ScriptDash

The pharmacy. Reinvented.

A better pharmacy experience.

ScriptDash is technology focused **online pharmacy** offering **convenient delivery** of medication.

We offer **recurring** monthly delivery by mail and on-demand delivery within a **2 hour** window.

Why now?

With Obamacare "it is inevitable that there will be a large shift in market share from Walgreens and CVS to better solutions."

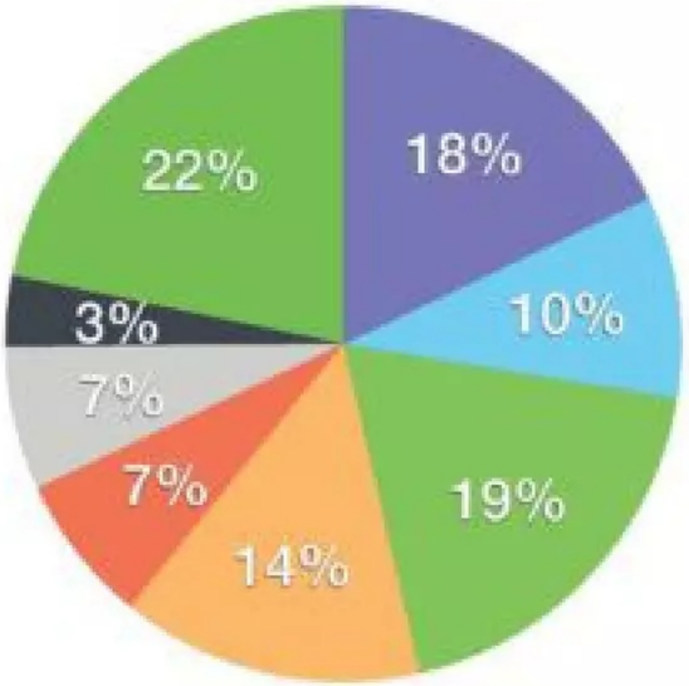

-Tom Lee | CEO One Medical Group

- Obamacare tracks improvement of patient care
- Creates financial incentives for adherence
- Calls for efficiency gains
- Opens **window of opportunity** for new entrants
