Management Presentation

April 2021

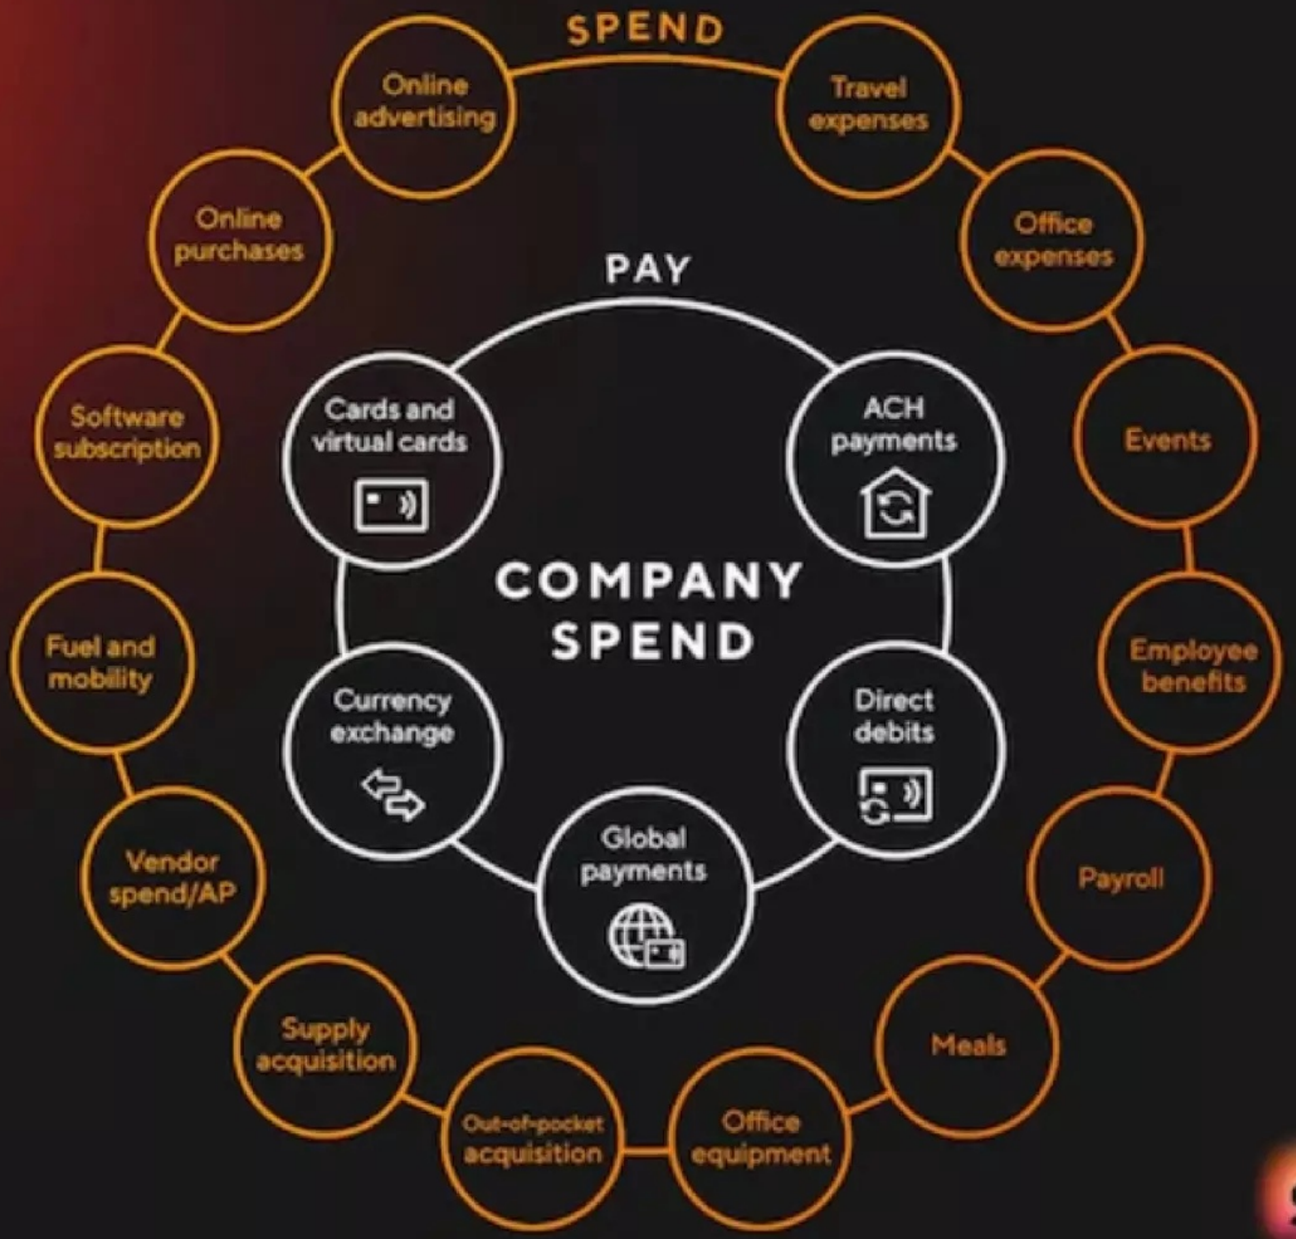

soldo

We enable businesses to take control of company spend through a cloud native payment and software platform

soldo

The universe of company spend is **vast**

(and expenses are just a piece of it)

