War for Talents:

everybody wants & needs benefits

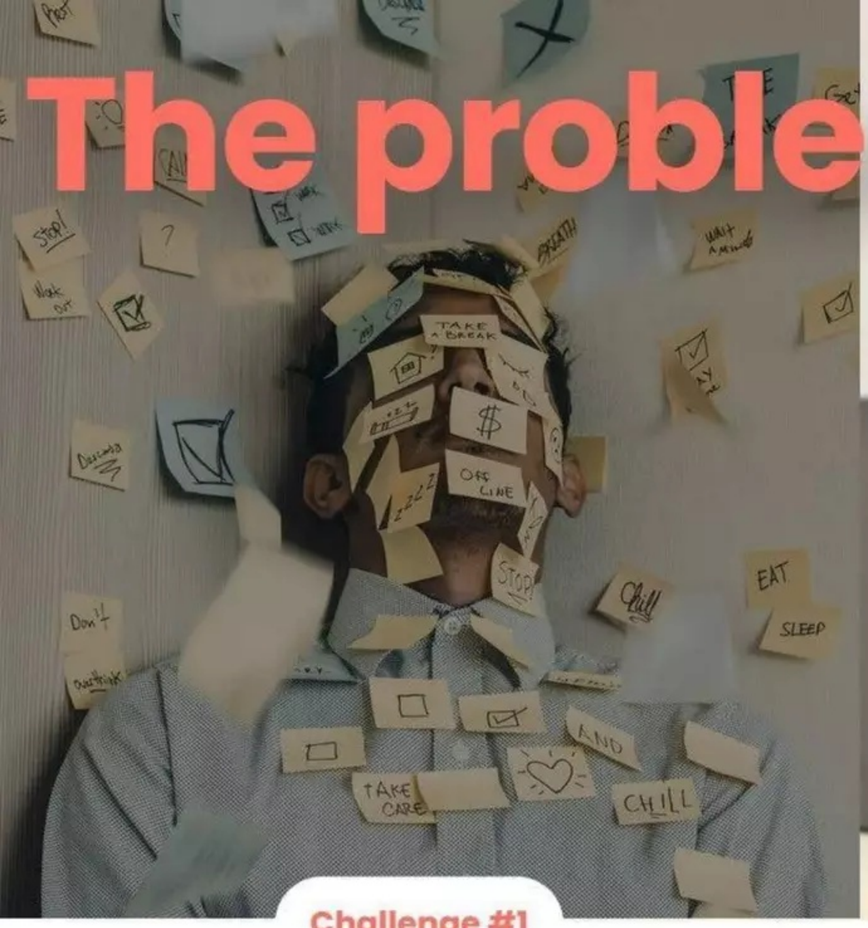

Source: Willis Towers Watson 2019/2020 Benefit Trends Survey

Benefits... easy, isn't it?!

Not at all!

