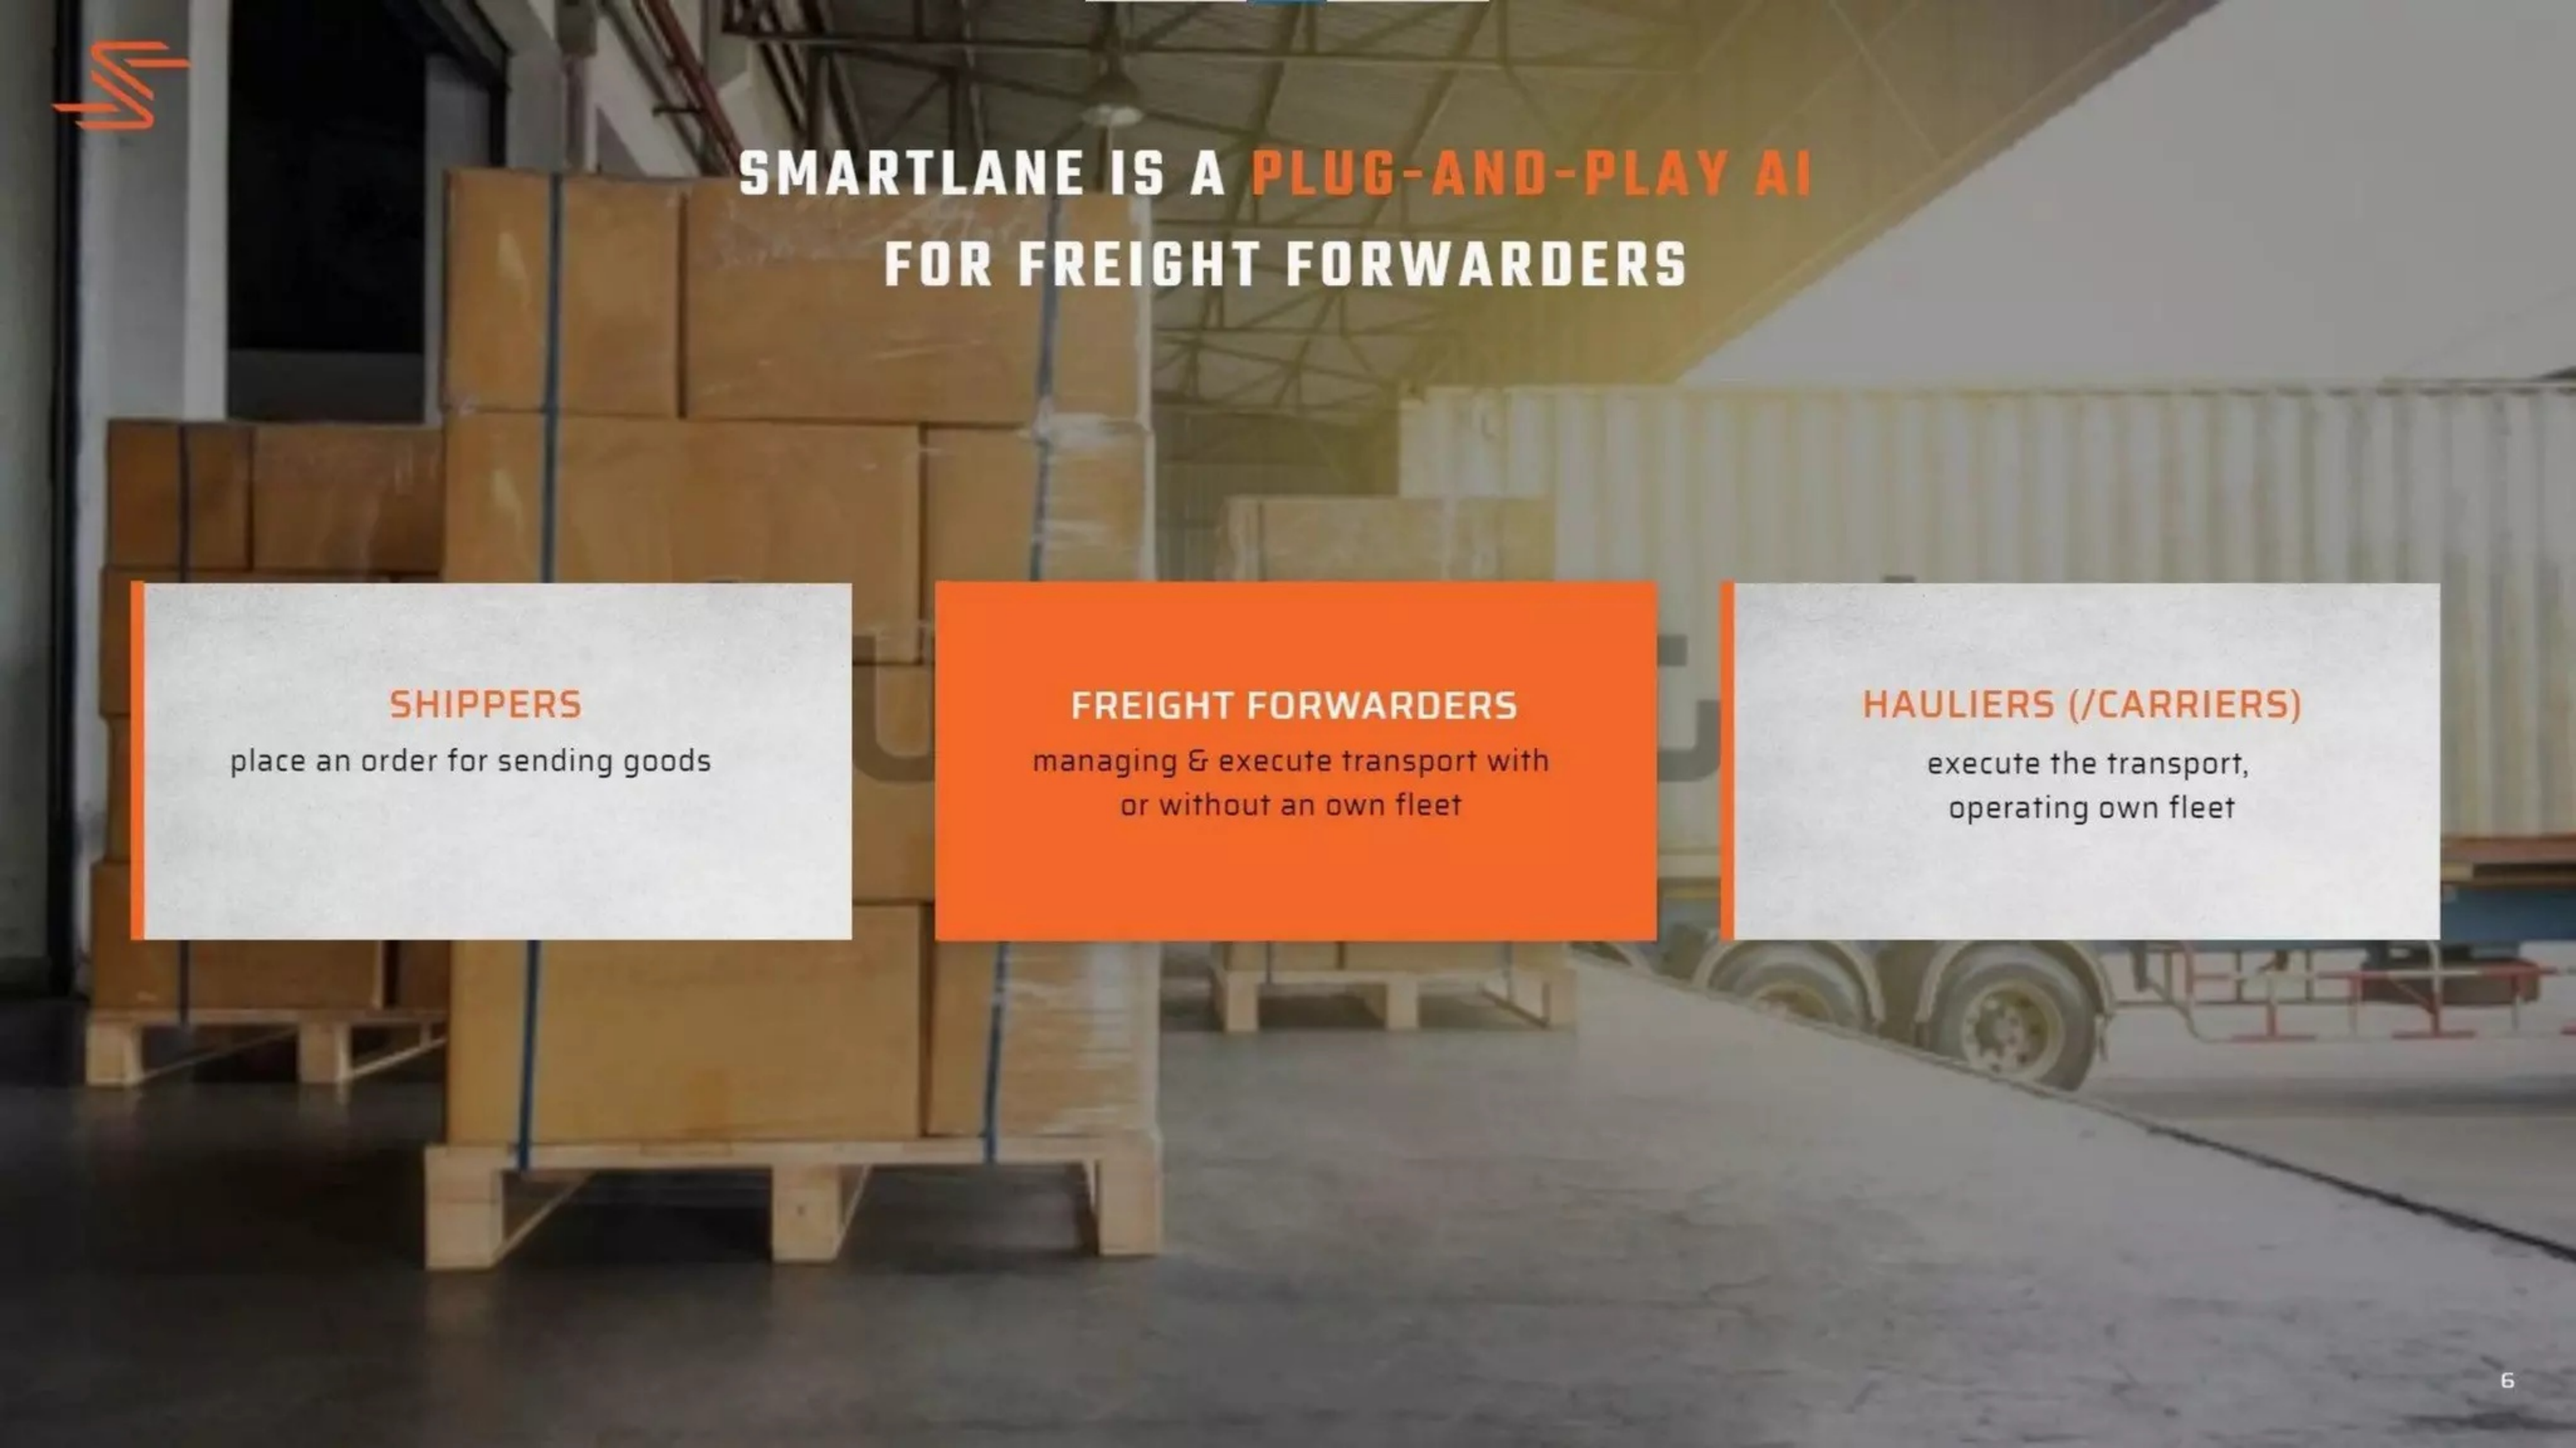

place an order for sending goods

FREIGHT FORWARDERS

managing & execute transport with or without an own fleet

HAULIERS (/CARRIERS)

execute the transport, operating own fleet

SMARTLANE IS A PLUG-AND-PLAY AI FOR FREIGHT FORWARDERS

SHIPPERS

place an order for sending goods

FREIGHT FORWARDERS

managing & execute transport with or without an own fleet

HAULIERS (/CARRIERS)

execute the transport, operating own fleet

LTL FREIGHT FORWARDERS HAVE THE BIGGEST OPTIMIZATION POTENTIAL

SHIPPERS
place an order for sending goods

FREIGHT FORWARDERS
managing & execute transport with or without an own fleet

HAULIERS (/CARRIERS)
execute the transport, operating own fleet

LTL
LESS THAN TRUCKLOAD

VS.