soldo

Spend impacts everything but is **disconnected**

soldo

Disconnected spending generates pain for **every business**

LACK OF CONTROL

£301bn lost due to weak spend controls

NOT REAL TIME

Half of businesses are unsure of working capital

MANUAL

40% of spend processes are still manual

CUMBERSOME

Up to 30 days spent to simply process expenses

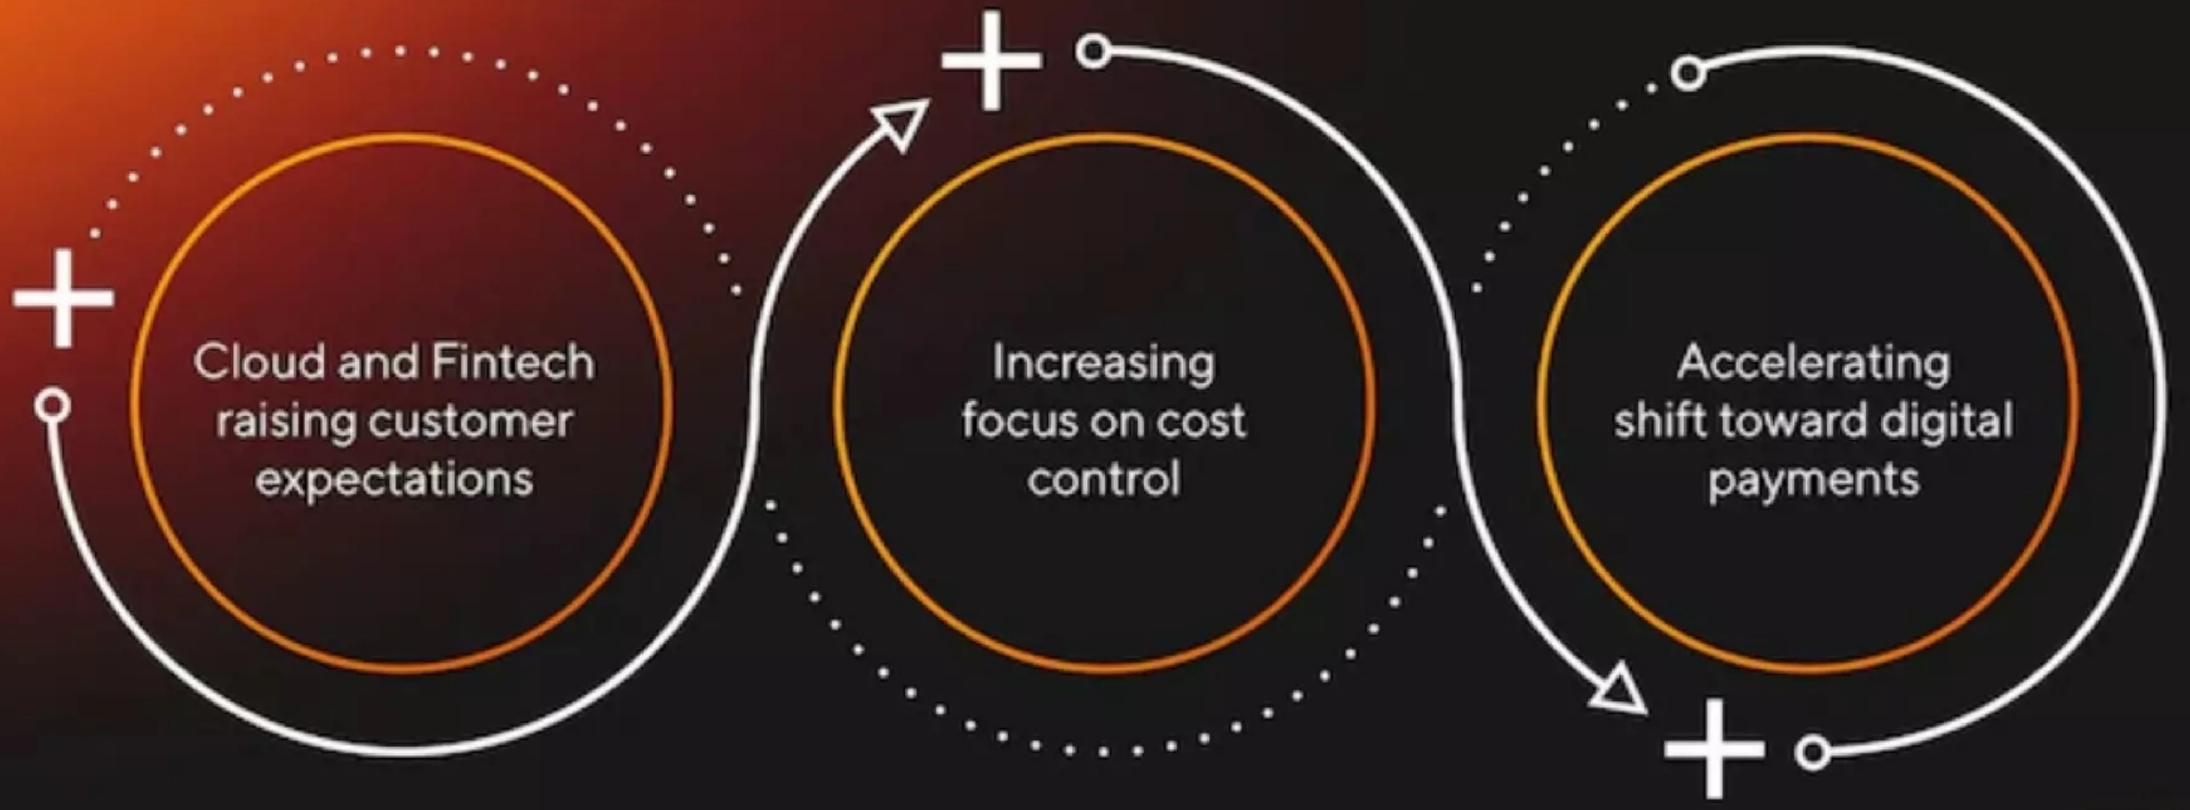

soldo

Our mission