The problem

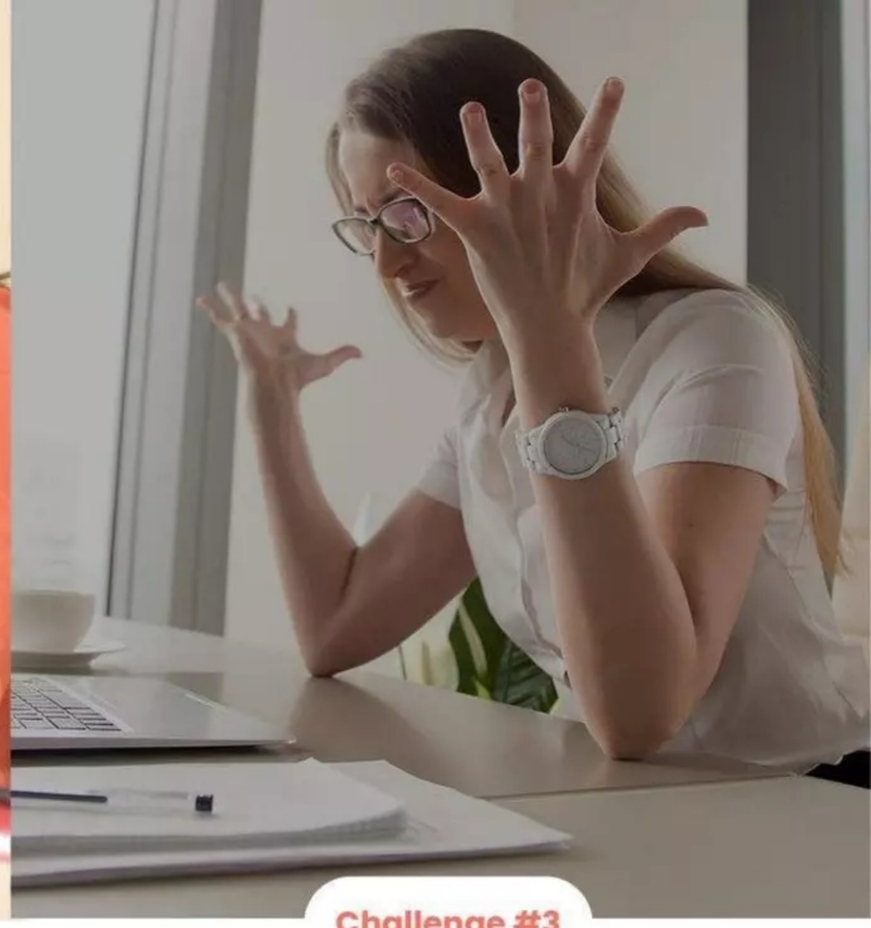

Challenge #1

I spend so much money on benefits nobody wants!
Which benefits does our company need?

Challenge #2

This is way too much paper work!
I definitely need help with my benefit management.

Challenge #3

How can I offer personalized benefits for everyone?
I need support!

It takes a 360° Solution

CEO

Let your
benefits shine!

HR

Say goodbye to
administration!

