MAWAVE

58% of all microplastic in the ocean is caused by paint [2]

mynt

Conventional paint damages our health and destroys the planet through:

Toxic ingredients

May lead to asthma, cancer & other disorders [1]

Largest source of microplastic

58% of all microplastic in ocean caused by paint [2]

Massive carbon footprint

Global supply chain & exploition of mineral oil [3]

Source: [1] Occupational & Environmental Medicine, [2] Forbes, [3] Nat. Env. & Poll. Tech

mynt

4 largest paint incumbents dominate with >80% market share by selling toxic, low-valued and greenwashed products.

Global production

Foreign manufacturing, high **CO2 emissions**, and long delivery routes

Toxic products

>99% of common paint (dispersion) contains **mineral oil** based ingredients

Outdated distribution

Selling paint mainly through **hardware stores** (48%) with price oligopoly [1]

Greenwashing

Intransparent declarations & use of certificates like Blauer Engel to trick consumers

Source: [1] Statista

Solution

We reinvent the whole concept of paint.

Making decoration easy and eco-friendly through digital tools and natural ingredients.

Fully sustainable & ecological concept

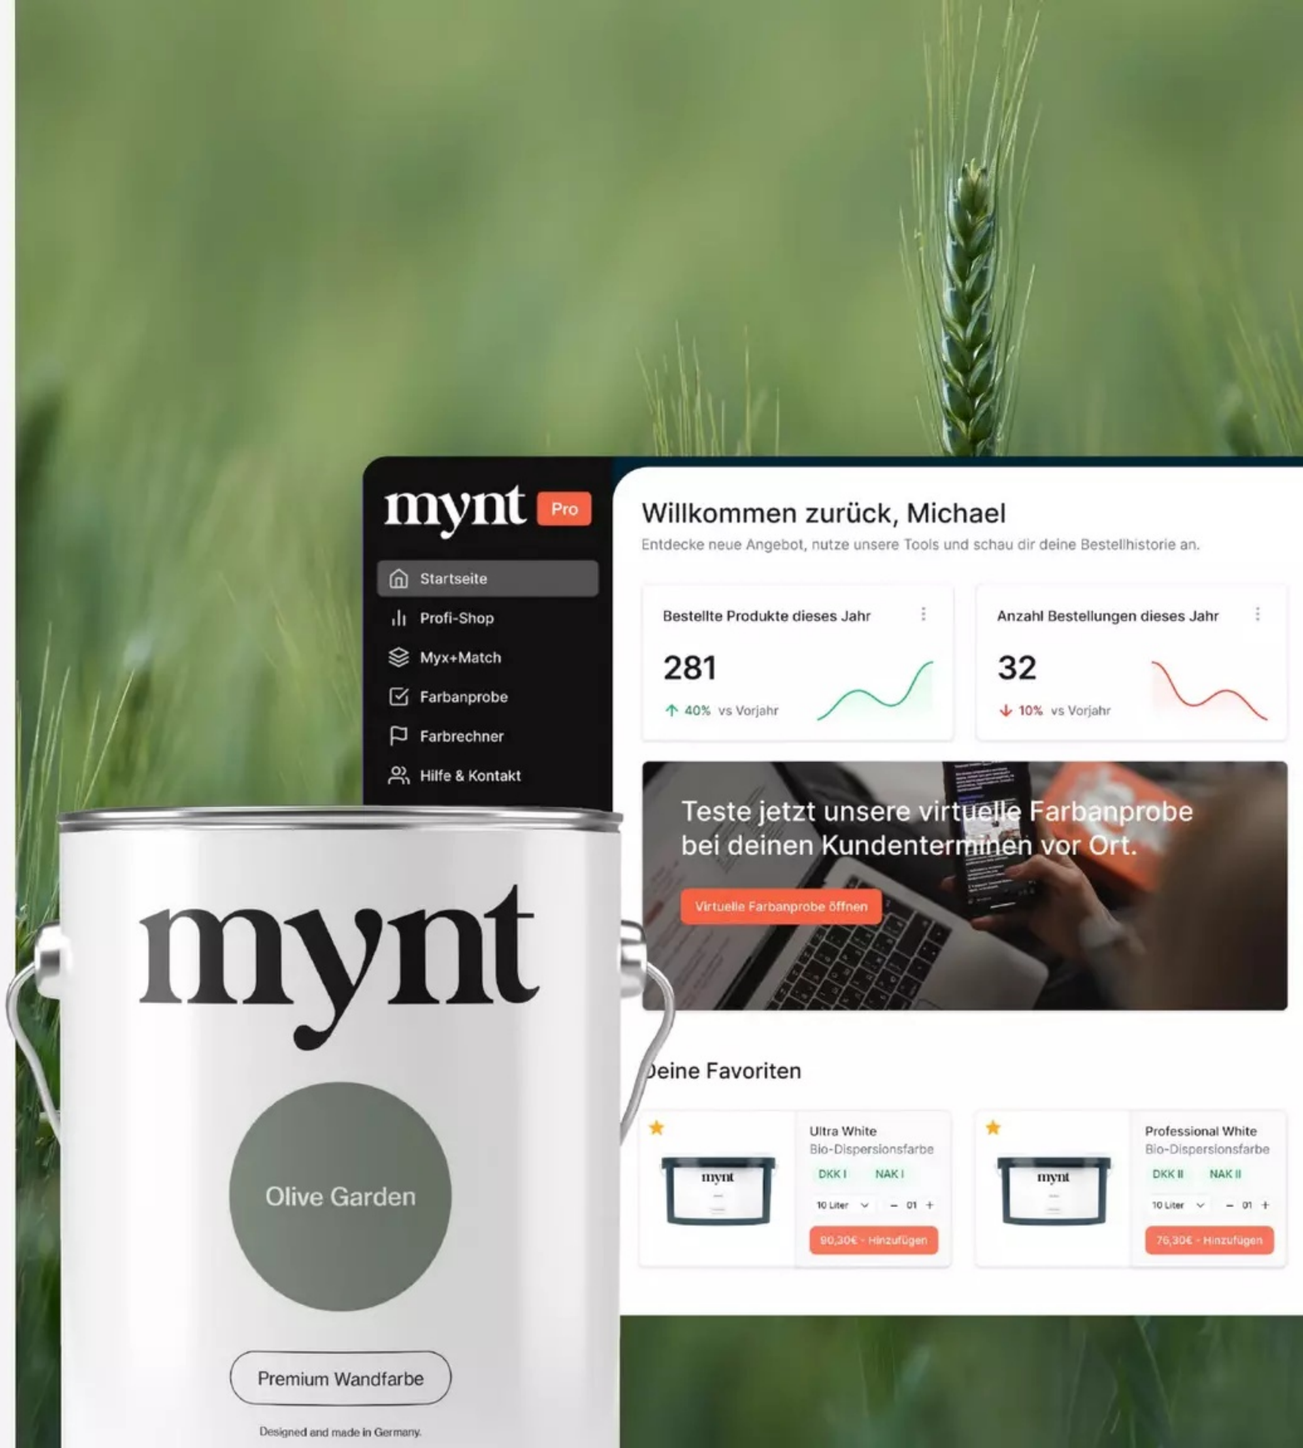

Sustainable DNA with focus on environmental impact

Tech-enabled D2C+D2B distribution

Seamless, conveniant customer journey without middle-man

Highest quality paint assortment

Durable products with above-market quality standards

Product

mynt

We improve the way people and businesses buy paint through innovative, eco-friendly products...

