iCrowdU®

Bringing wholesale prices to consumers and retail margins to producers.

Pitch Deck

March 2019

A Global Problem

- Price is an important concern for customers buying products
- Price is an important concern for producers selling products
- Middlemen leave producers disconnected from the customer and their needs
- No easy way exists for customers to access wholesale prices

iCrowdU

A Global Solution

A web platform where producers can offer great deals directly to customers.

Product

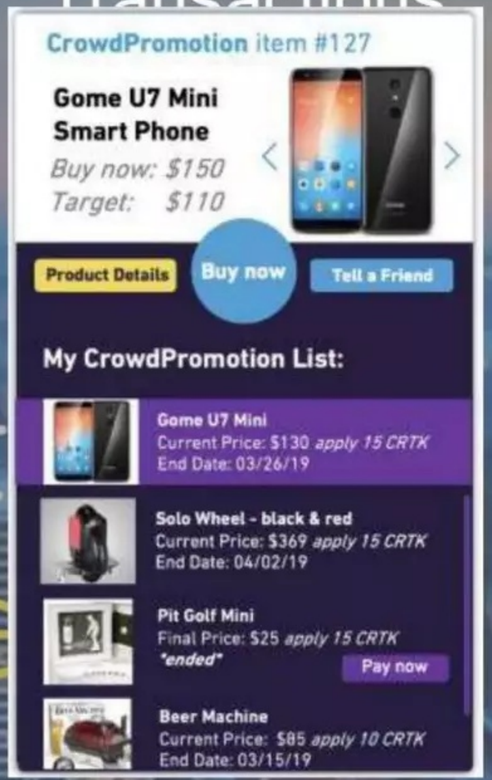

Connect to People Build your Crowd

Search for Promotions

Monitor & admin all your Transactions

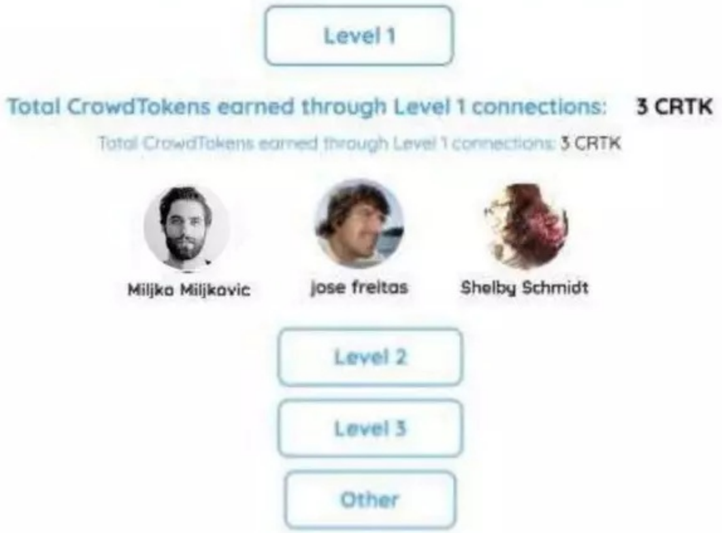

People: Connect with People for great Benefits

Build your Crowd

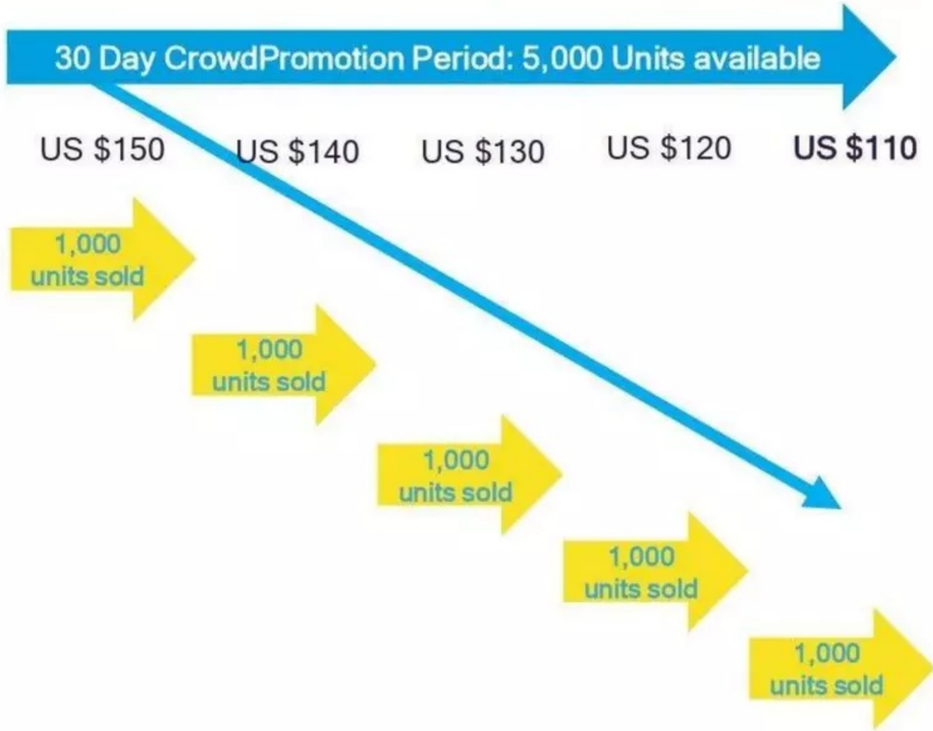

Earn CrowdTokens

Realize the power of your crowd and get cryptocurrency incentives

Products: Find great Products via CrowdPromotion

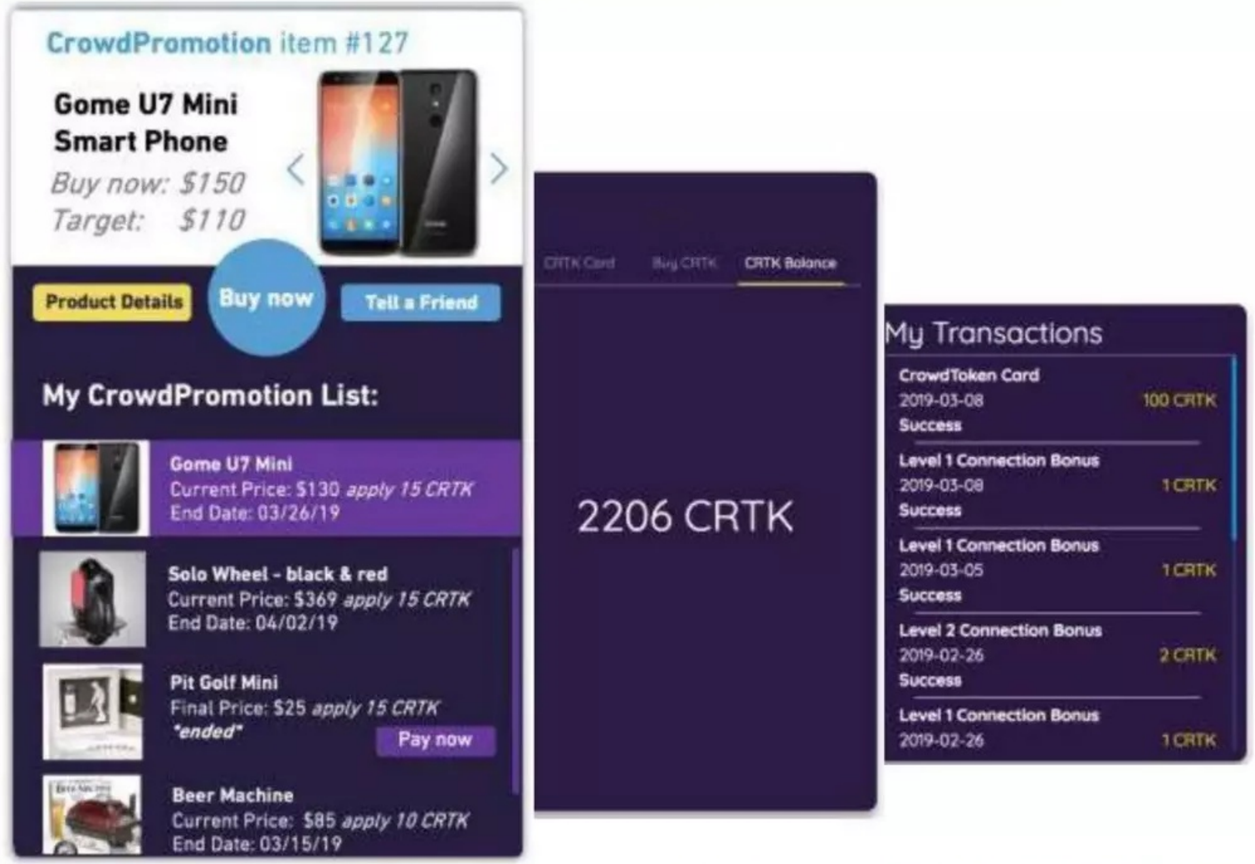

- Learn about the product on product-specific cards
- Commit to buy on day one and watch the price fall!
- As more people commit to buy the lower the price drops!

The more products are sold the lower the price drops for everyone!

Money: your Wallet and personal Check-out

- See when your CrowdPromotions will end