Employee

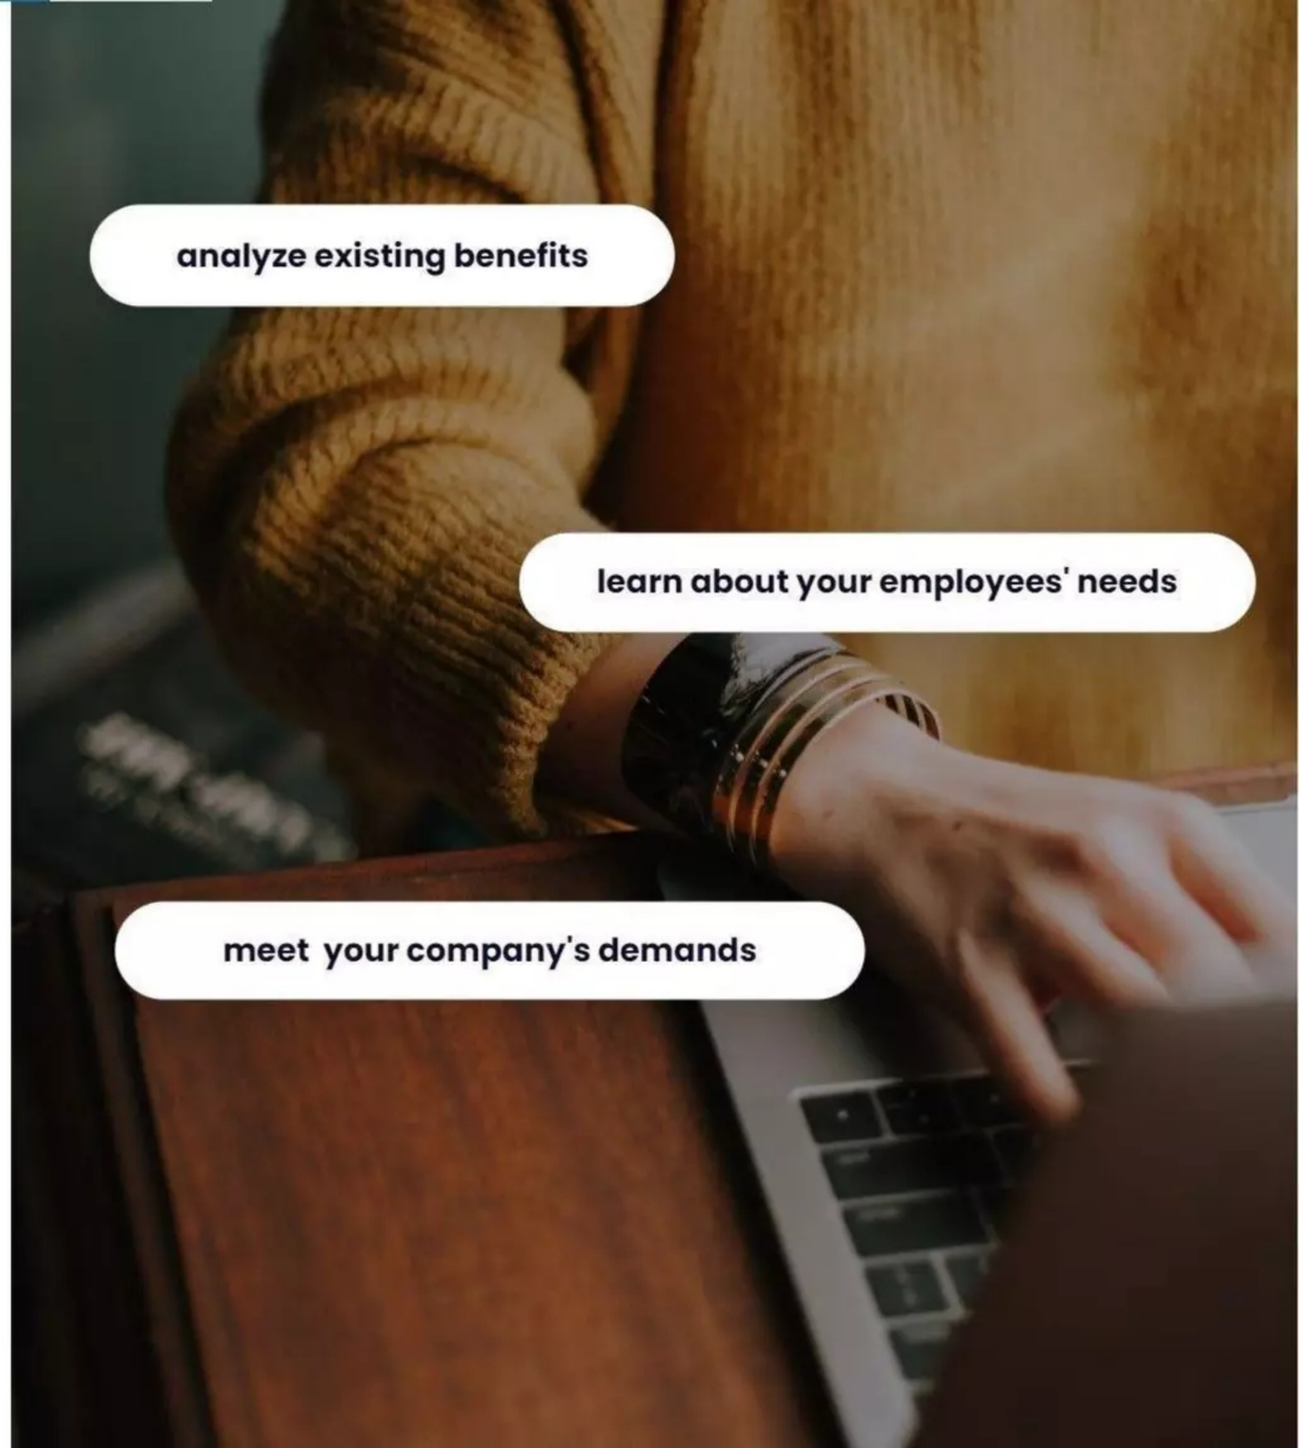

Enjoy benefits that really
match your needs!

