Made for teams, built for people.

Superlist

The state of productivity in less than a minute.

A quick market analysis before we get started

Addressable Market

In 2019, the 2.9 billion productivity market was estimated to grow to 4.3 billion by 2023.

Served by a wide range of products such as Basecamp, Asana, Monday and beyond, Sources: Statista forecasted size of task management market (2018-2024)

The real picture

A small number, compared to up to 80% of companies that still rely on Excel, PowerPoint or don't use productivity tools at all.

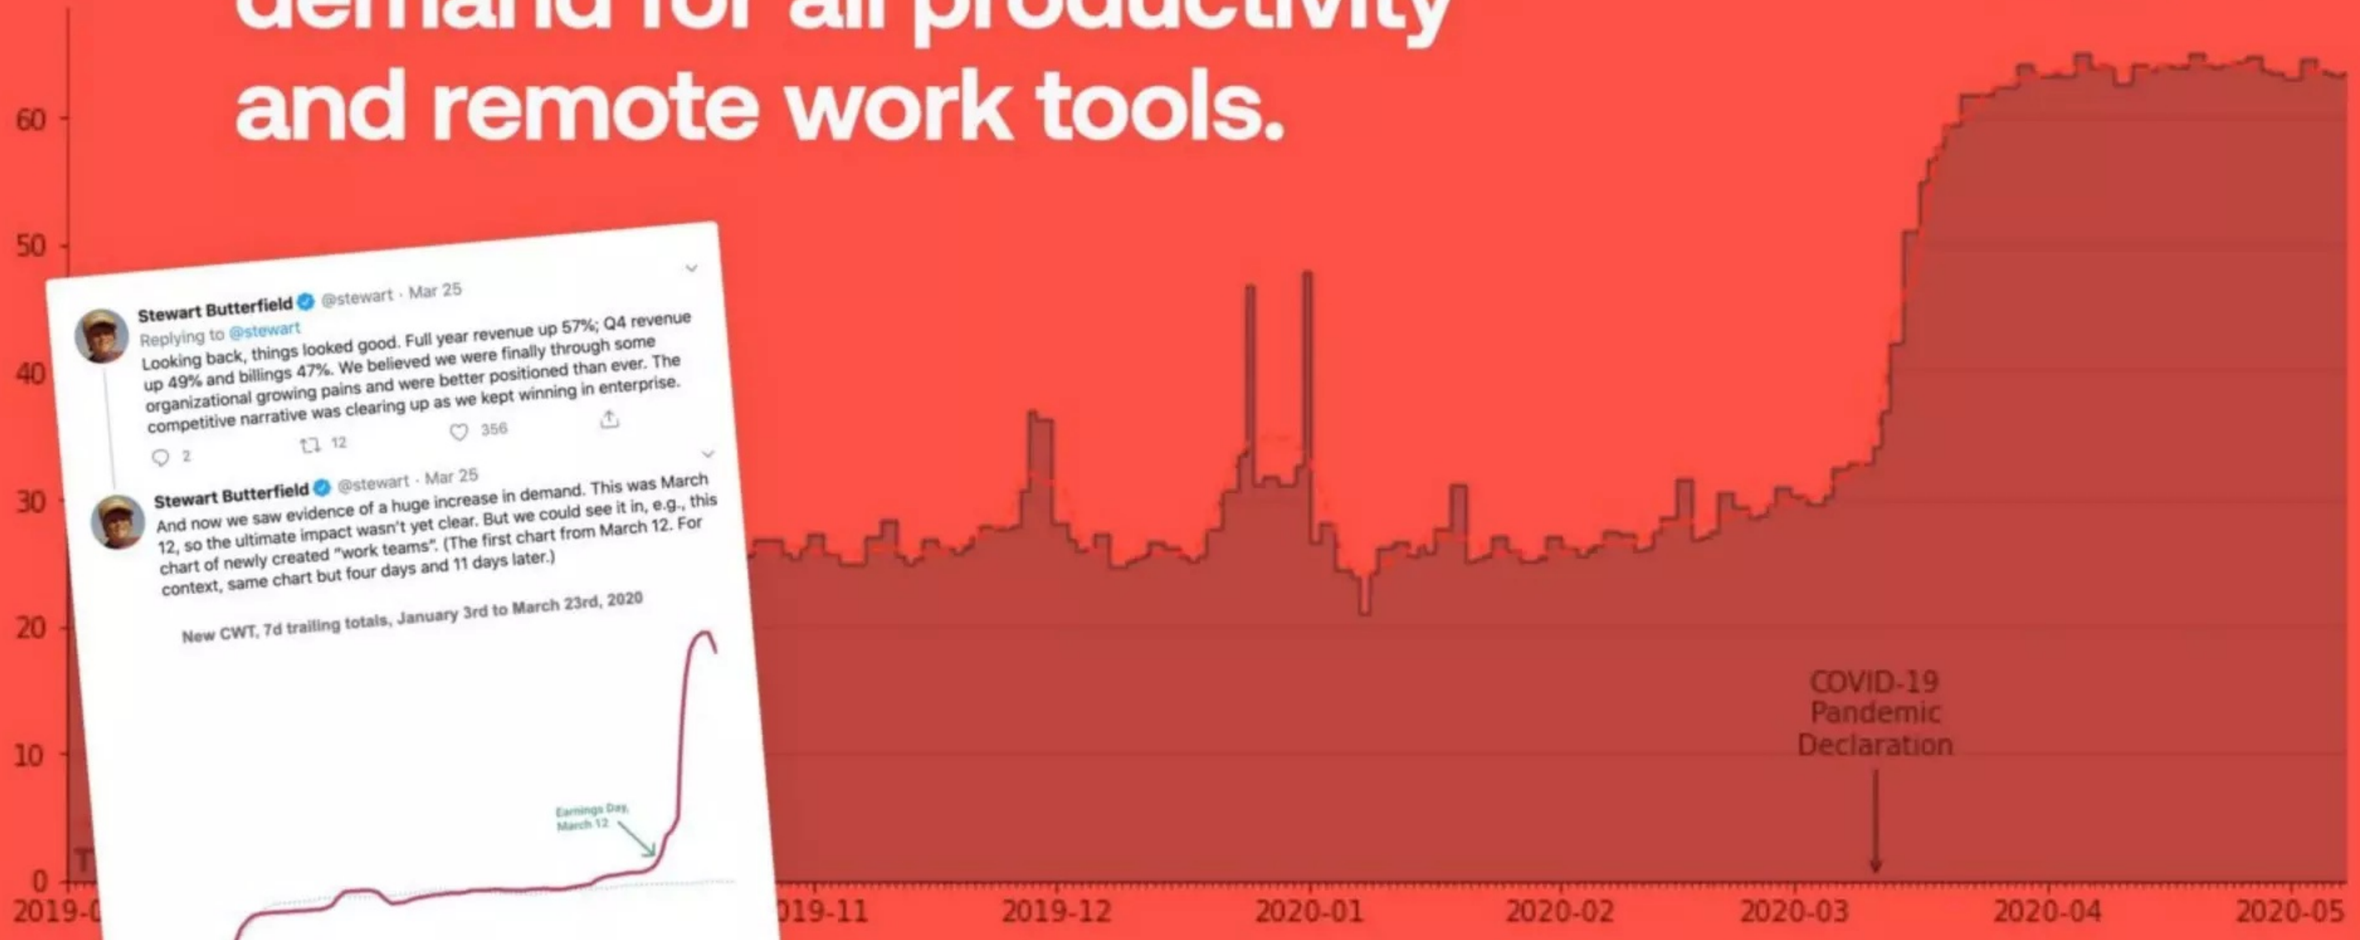

Sources: Statista forecasted size of task management market (2018-2024); Wellington "State of Project Management Report, 2019"

