Incredible Growth in 16 Months

1,050 active facilities

300 companies

12% monthly revenue growth

15% of customers from referrals

Customer Testimonials

Canix is simply night and day vs. Grow Flow. We save countless hours using the mobile app and RFID wand to manage our operation, even when offline. Customer Service is outstanding, and the strength of their engineering team really shines in their ability to add or change features by request. METRC submission is a great bonus, and CCA reporting is seamless! ”

Everything is going great with Canix!! I can't thank you enough for such an AMAZING APP that has made Metrc smooth and easier to manage!! Many of our cannabis friends always ask about Metrc and I can't stop talking about how much Canix has helped! If anything arises or thoughts to help I will definitely reach out, THANK YOU AGAIN! ”
