Coffee Everywhere:
A Generation Speaks
BY NATIVEAD.CO
The United States currently relies heavily on coal, oil, and natural gas for its energy. Fossil fuels are non-renewable, that is, they draw on finite resources that will eventually dwindle, becoming too expensive or too environmentally damaging to retrieve. In contrast, the many types of renewable energy resources-such as wind and solar

Lionel Messi Wins
4th Ballon d'Or
ZURICH -- Lionel Messi became the first four-time winner of the FIFA Player of the Year award after shattering the world record with 91 goals last year for Barcelona and Argentina. The 25-year-old won for the fourth straight time, beating Real Madrid's Cristiano Ronaldo and Barcelona teammate Andres Iniesta in voting announced Monday. His 91 goals topped Gerd Muel