Liberate businesses from spending chaos

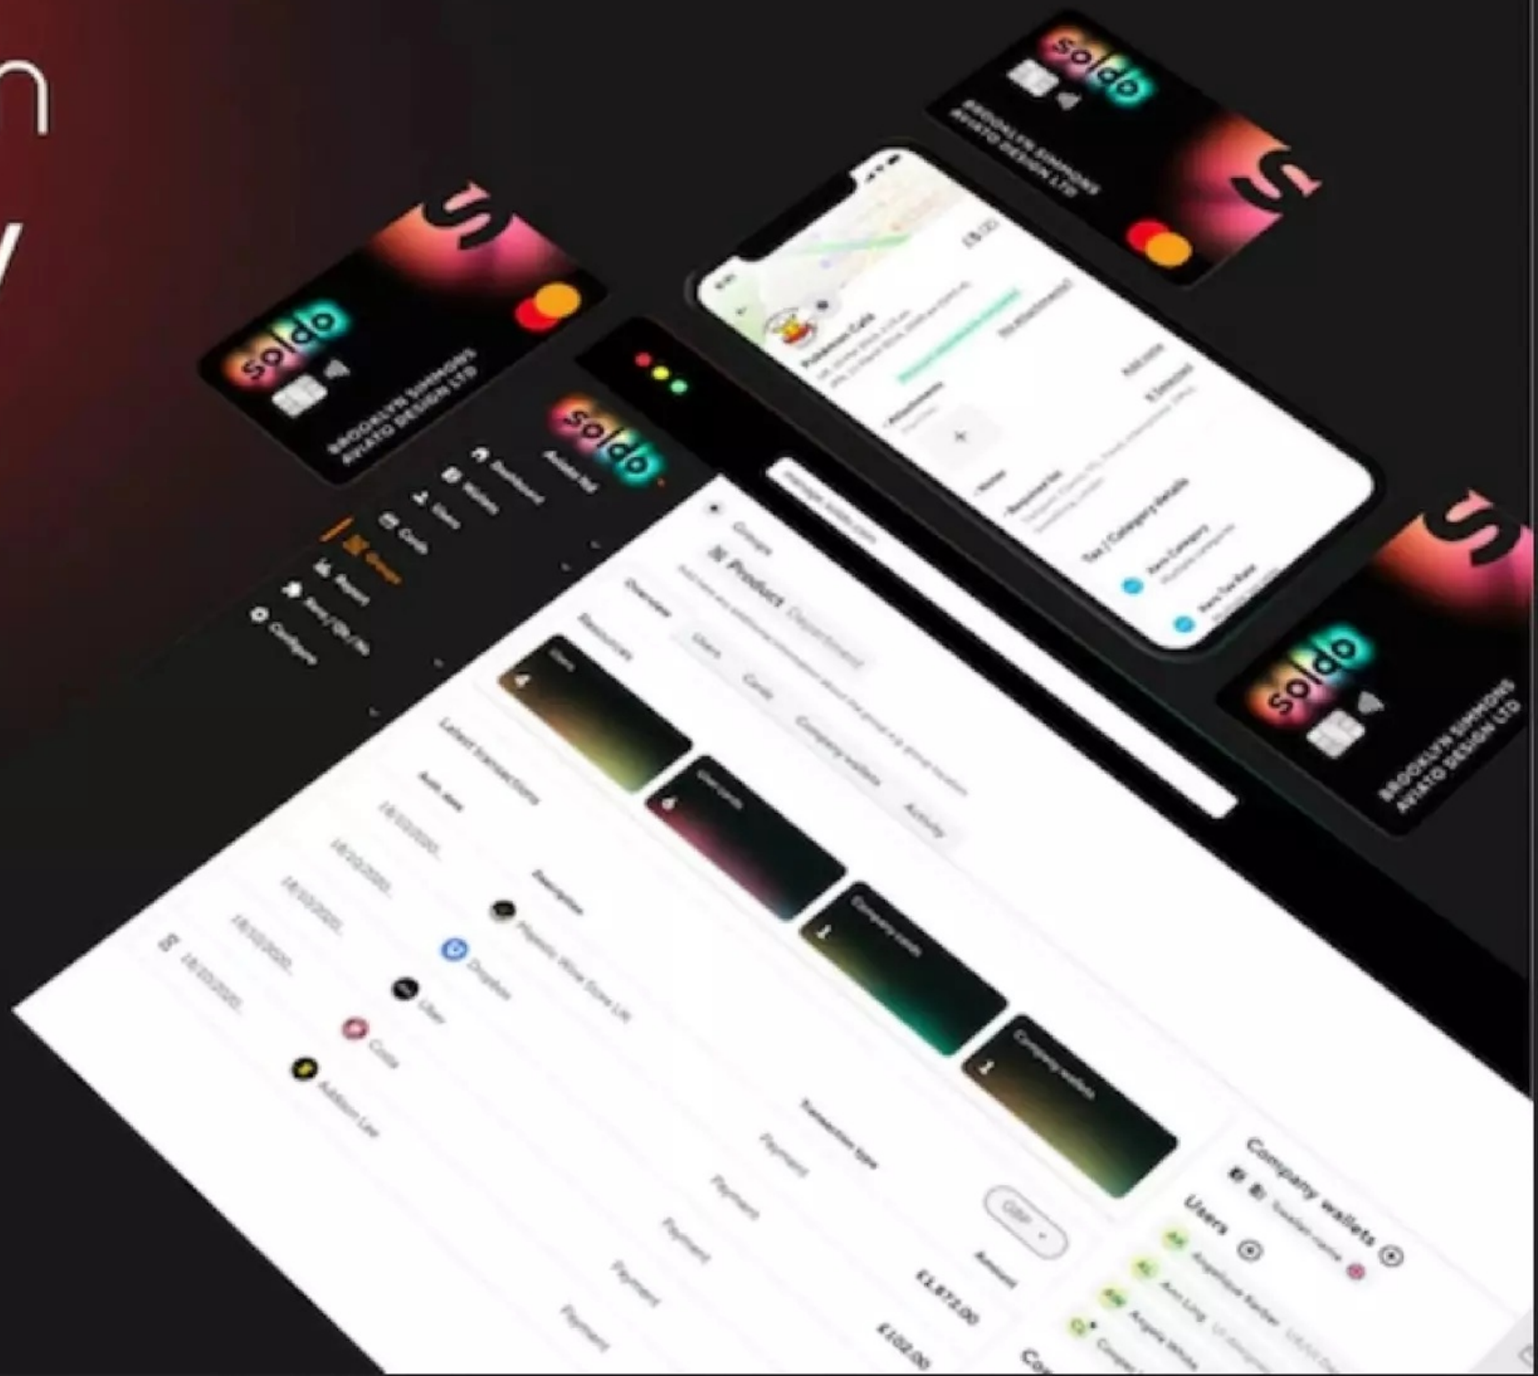

Fuelled by the confluence of powerful **secular trends**

soldo

We have built an **End to End Pay** and **Spend Automation Platform**

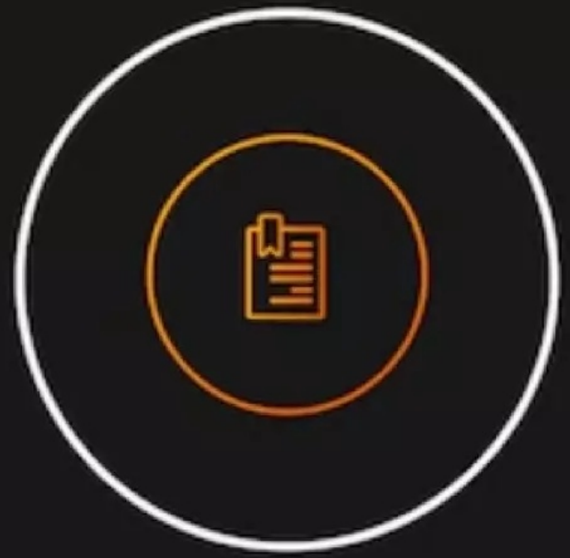

Built on a platform with **distinctive capabilities**

A
One single solution
for all company spend

B
Full control of
Fintech and SaaS
technology stack

C
Running our own
“banking” platform