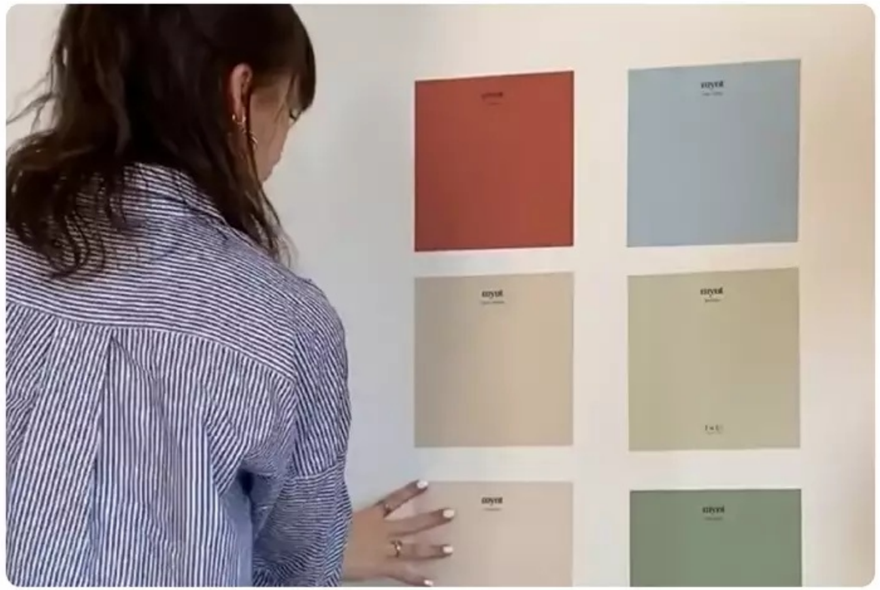

Eco-friendly paint products

Certified premium quality & biodegradable ingredients

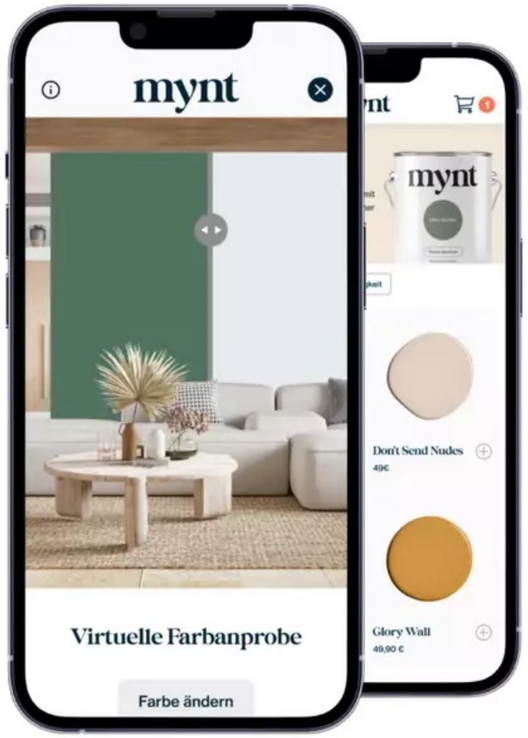

Innovative color samples

Large, colorfast peel & stick samples

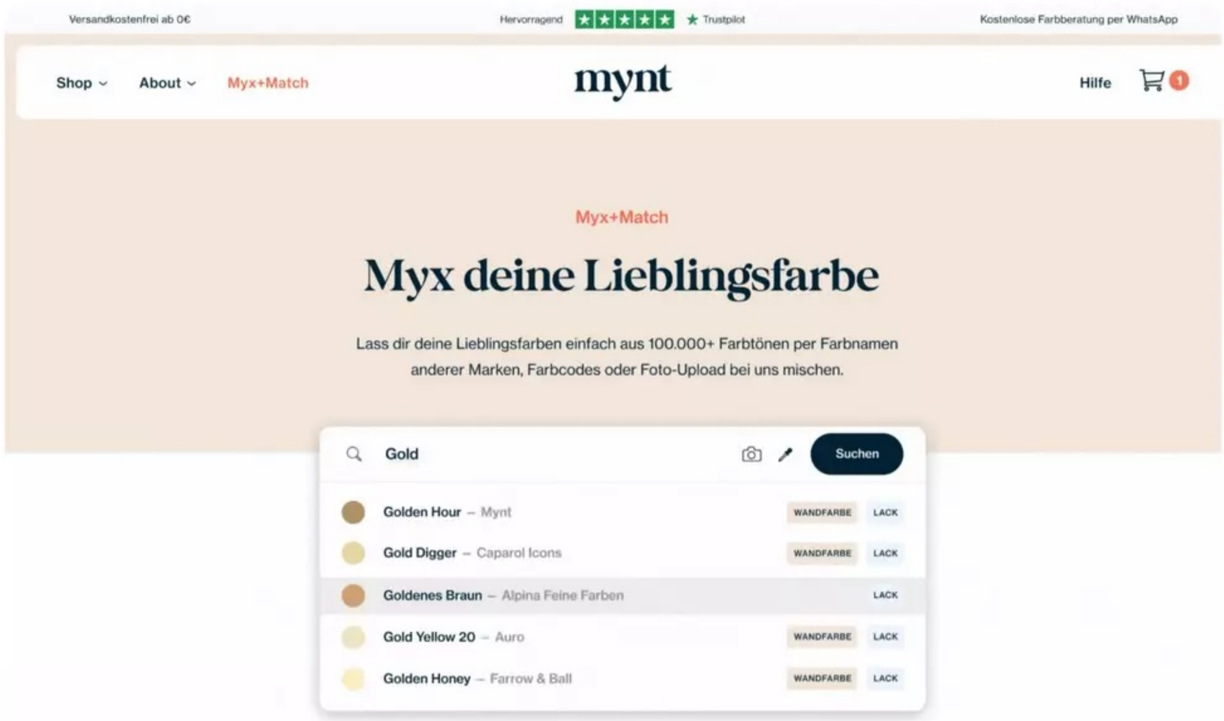

Color Visualizer

Testing colors live on walls & surfaces

Myx+Match™

Algorithm matching 100K+ custom colors

... and technology by building the first digital paint mixing solution in Europe with more than 100K available colors.

mynt

Paint & home decoration products are early in eCommerce and we cater towards two mega trends within the industry.

Outdated sales channel

Sales share of hardware stores 48%, online only at ~5% in Europe [1]

MEGA TRENDS

Sustainable consumption

57% of consumers plan to change buying habits, <5% of paint products sustainable [2]

