@Josh Taylor Can I just copy and paste #1-15 and post it on the General Channel in SalesInside?
Josh Taylor
@Adam Hospodar Let's create a Googld Docs file with all the info. In this case, we can share one single link!
Also, please add our playbook, too!

@Josh Taylor @Here By far the best call I have had was with Atif from Ingline. He emphasized how excited he is about Swit, and that hes already using it, and same with his team. They are also considering Switching to Swit for their internal communications and Task management. He told me that for now they are using Slack and Trello, but they love Swit.
