Where did Forethought come from?

Where I came from

The 6ix

- Born and raised in Toronto, Canada
- Obsessed with making
  - Video games
  - Solutions to everyday problems

My “personal tutor”

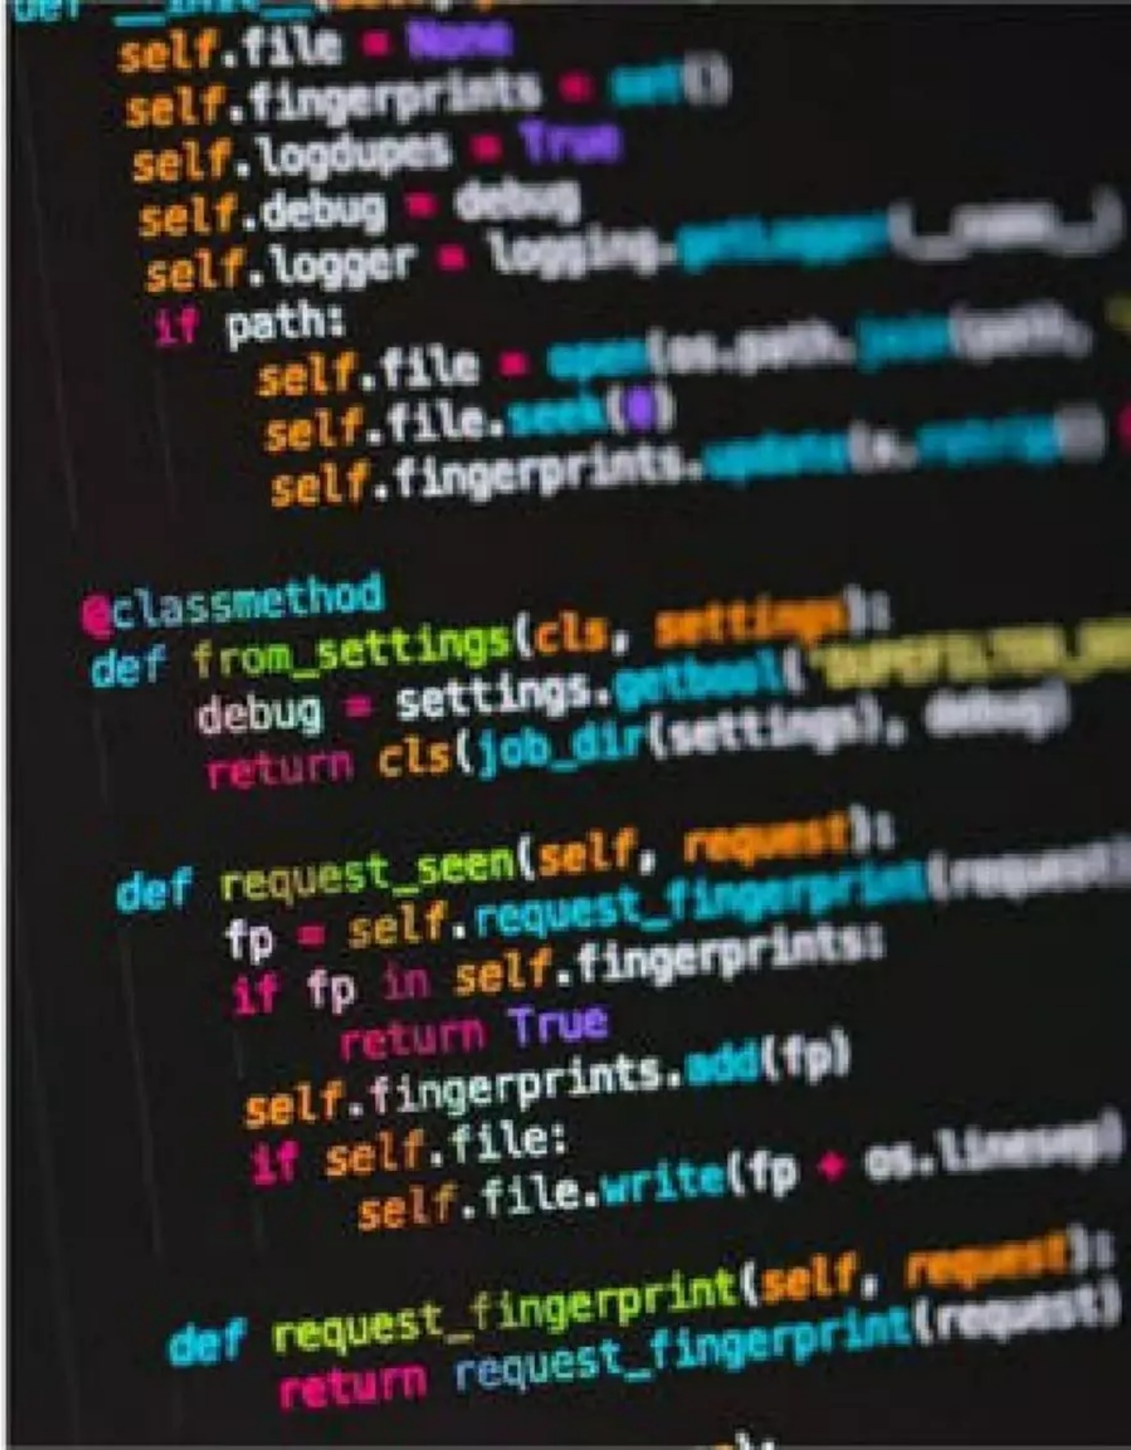

- Coding felt like a superpower
- Built my first “Artificial Intelligence” program in high school:
  - Read my history notes
  - Generate quizzes so I could study better

Birth of Forethought

Can AI help us become smarter?

- Natural Language Understanding
- AI could be applied everywhere
- Fast-forward:
  - Could AI help me as an engineer
  - Could AI help my friends who work in operations, marketing, HR, customer support?

