

StudySmarter

Empowering everyone to achieve their educational goals

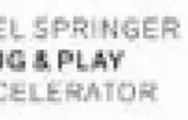

Problems now made obvious

Digitizing education failed during the Covid-19 pandemic

Schools and universities across the world struggled to digitize their matierals emphasizing the problems of outdated learning opportunites and lacking support for students.

33% of students drop out

73% can't structure their learning

Why couldn't education be digitized?

Learning content is predominantly text

Available learning content is...

NOT INDIVIDUAL

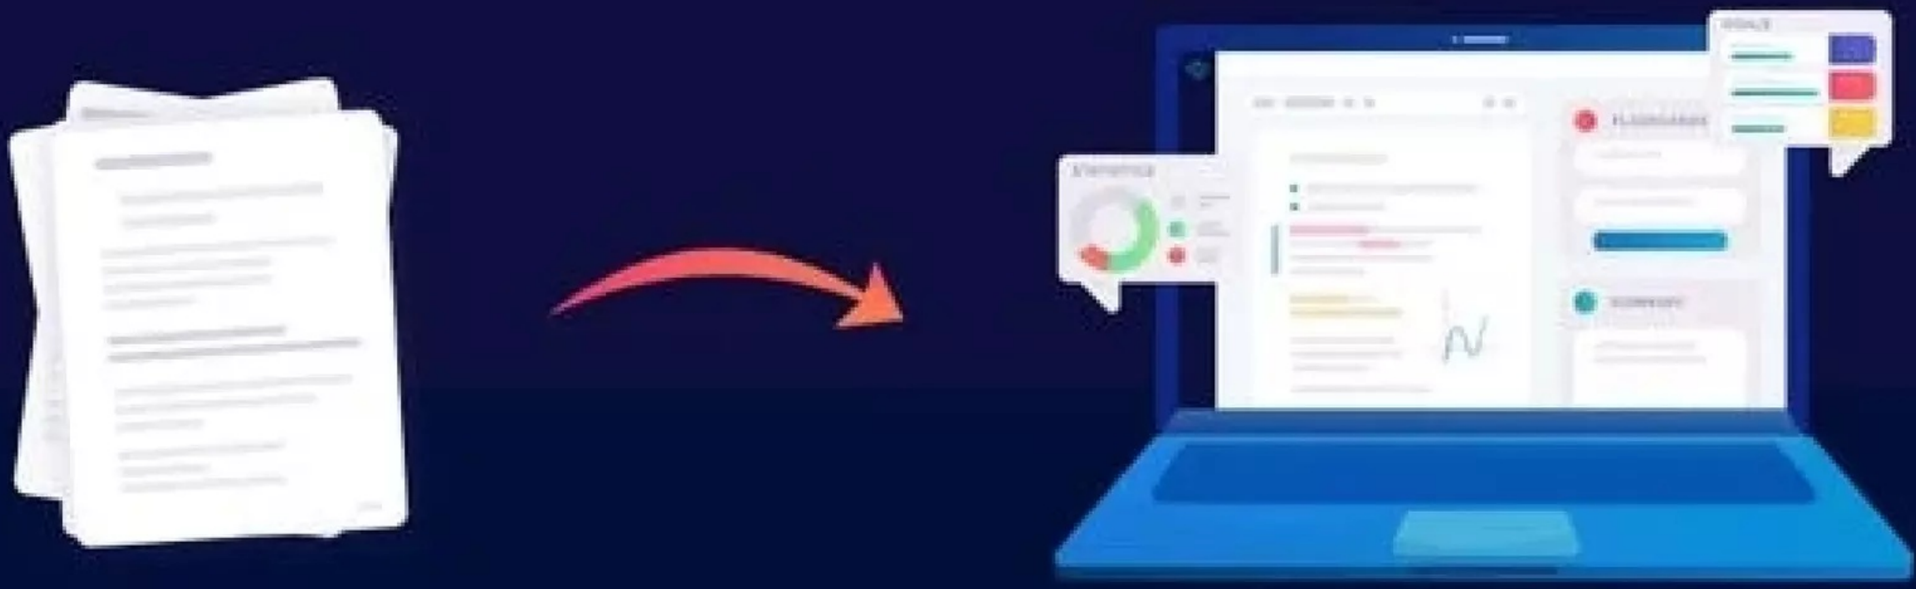

NOT ENGAGING

NOT ACCESSIBLE

Scalable solution digitizing the learning process with any available content

All-in-one learning platform

StudySmarter is a content independend learning platform **transforming any text into an interactive learning course**, making any content easier and more engaging to learn

