Bank of America citibank

Fees

50-100 BPS

<$0.01-$0.10

~15 BPS

<$0.01-$0.10

175 BPS

FINIX

Companies are forced to invest heavily in stitching together piecemeal vendor solutions and developing in-house tools, which is expensive

$3-5M

Upfront Investment

2-3 Years

Time-to-Market

> $2M / yr.

Ongoing Maintenance

FINIX

Payments are the Product. Payments are Profit.

Strategic Drivers

+$3M Additional revenue per $100M processed

3-4x Increase in TAM compared to SaaS-only market [1]

UX Competitive advantage via single seamless payment solution

Example SaaS Companies

lightspeed

Kabbage

Passport Parking

CLUBESSENTIAL

1. JP Morgan report: J.P. Morgan North America Equity Research, Payments Market Share Handbook Tenth Edition

FINIX