- Check how much you currently need to pay and when payment will be due
- Overview of your purchases.
- Apply CrowdTokens to get an even better deal!
- Manage your CrowdTokens in your Wallet

iCrowdU

Business Model

We take a 10% commission on each transaction.

Team

Alexander Holtermann, CEO
Fundraising & Business

Alex has worked in financial markets across Europe, Asia and North America for over twenty years in both private and public capacities. He commenced his career as a PR-professional at the Frankfurt Stock Exchange. He also introduced dozens of North American and international public companies to the German-speaking media and investors.

Ian Wright, COO
Organization & Design

Ian has worked in business development supporting teams at various companies in the banking and automotive industries across Germany. Ian has a bachelor's degree in design from the University of Salford, and obtained an MBA in Frankfurt, Germany.

Srdjan Vukmirovic, CTO
Web Development

Srdjan is Associate Professor at Faculty of Technical Sciences, University of Novi Sad. His field of expertise is Distributed Programming and Cloud Computing. Software architecture of large enterprise systems with critical response time is his life work. Blockchain and its application in crowd funding is currently his main focus.

Press

> iCrowdU was founded by two true globalists (…). Their thinking will revolutionize global trading and funding.
>
> Frankfurter Allgemeine Zeitung Metropol

> iCrowdU differs in many ways from all the other ecommerce and funding platforms out there - icrowdu.com is the perfect one-stop-shop solution!
>
> !derivate Magazin

> Right from start iCrowdU positioned itself in China - to be able to sell Western products in what is soon to be the largest consumer market in the world.
>
> X-Press Deutsche Bank X-markets

User Testimonials

I was really excited to hear about iCrowdU! iCrowdU is a place where I can exchange ideas, find new products and engage with my crowd, whilst all the time gaining rewards! With iCrowdU, collaborating with people is fun and becomes a great social activity!

Shelby Schmidt

I wanted a trustworthy place to make sales that was still fun and social. I know my business has a steady opportunity for growth, and wanted to share my story. iCrowdU was seamless - iCrowdU has made me excited for the future of my business.

Miljko Miljkovic

I am a big fan of CrowdPromotion! iCrowd U figured it out: How to connect users in a fun way and being incentivized at the same time - and then to offer me great deals on products which make me invite my friends and save money. Go iCrowdU!

José Freitas