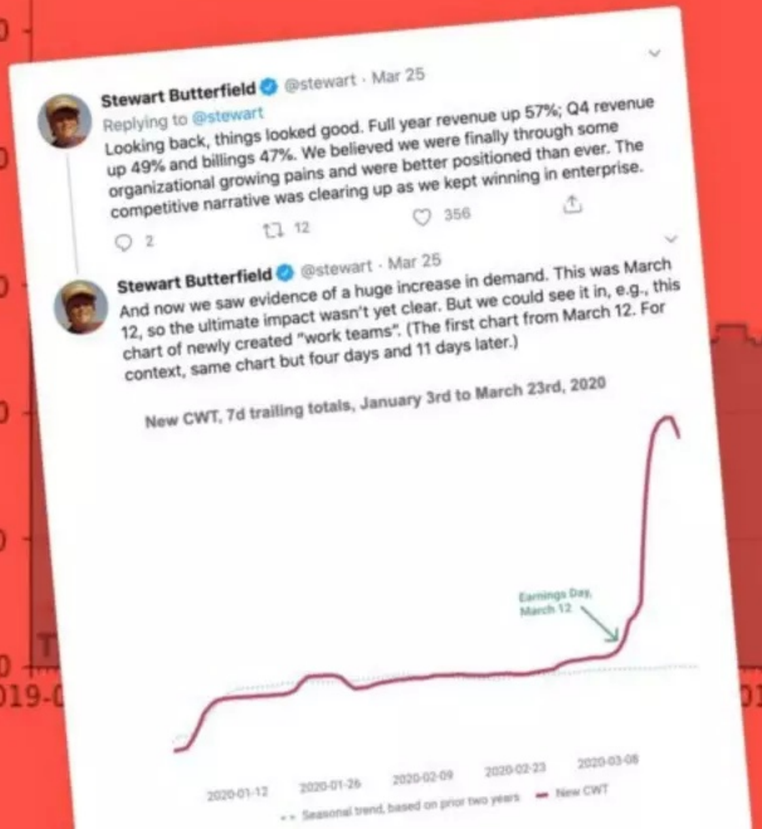

Then COVID happened

Shock Growth

The pandemic increased demand for all productivity and remote work tools.

Remote workers in North America measured via IP Addresses by Netlabs.

Surge in Slack's new work teams as reported by the CEO.

Winners in the new normal

We've seen innovation in multiple aspects of work and collaboration, but the jury's still out on task and project mgmt.