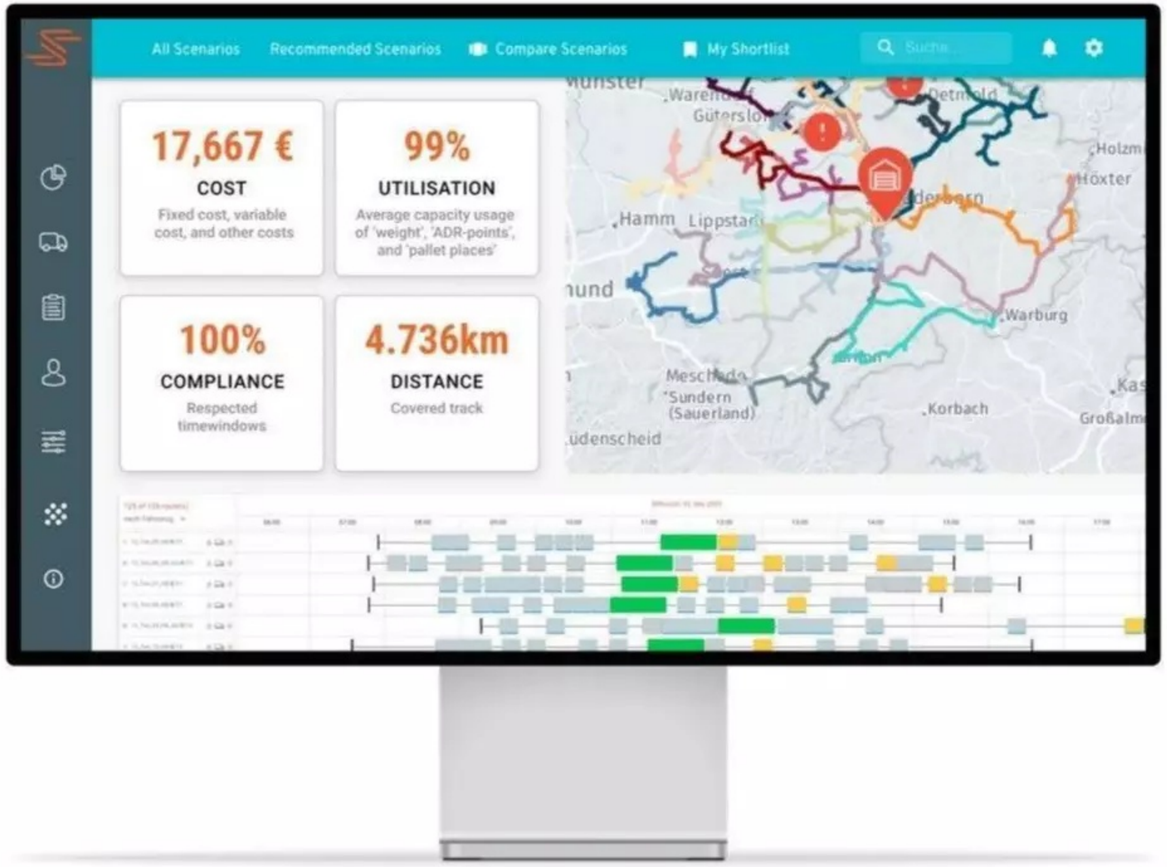

FTL
FULL TRUCKLOAD

SMARTLANE TRANSPORT INTELLIGENCE

THE FIRST SELF-LEARNING CLOUD-BASED SOFTWARE TO FULLY AUTOMATE PLANNING PROCESS FOR FREIGHT FORWARDERS

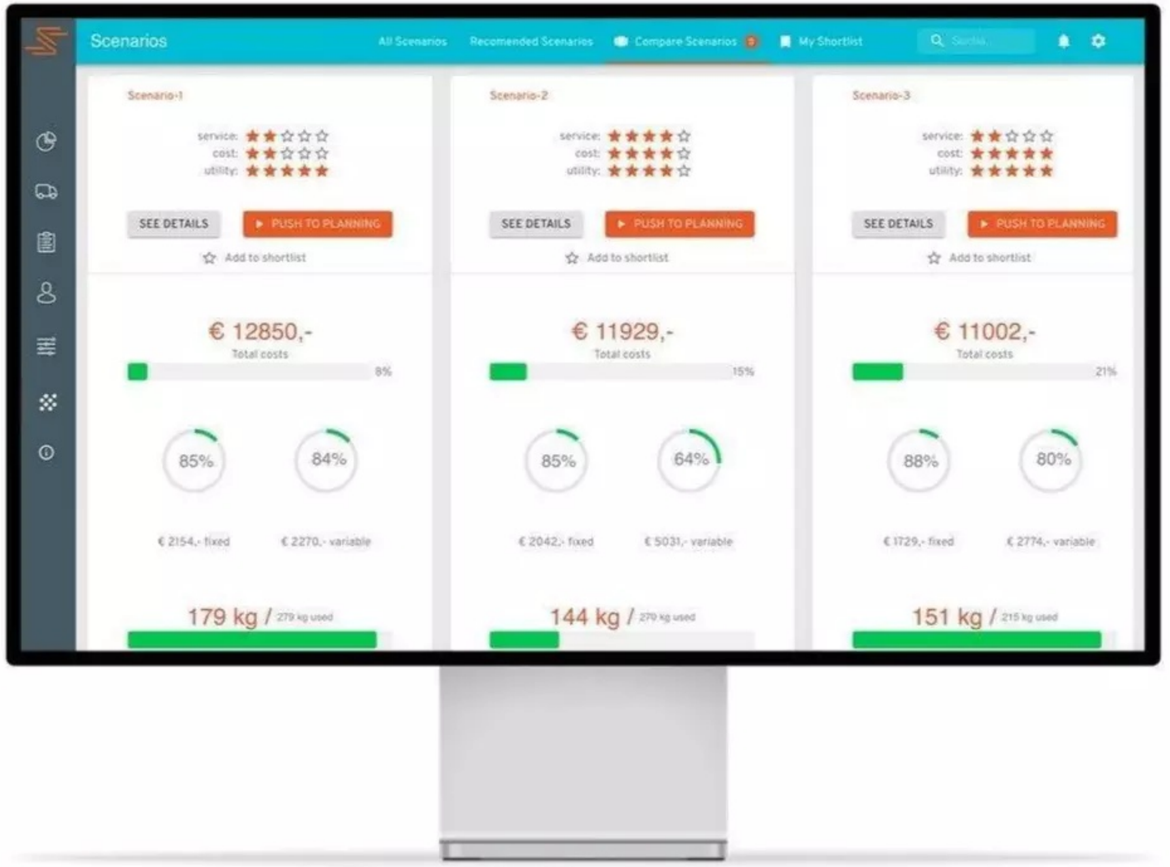

>28 YEARS OF R&D

- **Automated dispatching**
  even with most complex restrictions
- **Self-learning optimization**
  of general cargo routes and completion of missing data
- **What-if analyses**
  in unique transport simulations for optimium select

