MEDIA

"Curious Hat [...] is out there showing how good design can actually facilitate children using mobile devices to engage with the world and others around them."

WIRED

Wired Geek Dad (September 2012)

"Eye Paint Animals is one of the most innovative and invigorating apps we've seen to date. They strive to design tools for children that encourage discovery play and foster creativity, they succeed spectacularly."

Teachers With Apps (November 2012)

"Curious Hat has taken puzzle technology to the next level."

selected for KinderTown

KinderTown (November 2012)

"It's a great idea [...] getting kids to look at the real world as part of their digital play."

AppsPlayground (November 2012)