$100B

Opportunity

Why Forethought

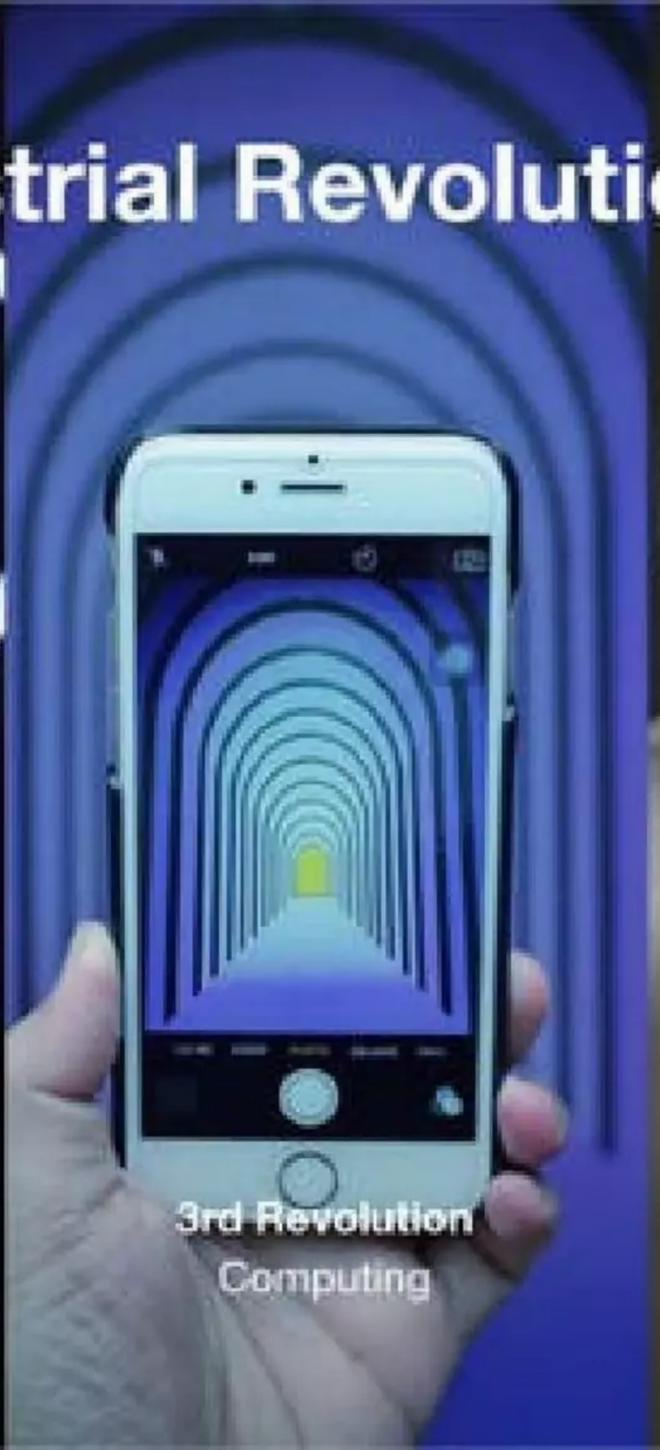

The Next Industrial Revolution