Say hello to empl·u.

Find the right benefits for you.
Manage everything in one tool.
Make your employees happy.

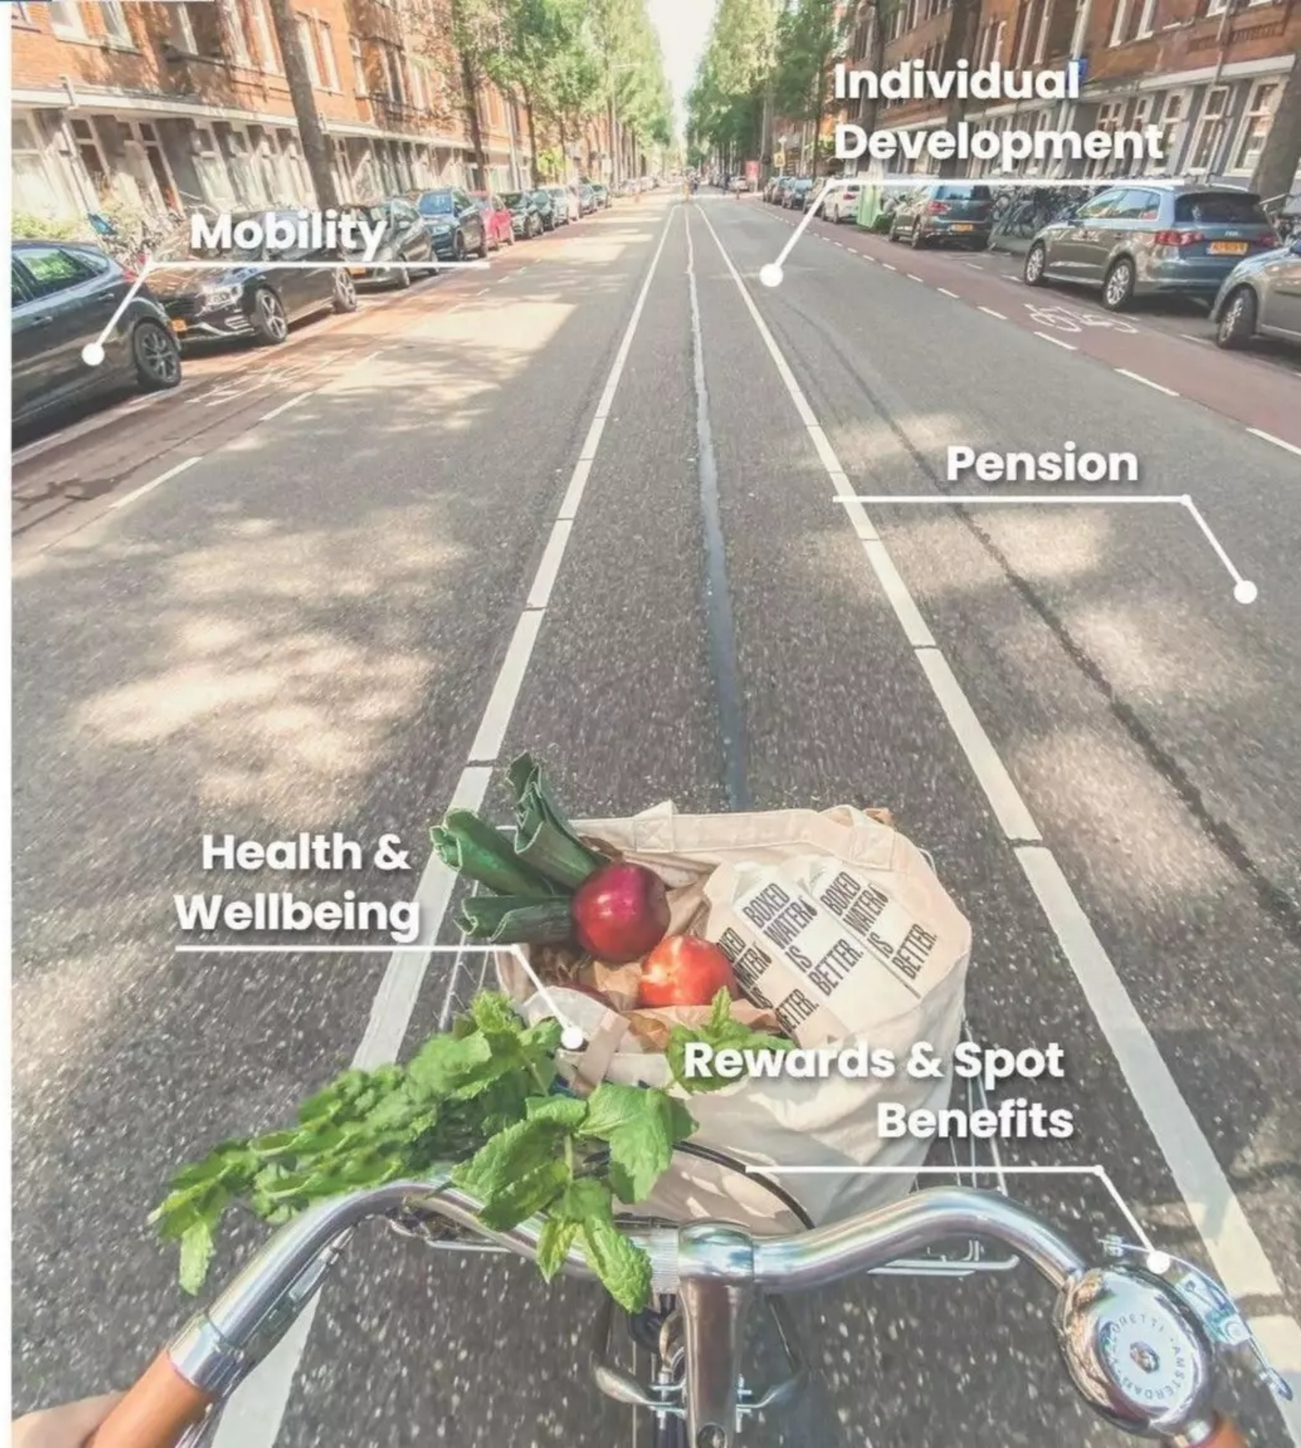

Step #1:
tell us about your challenges and needs.

We will analyze your current benefit portfolio, your challenges and needs to offer a tailor-made benefit package.
Our matching score will show you which benefits suit your employees best.