Superlist

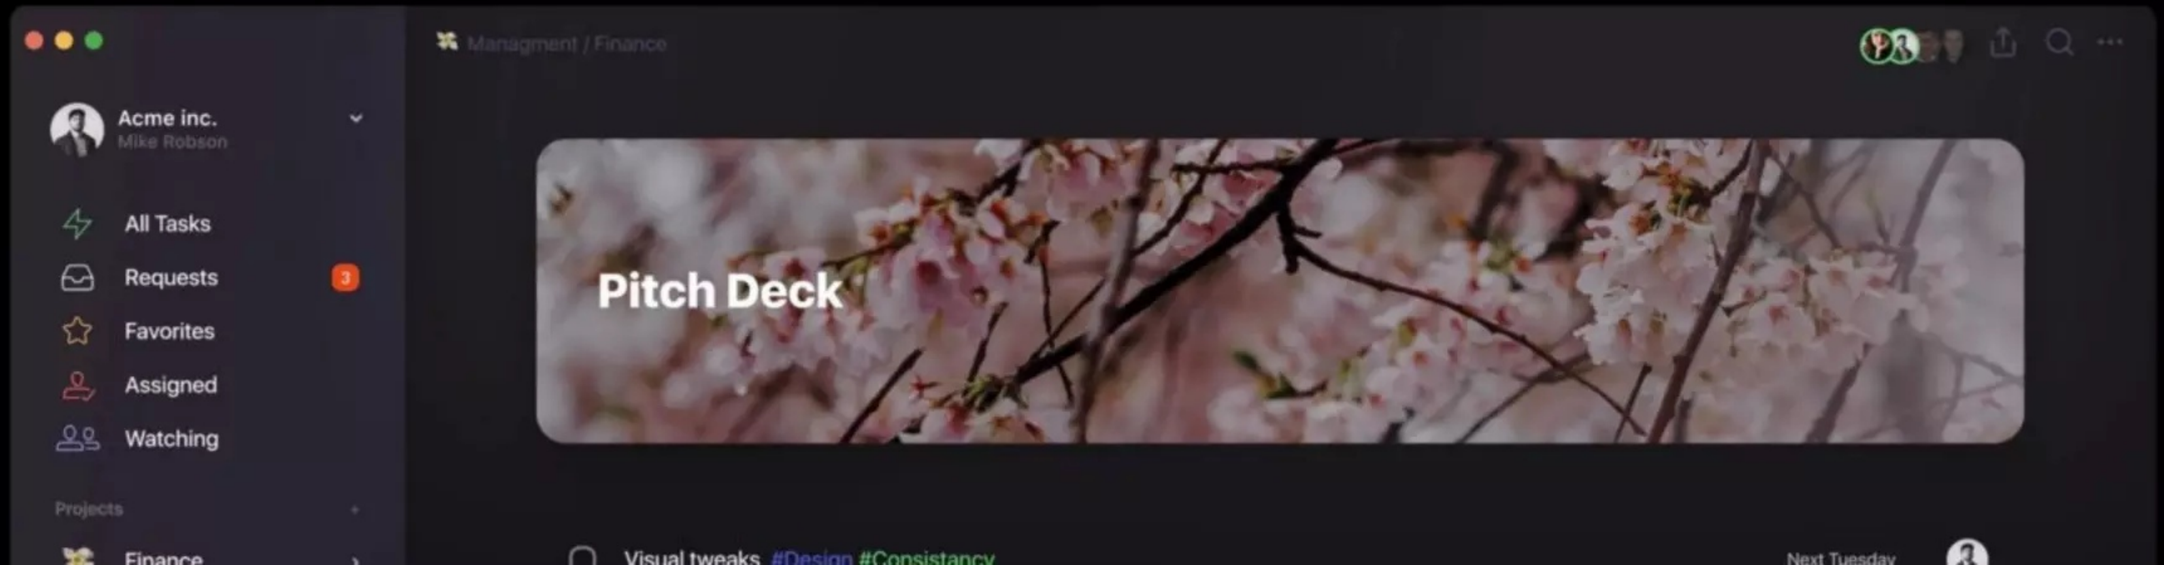

Supercharged Productivity

The familiarity of the checklist: supercharged with the experience of a product made in 2020.

Built around four core principle

Innovative but friendly
Useful yet unobtrusive
Encouraging not controlling
Integrated not competitive

Innovative but friendly

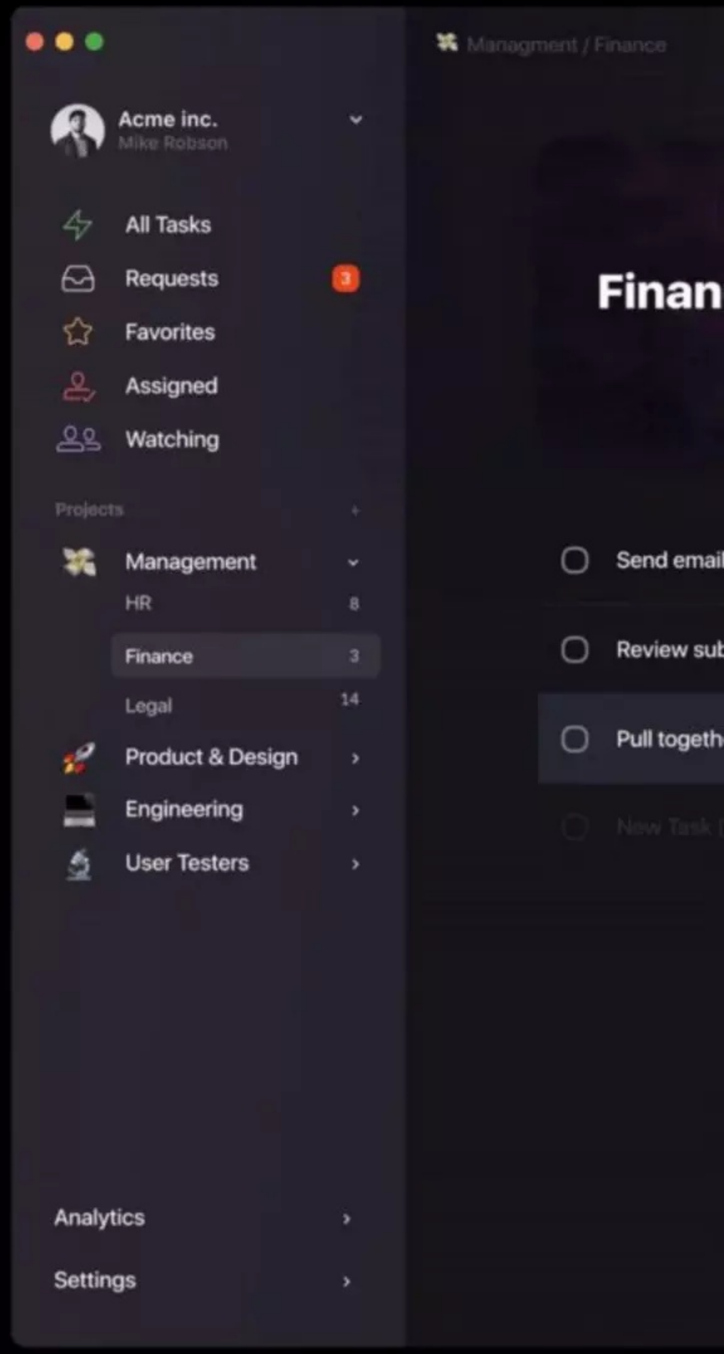

Built to be powerful and innovative without compromising on experience.