UNIQUE VALUE PROPOSITION

SIGNIFICANT GROWTH IN FULLFILLED SHIPMENTS WITH EXISTING RESOURCES
WHILE SPENDING MINIMUM TIME ON DISPATCHING

+21%

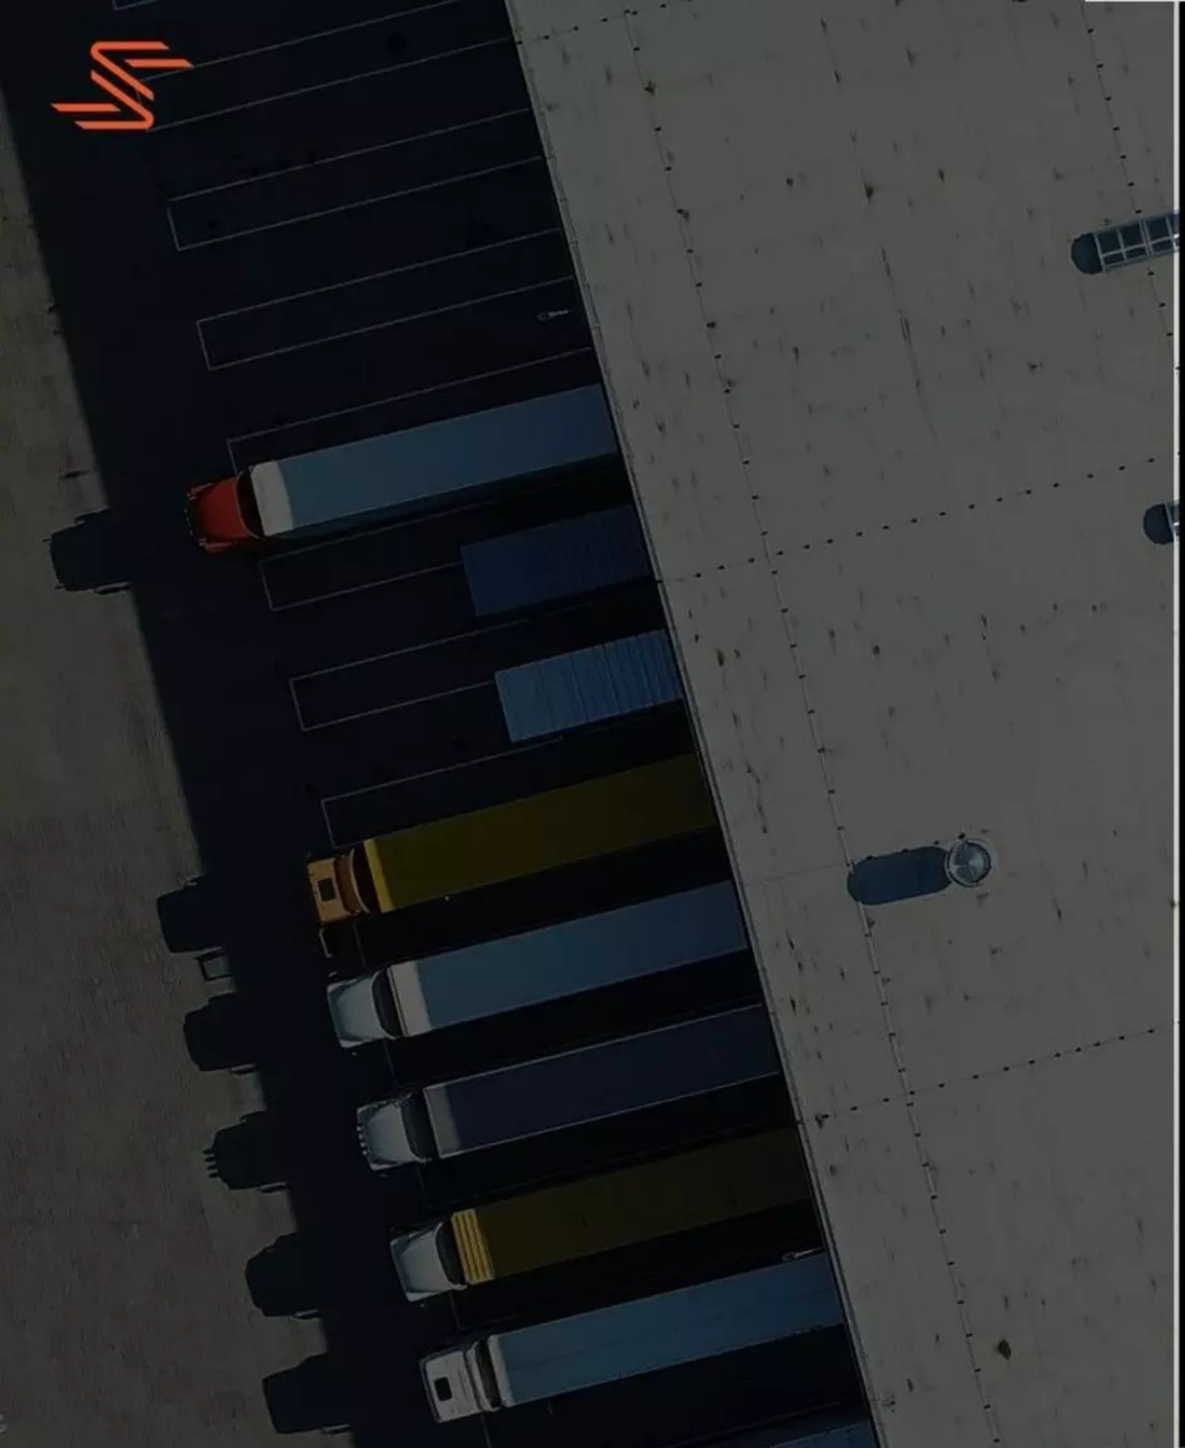

more shipments with existing resources or -20% operative costs

-90%

dispatching effort

100%

meeting customers' wishes

”

By automating dispatching with Smartlane Transport Intelligence we already reduced dispatching time by 4 hours a day.

Uwe Lachmann,
COO, HARTMANN INTERNATIONAL

CUSTOMER SUCCESS STORY

CargoLine

ABOUT THE CUSTOMER

- >600 employees
- >120 vehicles (7.5t - 40t)
- General cargo transport (e.g. palettes, spare parts)
- Approximately 1,000 shipments per day

DAILY SAVINGS WITH SMARTLANE

19	19%	70%
VEHICLES SAVED	COST SAVING	TIME SAVING FOR DISPATCHING

OUR VISION
FULLY AUTONOMOUS
TRANSPORT OPTIMIZATION

SMARTLANE'S TEAM

FOUNDED 2015 IN MUNICH, MORE THAN 30 YEARS LEADING-EDGE RESEARCH IN TRANSPORTATION ANALYTICS COMBINED WITH EXTRAORDINARY DEVELOPMENT EXPERTISE