1st Revolution
Steam & Locomotion

2nd Revolution
Electricity

3rd Revolution
Computing

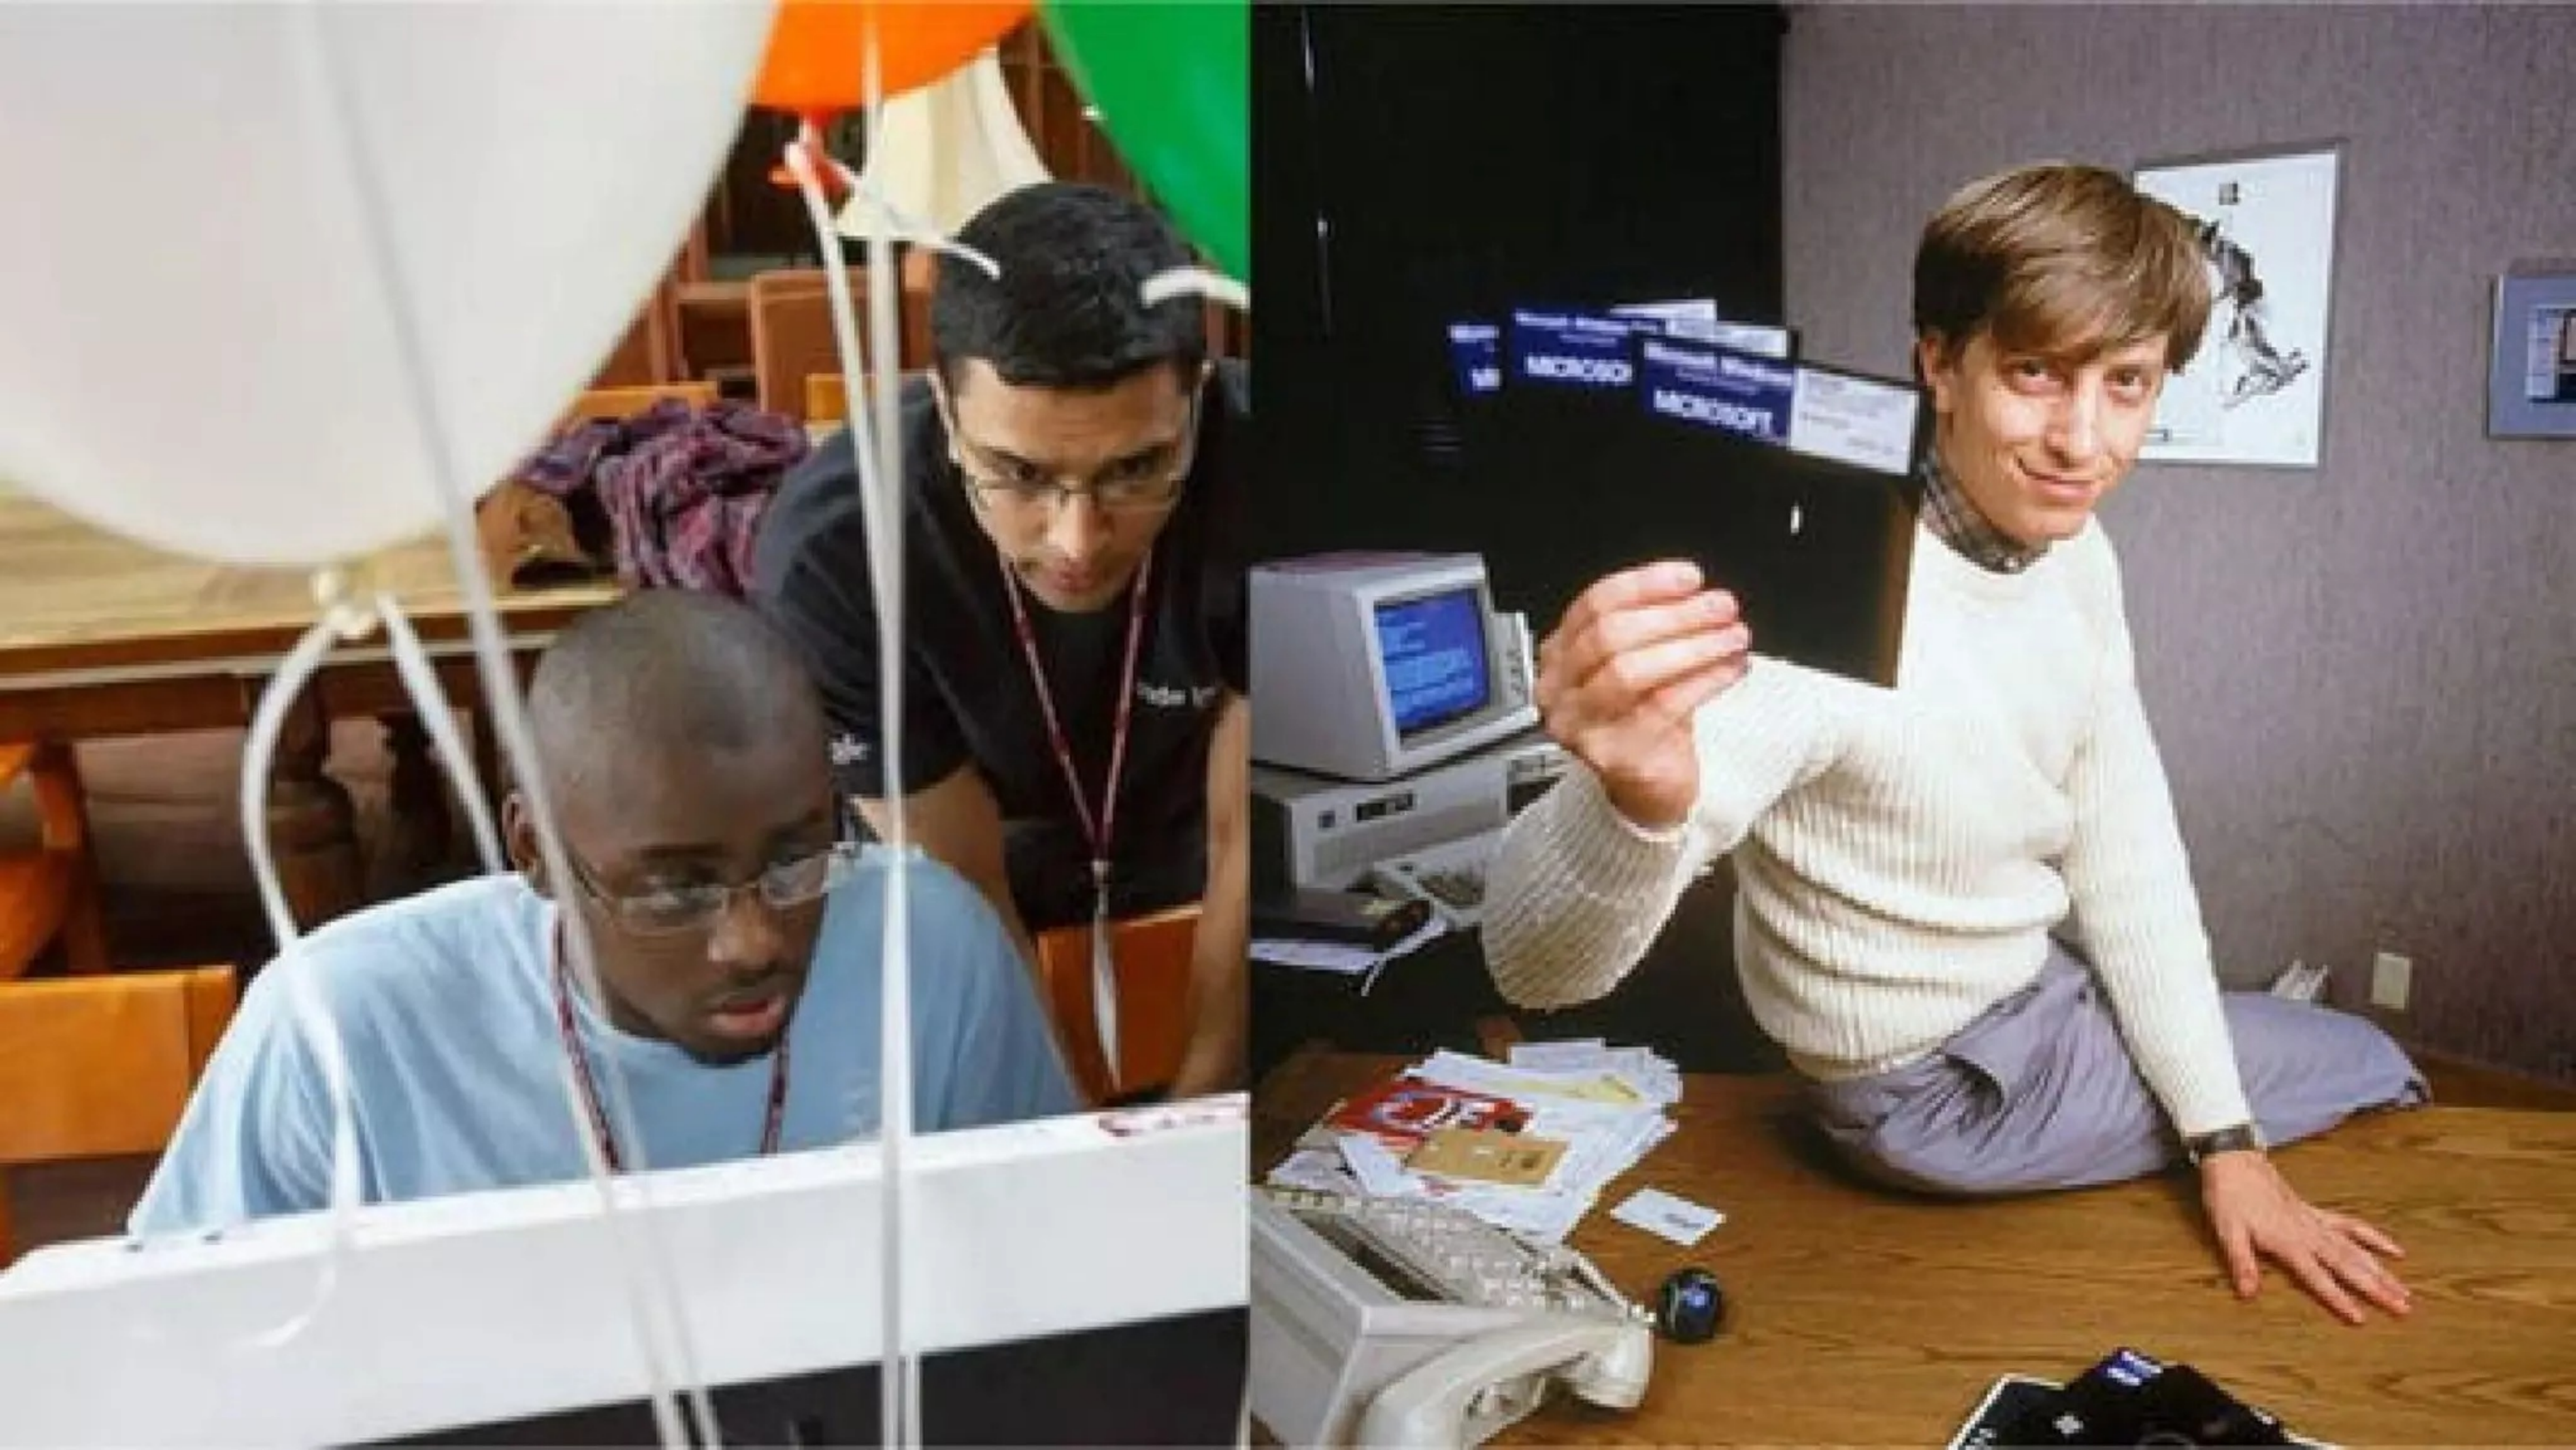

4th Revolution
Artificial Intelligence

Change the face of tech

- THIS is what a tech CEO looks like
- Inspire the next generation

MICROSO
MICROSOFT

What's Next