Built for teams

- ✓ Blazing fast
- ✓ Multi-Platform
- ✓ Real-time Collaboration
- ✓ Analytics and Statistics
- ✓ End-to-End Encryption

Designed for people

- ✓ Familiar
- ✓ Easy-to-use
- ✓ Non disruptive
- ✓ Offline Support
- ✓ Beautiful Designs

Integrated not competitive

Designed to co-exist seamlessly in a wider ecosystem of products.

Our goal is to compete on experience, not features, and create an easy synergy with other top products in the market.

Useful yet unobtrusive

Designed to work with you wherever you are.

Via Hotkey

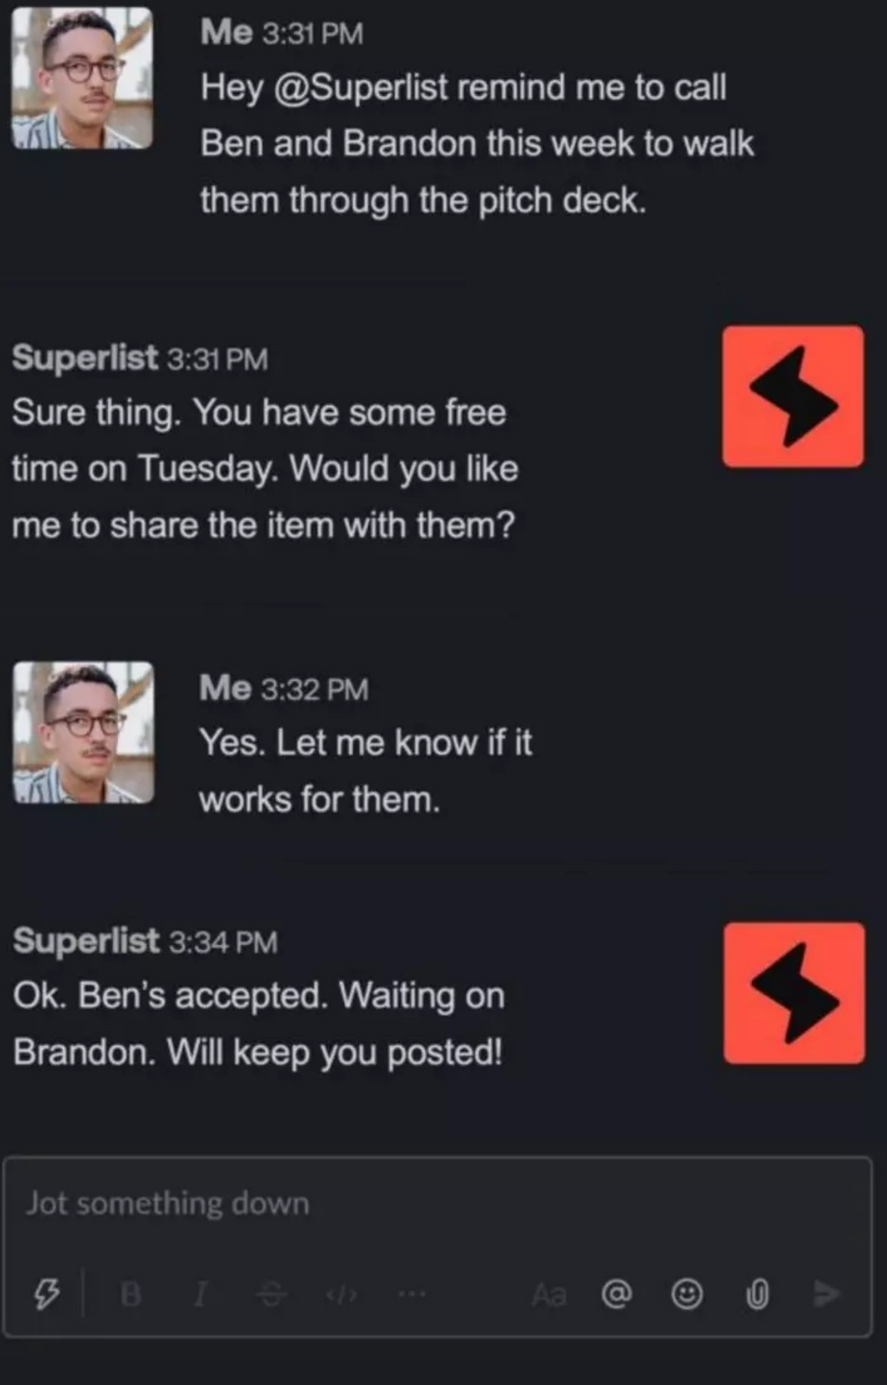

Seamlessly integrated into your desktop environment.

Via Message

Slack it, text it, DM it. No matter where you are, it'll respond.

Via Voice

Hey Siri, Ok Google, Alexa, add it to my Superlist.

We have the team to get it done!

Steffen Kiedel
CEO

Marcel Käding
Head of PM

The tech expertise behind Creators Media.

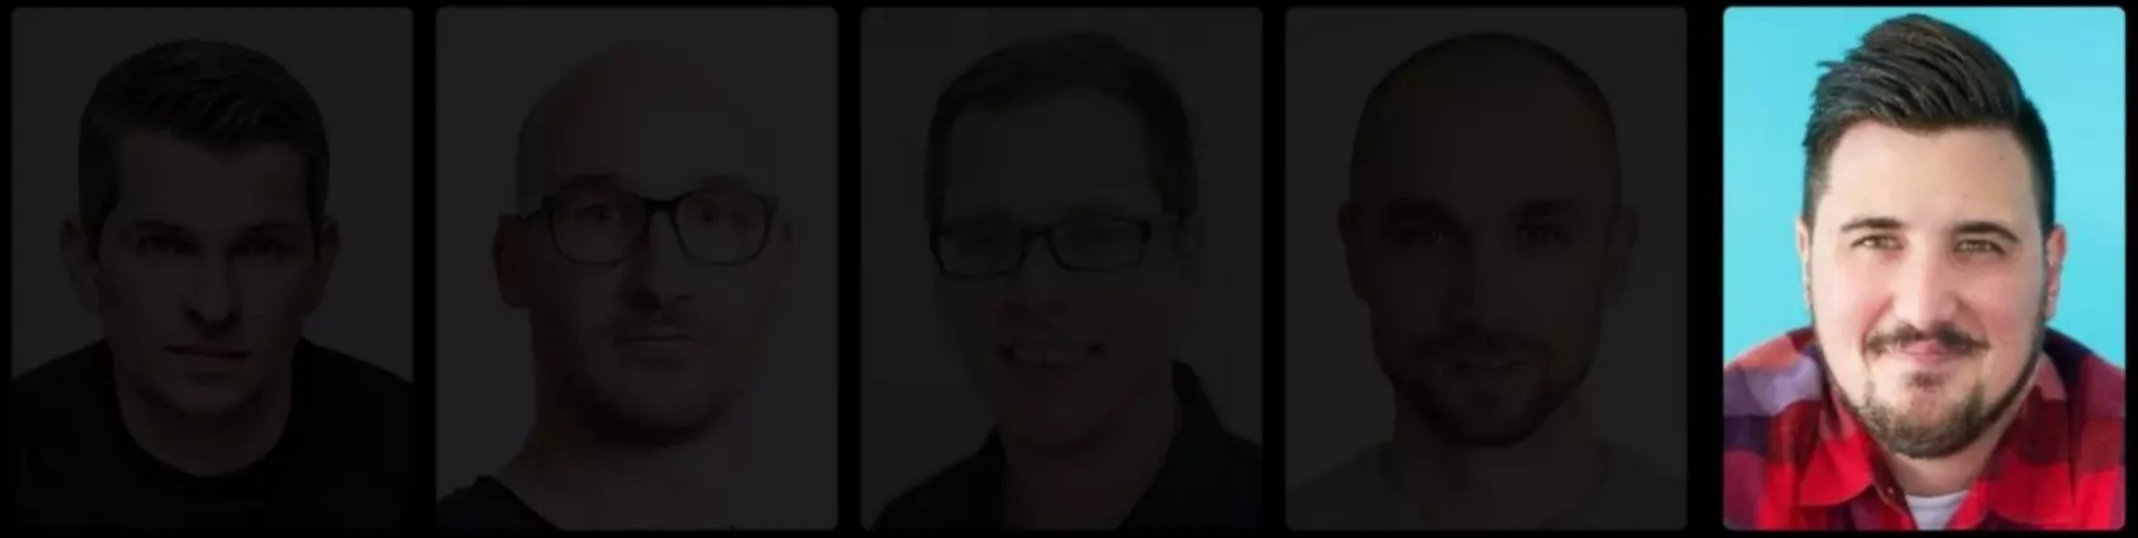

A global community of 30 million entertainment fans that sold to Webedia Group.