Digitizing the learning process
for every learner and all content

Made for all types of learners

Upload any text to learn
and get automatically matched
with learning communities

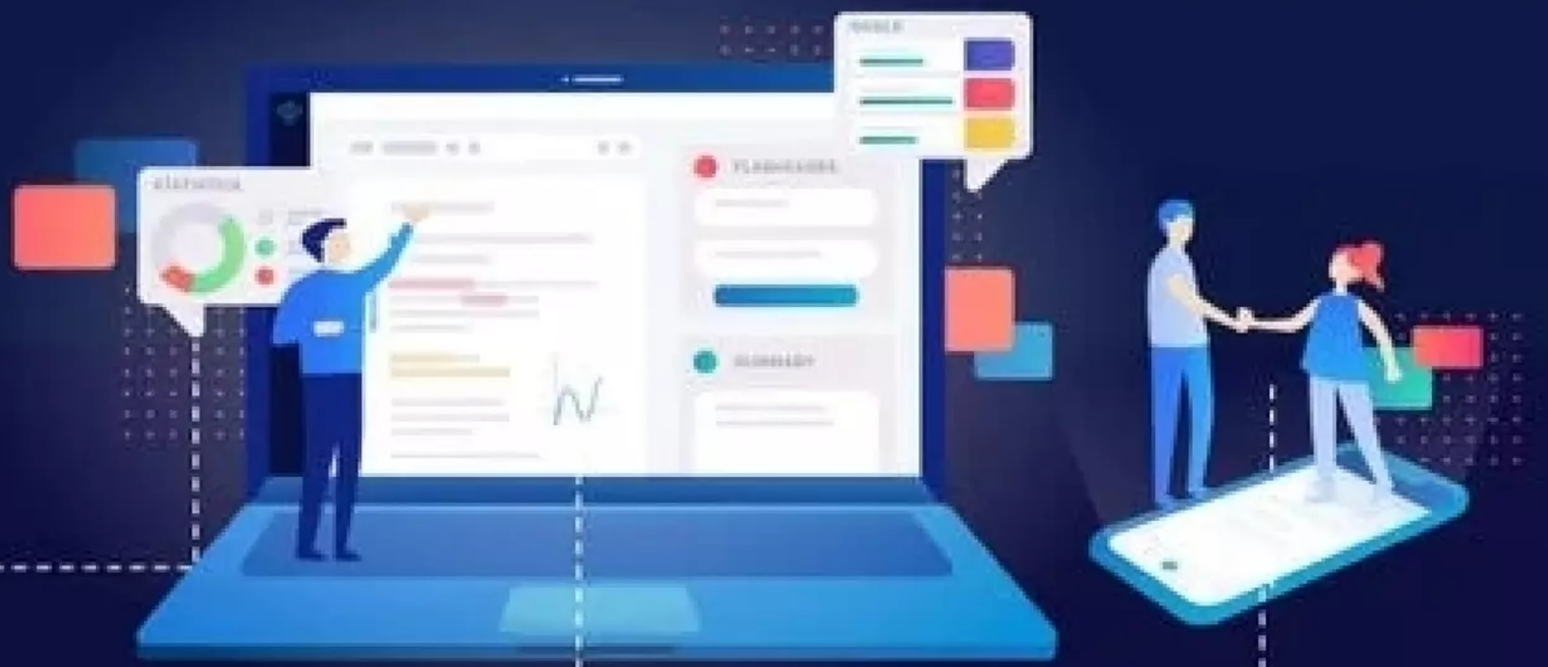

Structure your studies
with an individual
learning plan

Intelligent tools will help you
create your own content and
understand your materials

Keep track of your
learning progress with
detailed analytics

The most intelligent learning platform

Building the *world's central hub* for learning

Making learning smart