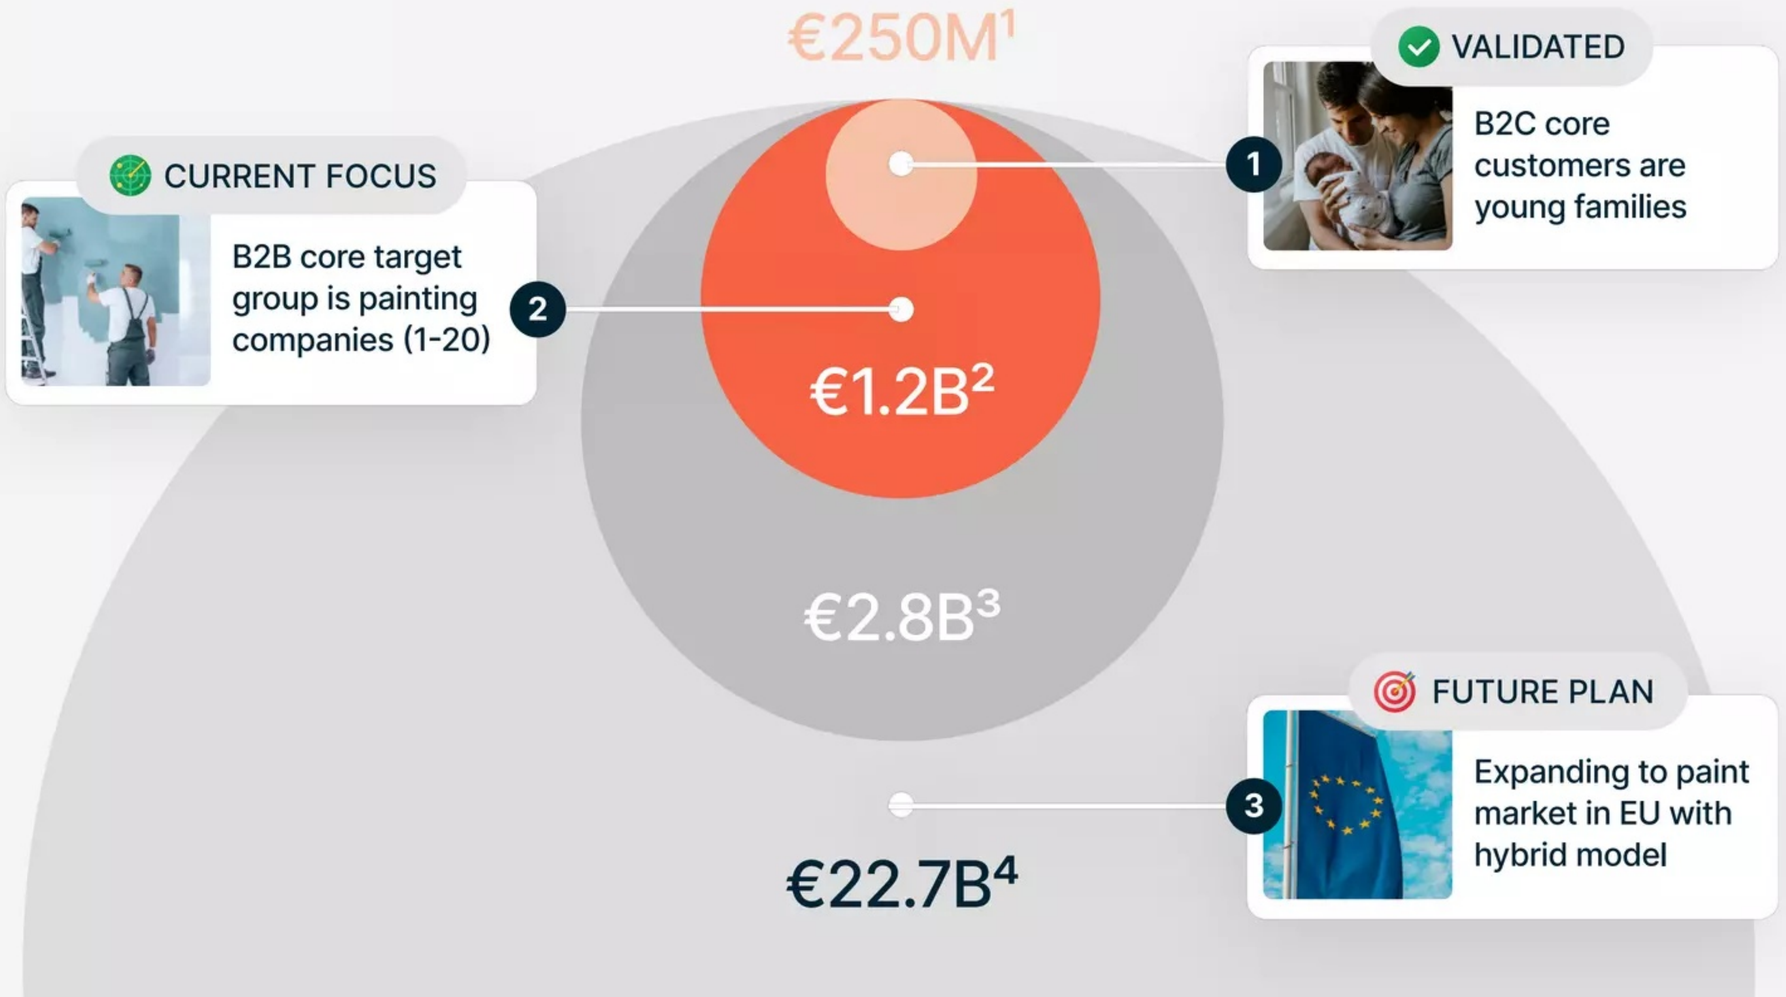

Digital adoption

The adoption rate of digital solutions will increase immensely and change customer habits [3]
