The Chinese University of Hong Kong, Shenzhen

KEY LEARNING

AUTONOMOUS ROBOTS **DISAPPOINT**,
REMOTELY OPERATED ROBOTS **IMPRESS**!

WHAT WE DO

NOT **ROBOTS**

BUT **ROBODIES**®

a GENERAL-PURPOSE TECHNOLOGY
—like electricity, the internet
or the steam engine

TECHNOLOGY

ROBODIES ALLOW TO REMOTELY

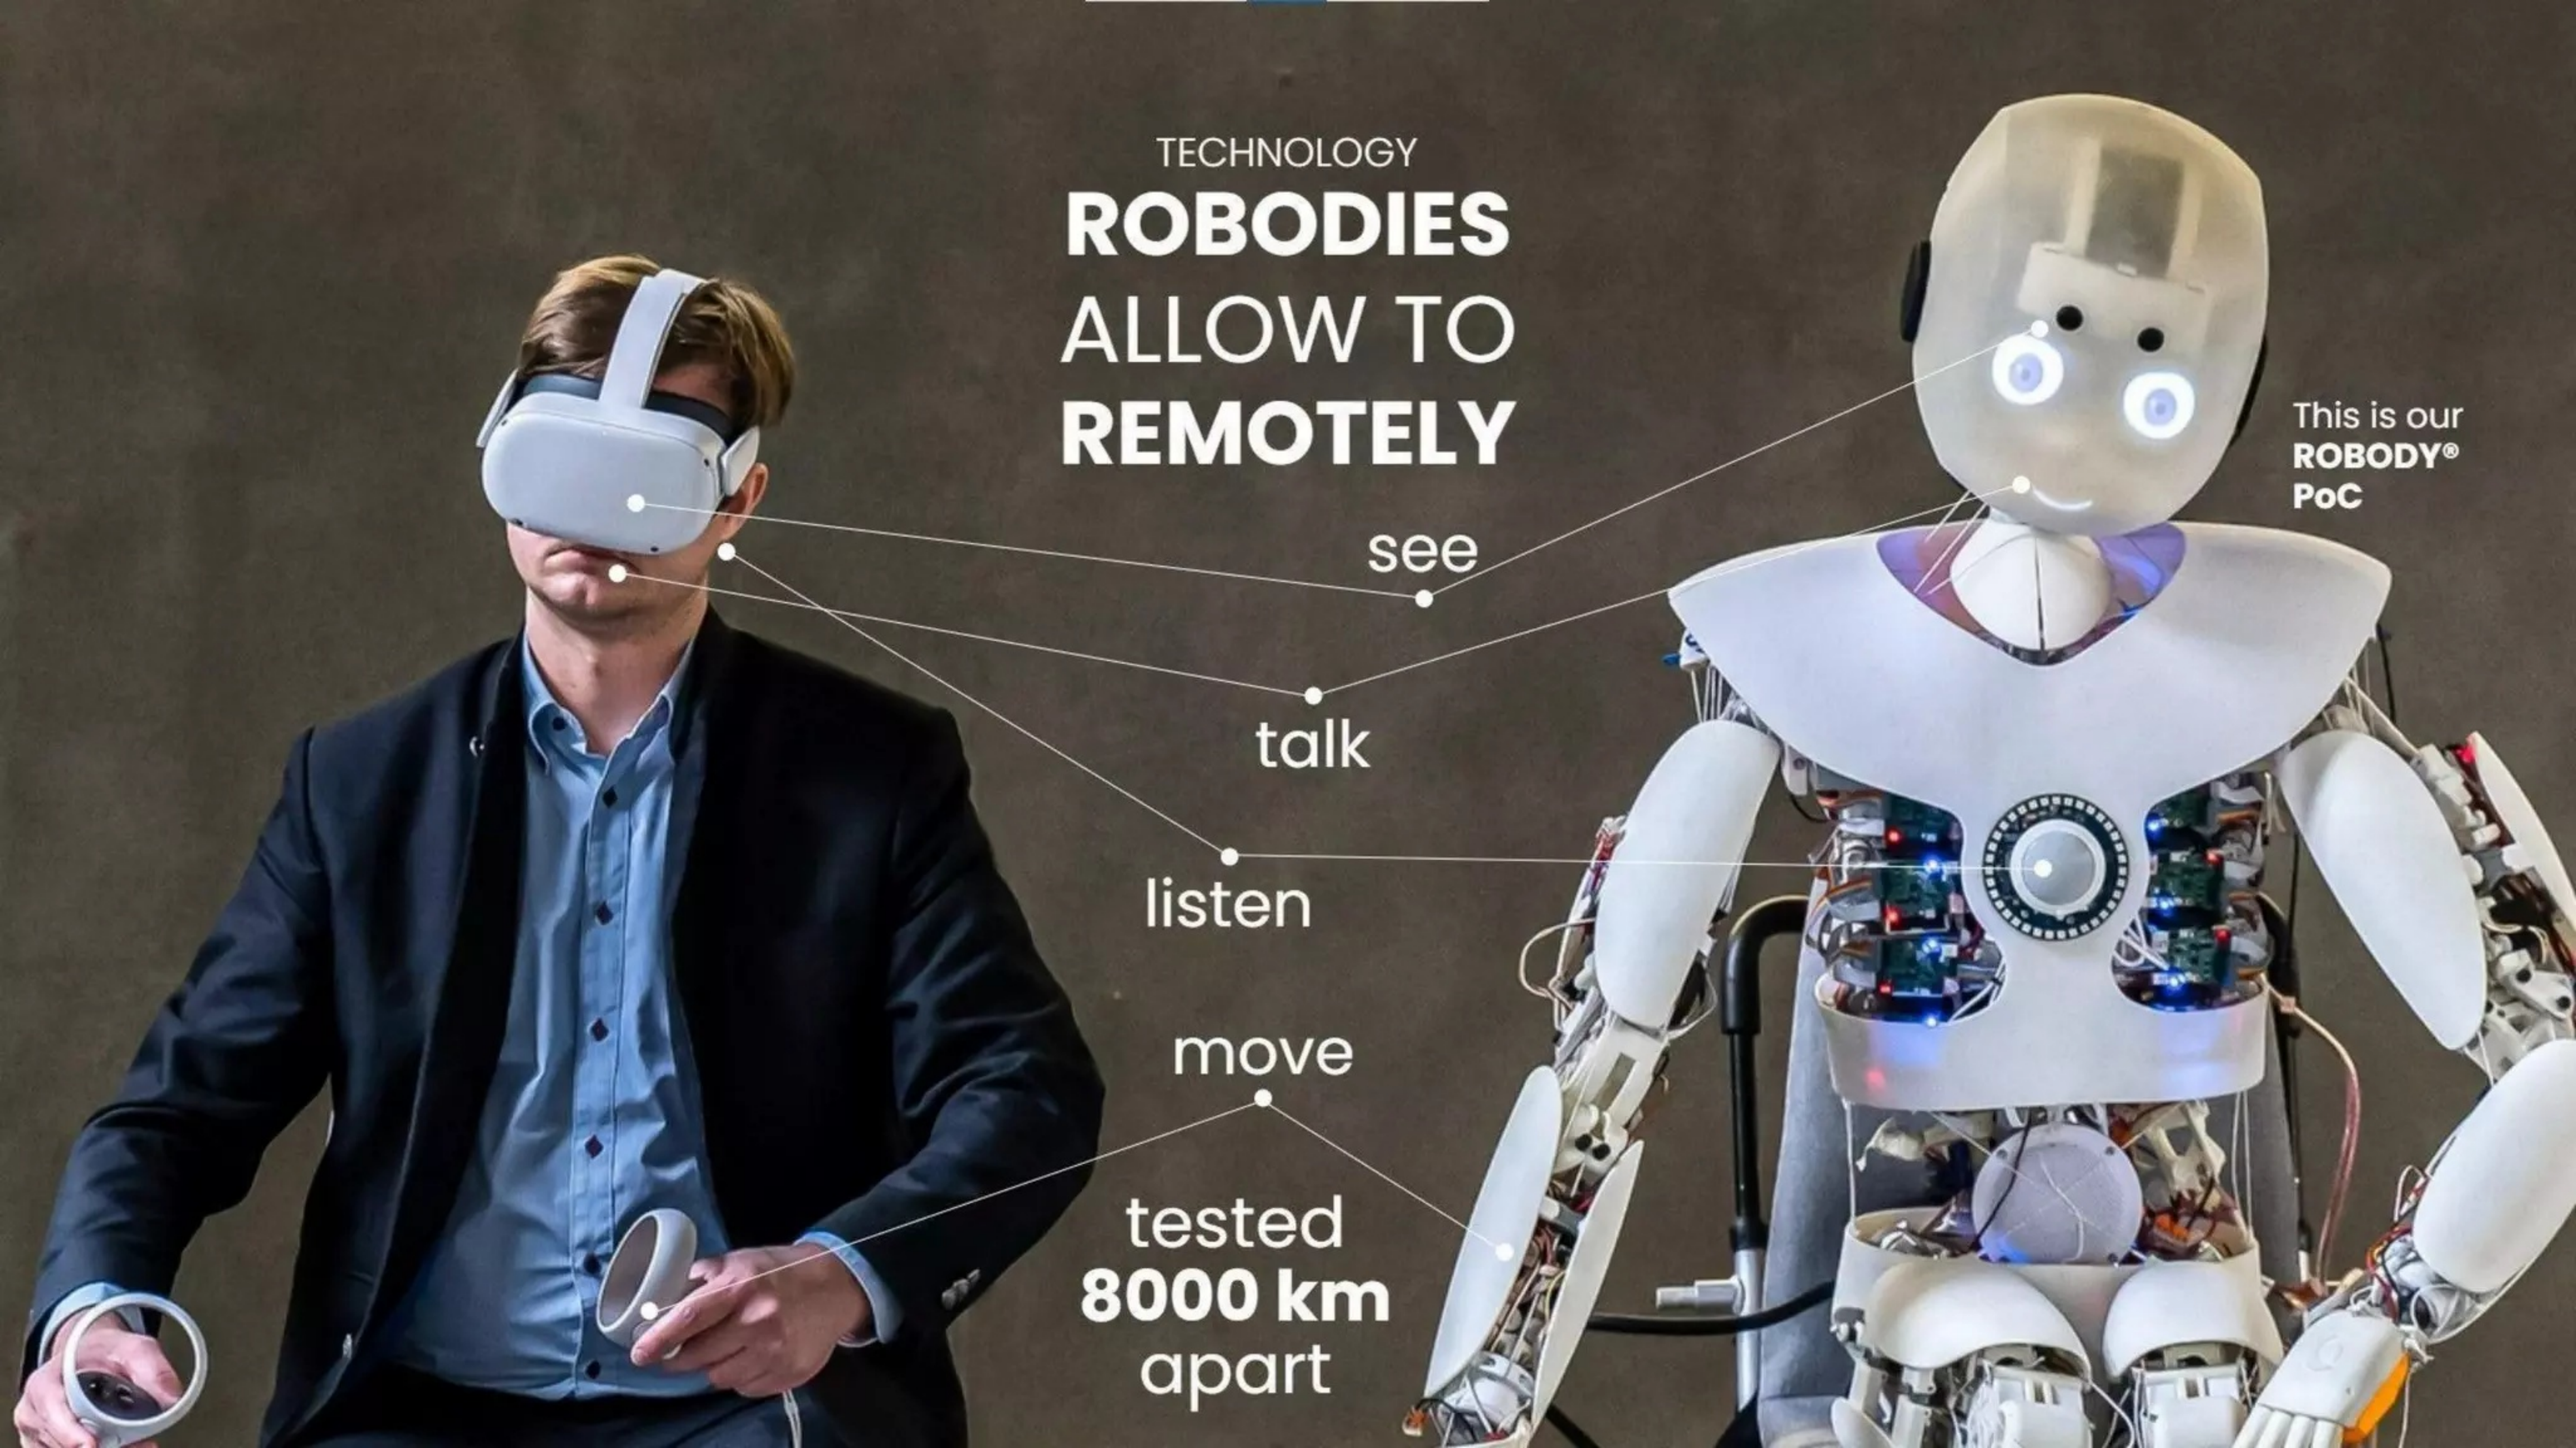

see

talk

listen

move

tested **8000 km** apart

This is our **ROBODY® PoC**

WHY NOW

TOO EARLY FOR HOME **ROBOTS,** JUST RIGHT FOR **ROBODIES**