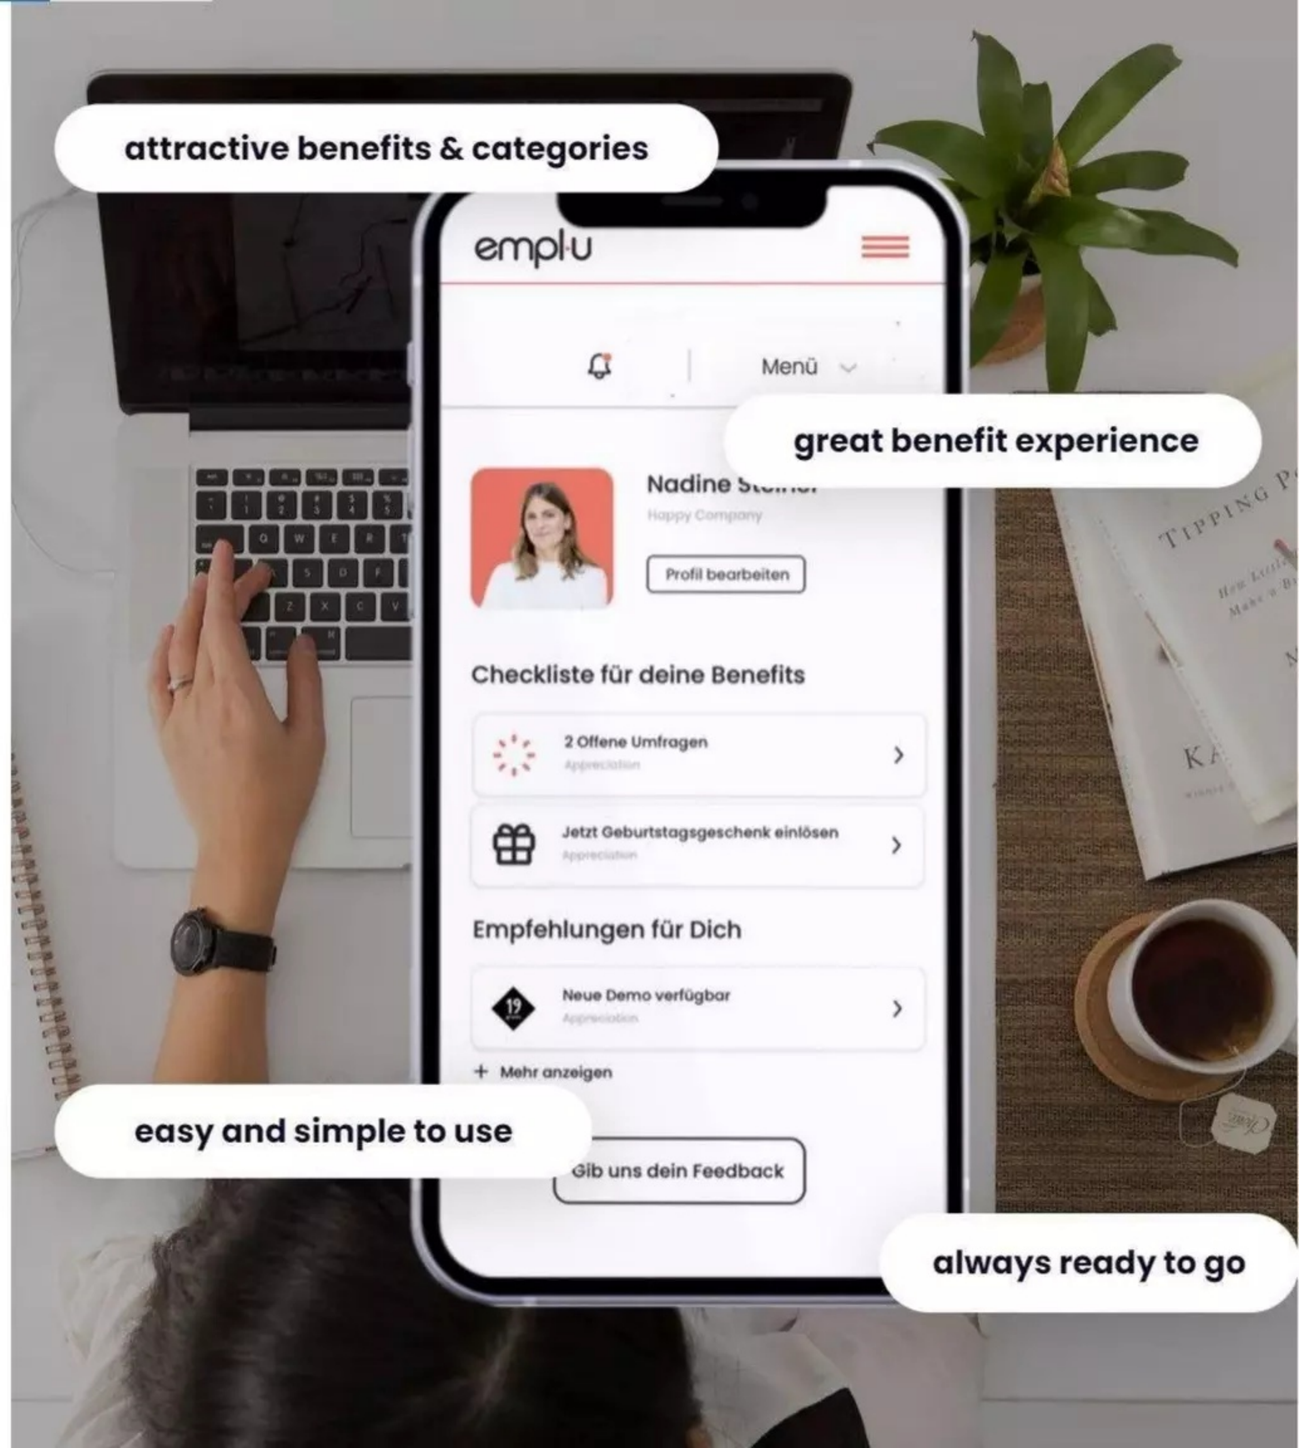

Step #2: simply set individual benefit budgets.

