109% net dollar retention is the new standard

Sammy Abdullah Jun 19, 2019 · 2 min read

What is Net Dollar Retention (NDR)?

$$\frac{\text{Starting MRR} - \text{Contraction MRR} - \text{Churn MRR} + \text{Expansion MRR}}{\text{Starting MRR}}$$

Net Dollar Retention (NDR) is the new Scale-Up imperative

REVENUE DELIVERY

Revenue Delivery: the third growth lever driving NDR

Today's Revenue Delivery infrastructure is not growth-ready

Are you Growth-Ready?

✓ Growth-Ready Hosting Infrastructure

✓ Growth-Ready Go-To-Market Infrastructure

⛔ Why would you settle for **chaos** with your revenue infrastructure?

REVENUE INFRASTRUCTURE

Revenue delivery chaos is holding back scale-up

- Silos
- Requires Integration
- Difficult to modify
- Drains resources

REVENUE DELIVERY

SaaS requires a strategic

Revenue Delivery Platform

Activate new business models instantly

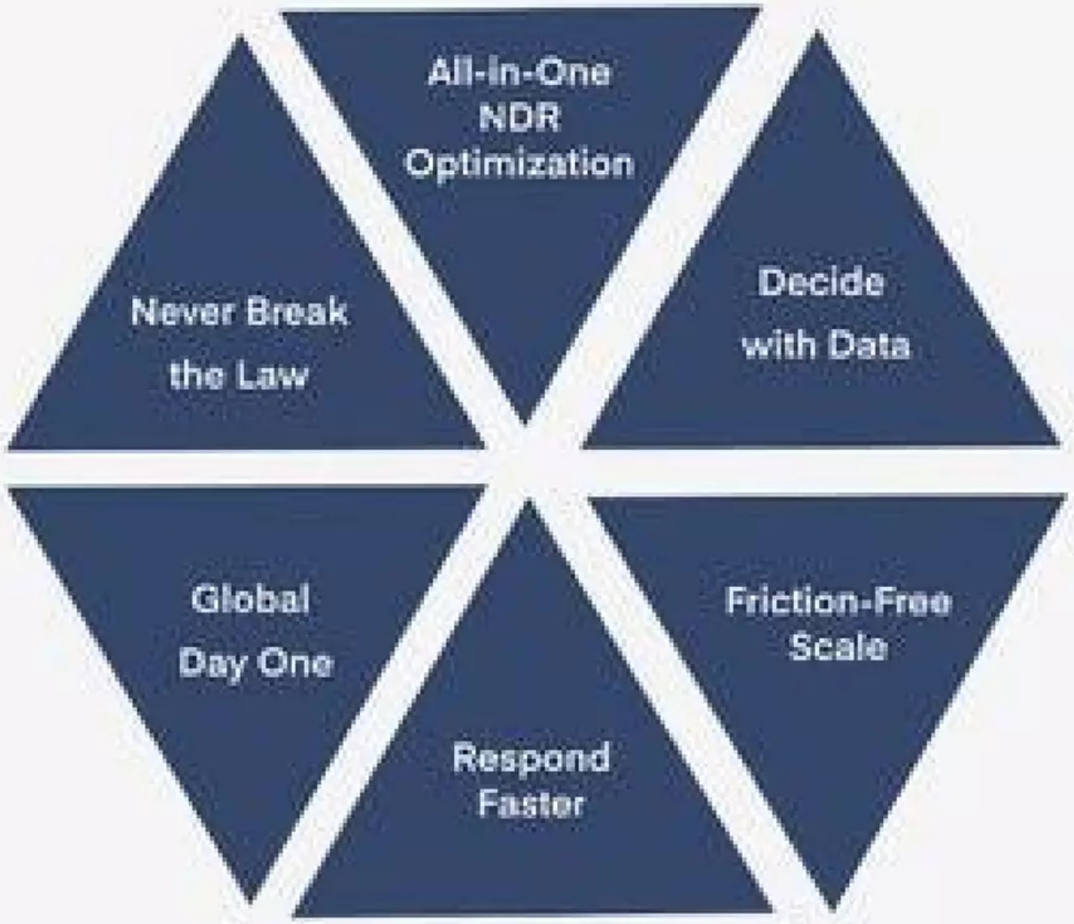

Enter new markets with ease

Turn on new offerings with one-click

Renewals become friction-free

THE 6 REQUIREMENTS

What makes a Growth-Ready Revenue Delivery Platform?

