Brazil is one of the largest beauty markets in the world just after the USA and China...

600k
Beauty Salons

More than 4.4M people employed

4.5k new salons per month

The market is highly fragmented

7 out of 10 Brazilians think beauty care is a necessity

Besides that, the Brazilian ecosystem is full of challenges.

High business mortality rate

Lack of management skills

Little acess to market and businesses data

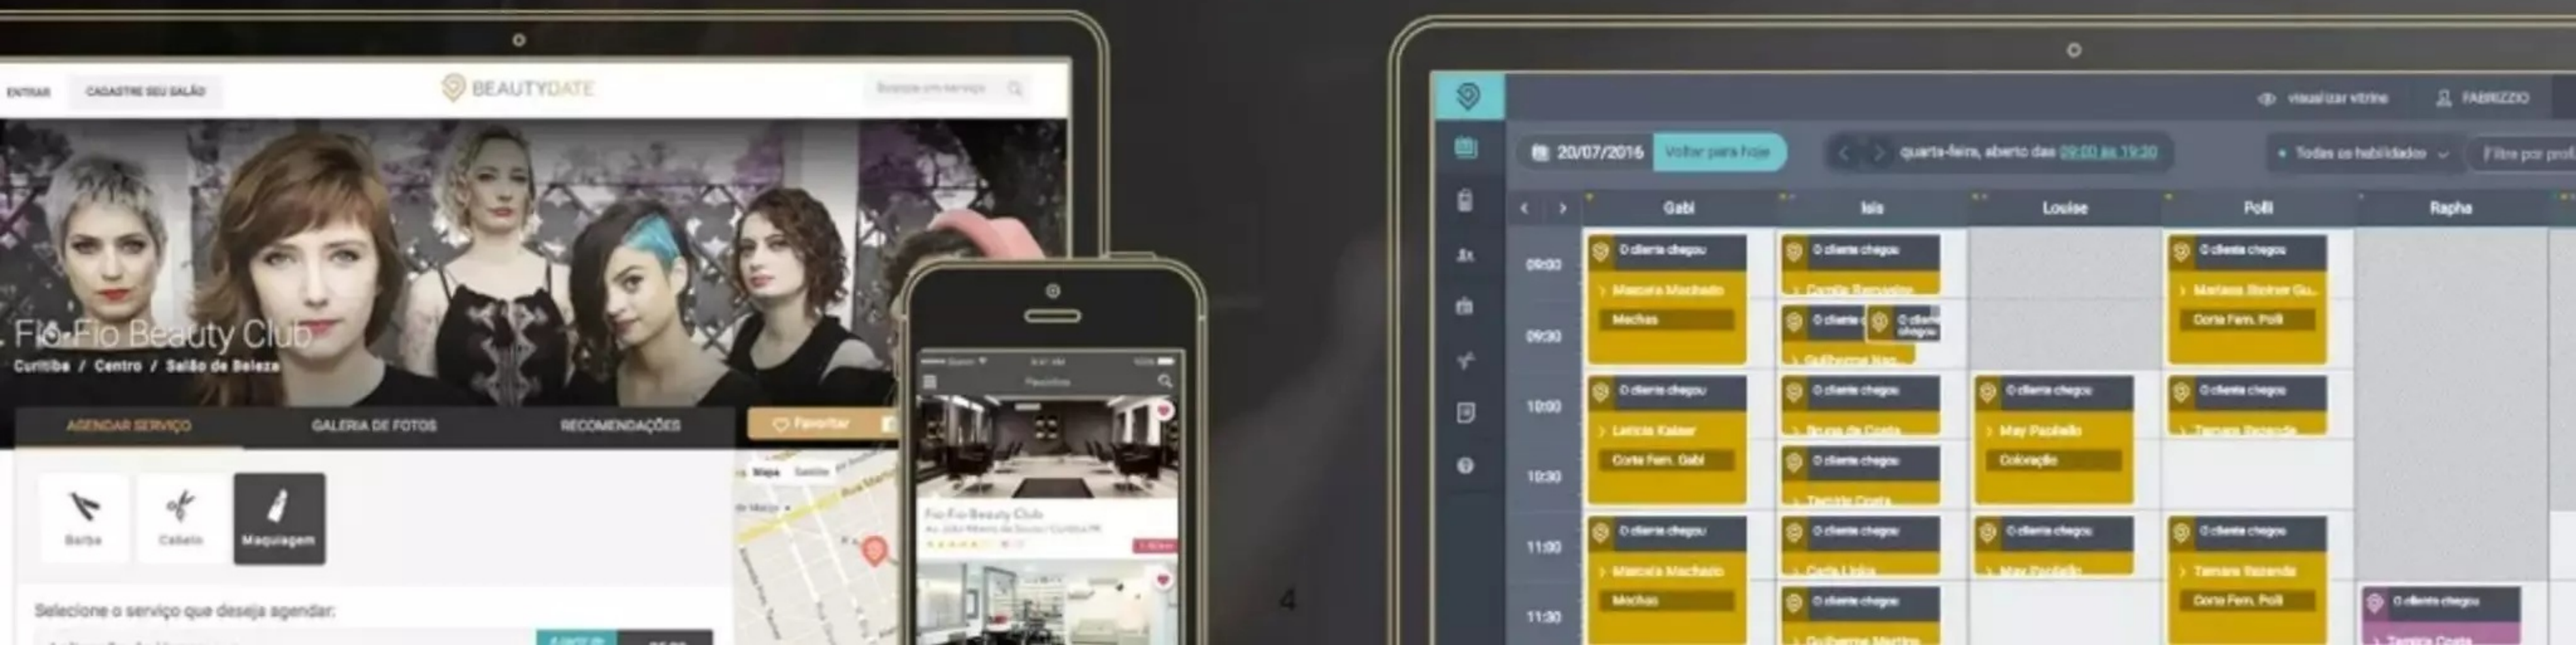

Little access to utility tools

Weak customer relationships