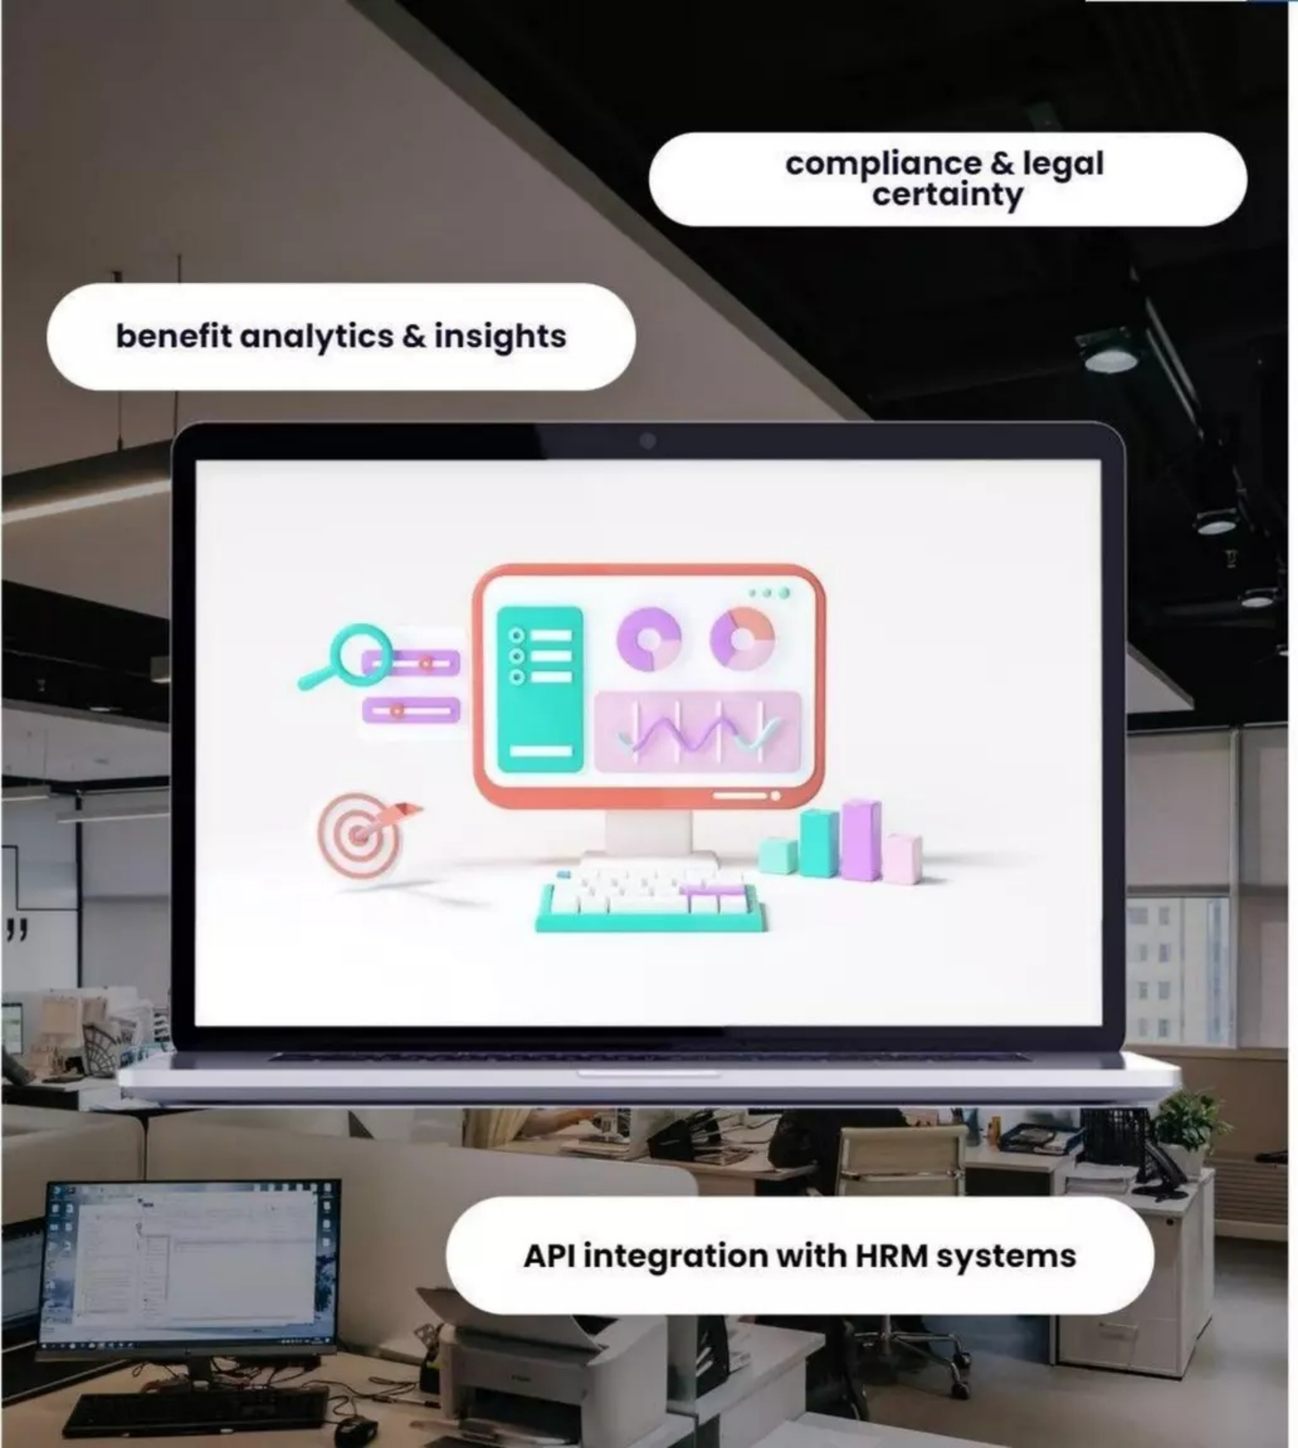

Create clusters within your company and choose benefit budgets for each category.
Your employees can decide themselves which benefits they need most.

Step #3: enjoy your personalized benefits.

Once you have found out which benefits suit your company best, your employees can gain insights into their own benefits via the empl·u platform. Also: They can simply change their benefits according to their needs.

Everything you need in one tool.