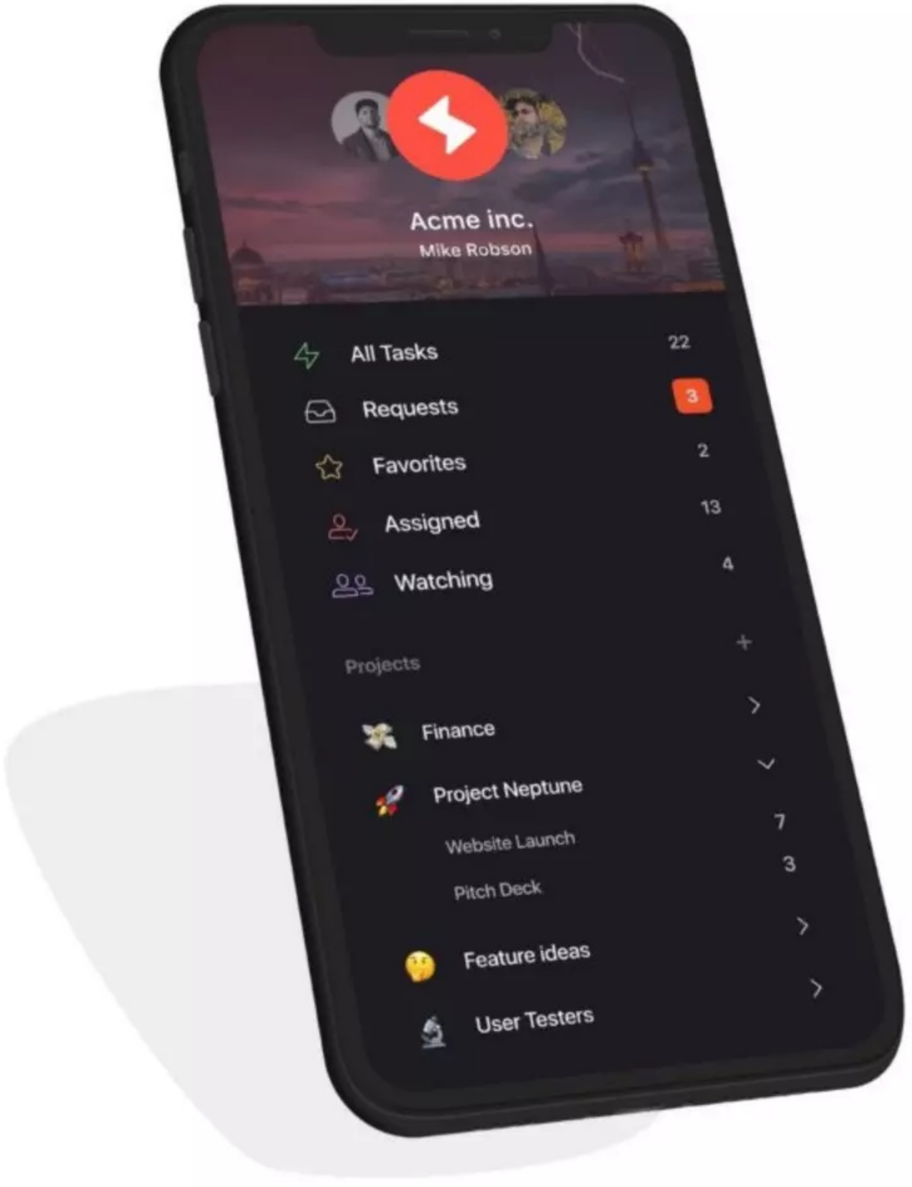

Ben Kubota
CTO

The product excellence of Metalab.

A design and VC studio behind household names such as Slack and Coinbase.

Brandon Arnold
CPO

Familiar yet fundamentally better

We'll do to projects and their many checklists what Slack did to email, and Google Docs did to Word.