REMOVE BG

A revenue delivery platform to unlock acquisition

removebg

Kaleido launched to 42,000 customers from 181 countries in 18 months

- Acquisition and growth unlocked by the ability to acquire customers globally
- Experimented with usage billing models
- Cross-selling their second product Unscreen

FRAMER

A revenue delivery platform to enable your expansion

Framer

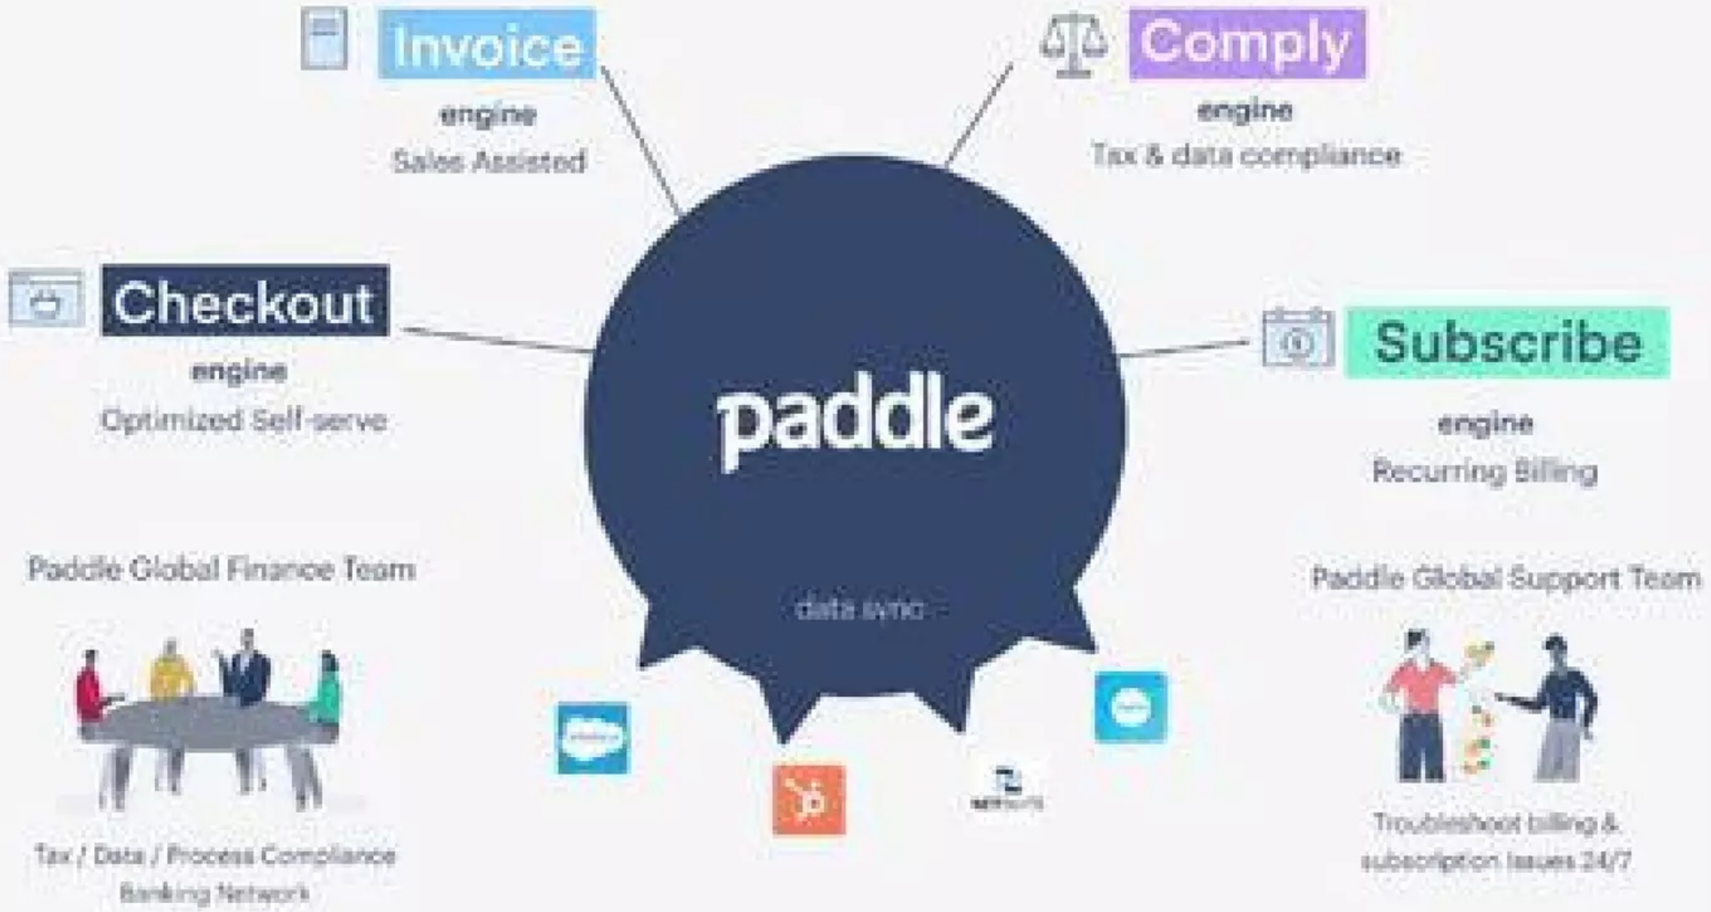

Framer moved from $15/month licenses to $100,000+ enterprise deals

- One-click add-ons of new users
- Paddle invoicing allowed for selling to bigger organisations
- Positive NDR key to successful fundraise