AUTONOMOUS
INTELLIGENCE
UNSOLVED

But deployed robodies gather real-world data that is necessary to solve autonomy

ACCELERATING
PROGRESS IN **ROBOTICS**

Enables the building and control of robust and good robodies

GLOBAL
5G & STARLINK
CONNECTIVITY

Enables theremote control of the robodies from anywhereon earth

PROBLEM

NOBODY CARES

Ada, 82

lives alone
needs help
afraid of care home
can't get a caregiver

Liza, 37

badly-paid caregiver
rushed & pressured
lots of driving &
paperwork exhausted

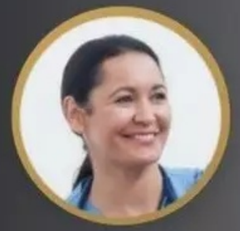

Lea, 48

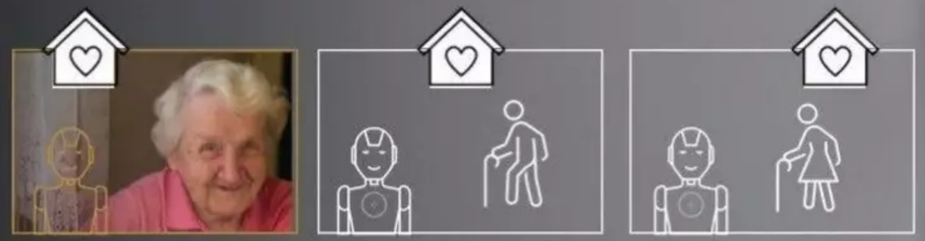

Ada's only-child
career **or** caregiving?
bad consciousness
worried & overwhelmed

SOLUTION

ROBODY CARES

Liza **works remotely** in **many homes** at a time, she's a **"10x Nurse"** now.

every home has a **robody**

Lea has peace of mind & can visit Mum through **robody**

medical personnel can visit through **robody**
