PQShield
a brief overview

Dr Ali El Kaafarani | CEO & Founder | PQShield Ltd

PQSHIELD

Cryptography is older than you think

PQSHIELD

Cryptography exists everywhere - in your wallet, your car, your phone...

PQSHIELD

Problem: RSA and Elliptic Curve Crypto are easily breakable on quantum computers

PQSHIELD

Question: What impact of new standards?

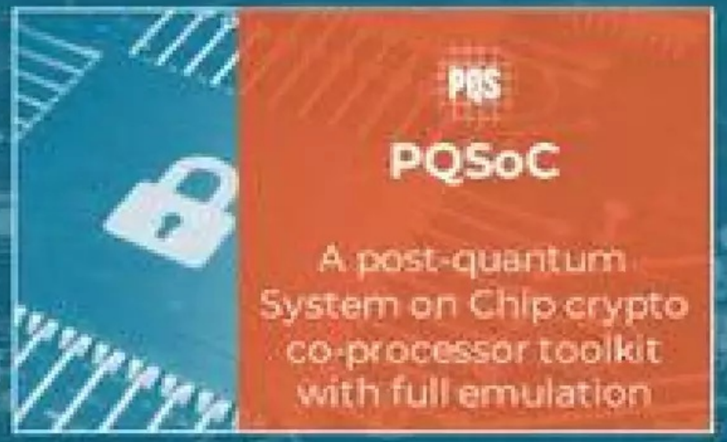

NIST How to Get Ready for Post-Quantum Cryptography

"The replacement of algorithms generally requires changing or replacing cryptographic libraries, implementation validation tools, hardware that implements or accelerates algorithm performance, dependent operating system and applications code, communications devices and protocols, and user and administrative procedures."

NIST, May26, 2020

PQShield is helping define these standards

and developing Quantum-Safe Cryptography Solutions for Software, Hardware, and Communications.

PQSoC

A post-quantum System on Chip crypto co-processor toolkit with full emulation

PQSDK

Post-quantum primitives integrated with OpenSSL API, PKI, S/MIME and VPN

PQE2E

Enabling 'data in transit' messaging solutions using post-quantum algorithms

The best technical team

PQSHIELD

Dr Ali El Kaafarani

CEO, Founder and Researcher at the Mathematical Institute, University of Oxford.

UNIVERSITY OF OXFORD

NIST Submitters

Dr Thomas Prest

From Thales. Co-submitter of FALCON, a NIST semi-finalist.

Dr Markku Saarinen

From ARM. Co-submitter of ROUND5, a NIST semi-finalist.

Dr Dahmun Goudarzi

From CryptoExperts. Co-submitter of Pyjamask, a NIST semi-finalist.

Eng. Oussama Danba

From Radboud University. Co-submitter of NTRU, a NIST semi-finalist.

Dr James Howe

From Bristol University

Eng. Kris Kwiatkowski

From Cloudflare

Eng. Maxime Plancon

From ENS Paris

Dr Rafael del Pino

From ENS Paris / IBM Zurich

The best academic credentials

PQSHIELD

Some of the most influential people in the cryptography world are on our team

Prof Chris Peikert

World expert in Lattice-Based Cryptography, the primary PQC field.

Dr Peter Schawbe

Thought Leader and main author of 8 Post-Quantum submissions at NIST.

Prof Liqun Chen

25 years of experience at HP Labs, with 100+ patents in Cryptography.

PQShield
will deliver the new global cryptography standard

Dr Ali El Kaafarani | CEO & Founder | PQShield Ltd
