Splitwise

Jan 2021

Splitwise is the platform for interpersonal finance

Interpersonal finance is a trillion dollar problem

>50% of couples fight or lie about money. Top cause of stress and divorce

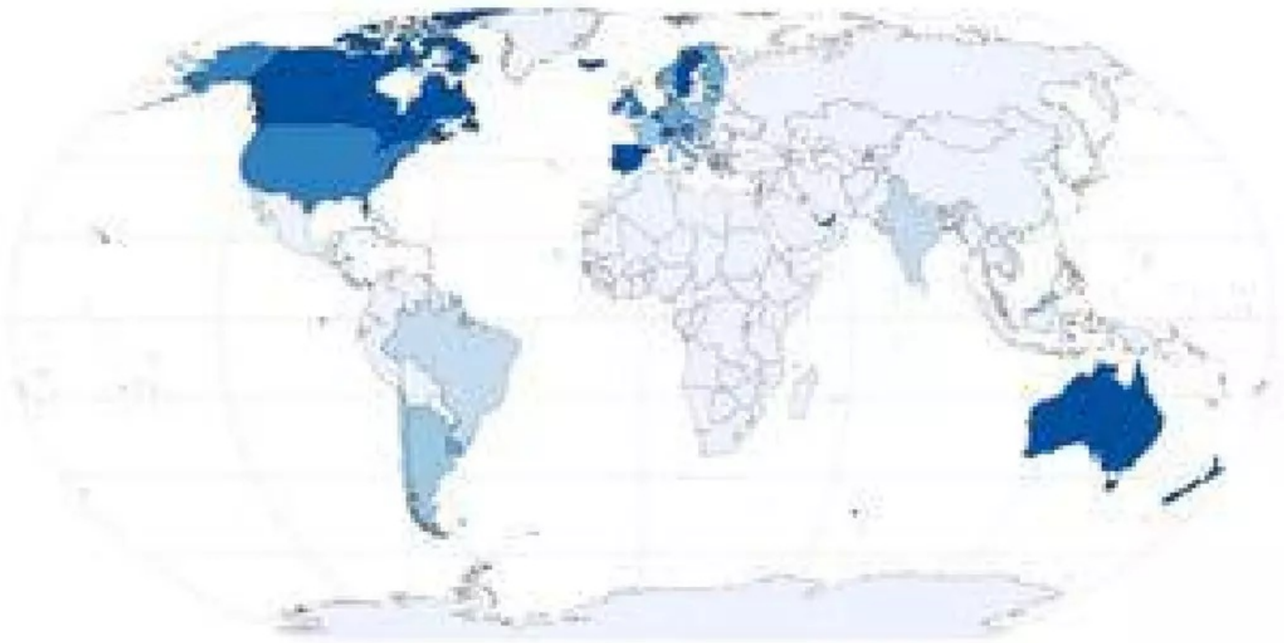

75% of friendships would end over a $500 dispute

$4T

paid between friends and family in the US alone

1. Britt, Family Relations (2012) and Jeanfreau et al. Financial Infidelity in Couple Relationships (2018)
2. Bank of America (2015) 3. Square Investor Day, March 3/24/2020

Splitwise is used by tens of millions of users around the world to solve this problem

Users love our product

👍 73% NPS

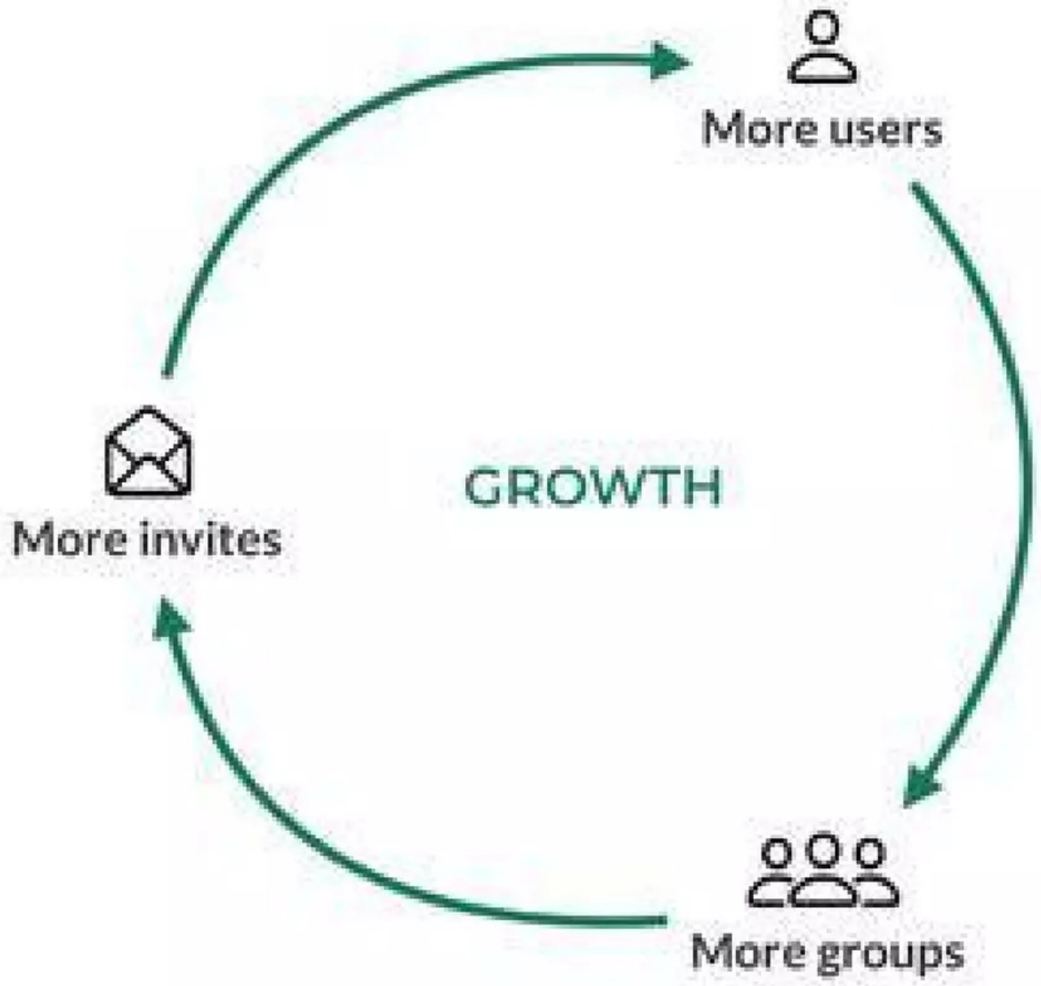

12,000+ Ratings

100,000+ Ratings

The Splitwise group experience is our growth flywheel

Exponential growth at $0 CAC

- $0 spent on paid marketing so far
- Users invite friends as part of using the product. When those users create their own groups, it creats a growth loop
- High retention + ongoing invites = exponential growth

People deepen their engagement with Splitwise over time

- The more people who use Splitwise, the more valuable it is to use, creating network effects
- Splitting with multiple groups and use cases increases retention
- Increased spending and activity per user in a cohort over time

Where are we going?

One global platform for interpersonal finance

Grow Splitwise to 100MM+ users

Expand features for a global mainstream audience

Build partnerships to reduce product friction and drive growth
