GoshPosh

A simple discovery-based marketplace where anyone can buy and sell fashion merchandise using their mobile phones

Overview for Mayfield Fund
Jan 2011

Unmet Market Needs: Massive Opportunity for New Marketplace

	BASIC NEED	PAIN POINT
SELLER	Women have unwanted items in their closet that they would love to sell. Boutique stores need an online outlet to sell a portion of their inventory	Current marketplaces are hard to SELL from: *the listing process is time consuming and daunting*
BUYER	Women need a fashion destination where they can discover and purchase new fashion ideas, style tips, and products.	Current marketplaces are hard to BUY from: *they are built on search while fashion is more suited for a discovery buying process*

GoshPosh: A Simple Marketplace for Fashion

1. *The listing process is simple and engaging:*

   Users list items using mobile smartphone (iPhone) and convert the photo into a fashion quality image

2. *The discovery and browsing process is simple and engaging:*

   Users discover products through people

3. *The buying and selling process is simple:*

   GoshPosh acts as an intermediary for all transactions

Sellers Create Engaging, Fashion Magazine Quality Images on their Mobile Smartphones

Customer Feedback

"I would love to trim my closet & have an easy way to sell the items."

- User Experience Designer, LA

"Great great idea! I have always wanted something like that! You know that I will for sure use something like that."

- Fashion Designer, NYC

"Yes! Every time I post something on eBay it takes forever to do it and then nothing happens which makes me feel like I'm wasting my time. I've lost faith in the whole eBay thing. I'd totally be up for something easier."

-Executive Assistant & Mom, Fairfield CT

"So, with GoshPosh, could I finally figure out where you bought that leather jacket so I can get one too?"

- HR Professional, Cleveland OH
