getonboard

Awesome jobs for awesome people

**Tech recruiting is a 100 billion dollar market[1], growing 10% yearly.**

**But it's broken.**

- Inefficient, shallow CV crunching
- Perpetuates biases and gaps
- Leaves high-potential talent behind
- Recruiters spend hours chasing candidates

getonboard

[1]Josh Bersin for Forbes, 2017

# It's broken because it is fragmented.

## Sourcing
**Get candidates**

- LinkedIn
- indeed
- AngelList

×

## Tracking
**Manage the process**

- LEVER
- workable
- greenhouse

×

## Screening
**Assess/choose best candidates**

- HIRED
- Vettery
- Brilliant Hire

**Companies have to mix and match between dozens of separate channels and solutions.**

**For professionals, finding and applying to jobs is a mess.**

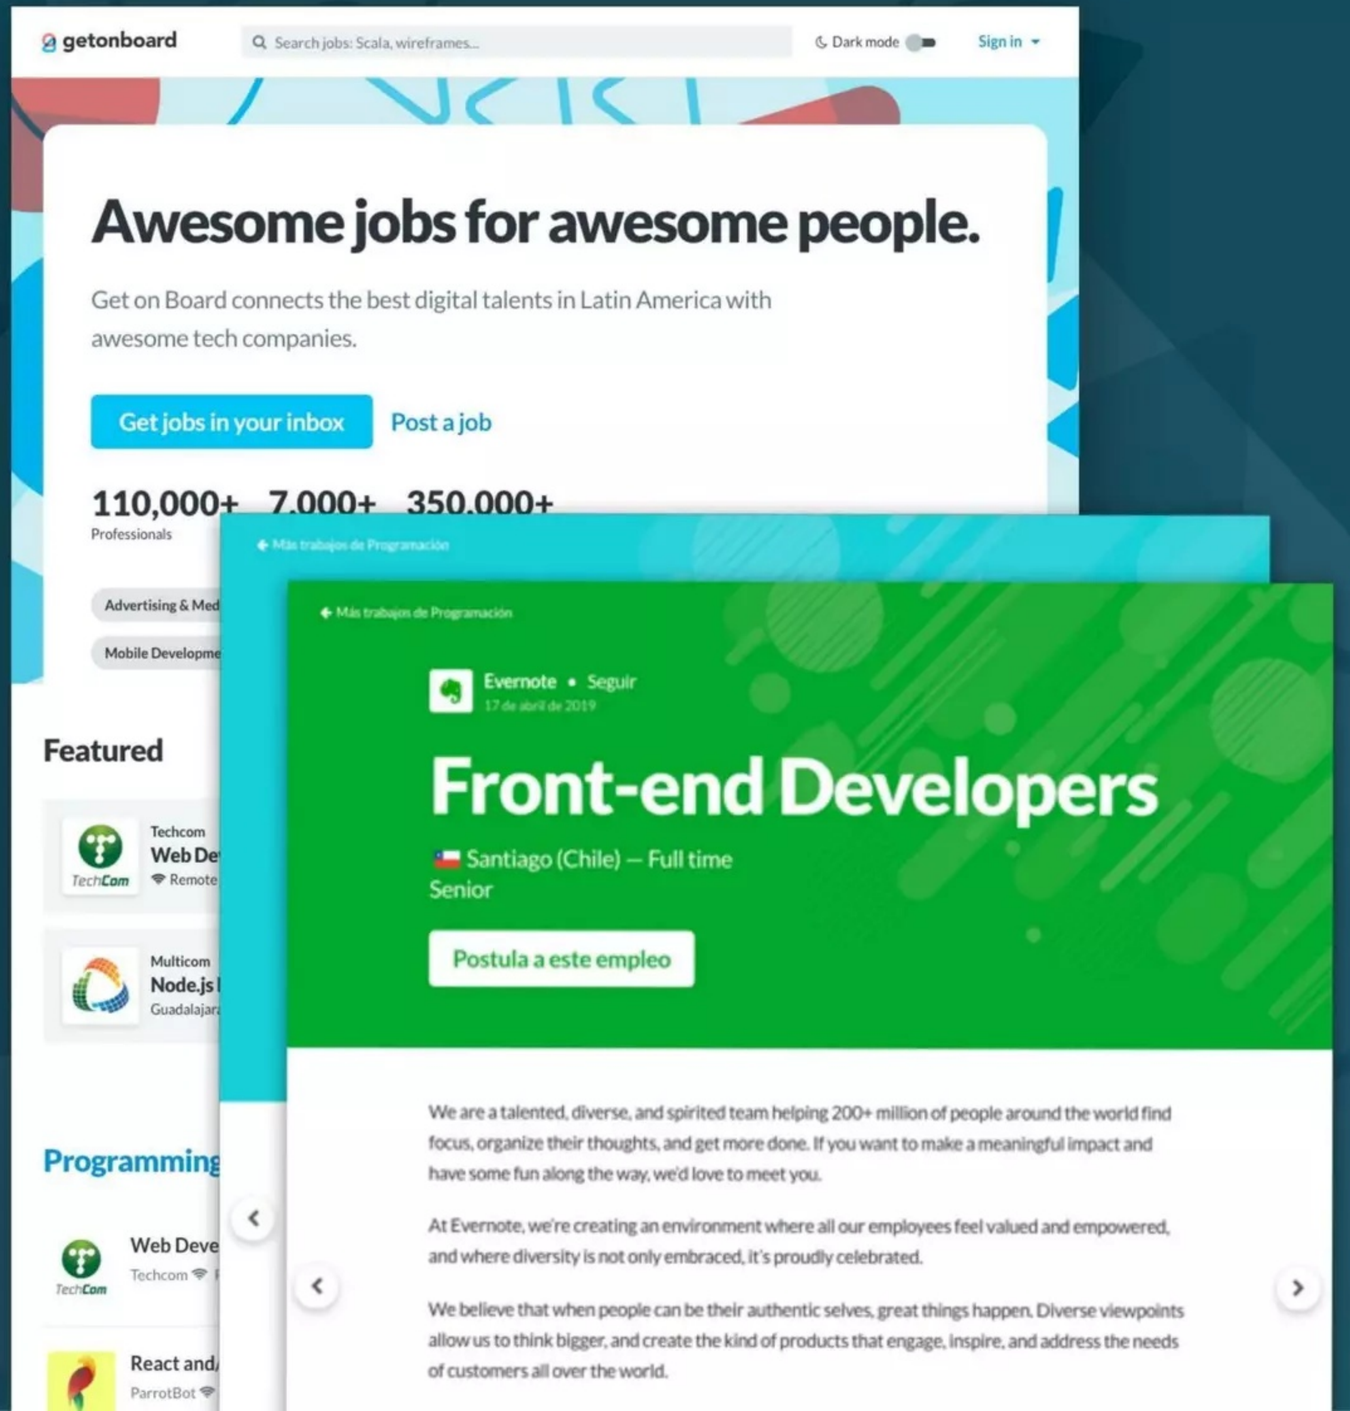

**Imagine if tech recruiting evaluated actual skills instead of resumés, and was unbiased and meritocratic. At scale.**

getonboard

# Get on Board is the biggest tech recruitment platform in Latin-America.

## For remote and co-located positions.

getonboard

# We are revolutionizing tech recruiting by creating the unified ecosystem that is missing.

**Sourcing**
